# CHAIRMAN OF THE BOARD

2011 was another remarkable year for The Hutchins School. A year marked by the School's continued success in all its pursuits, be it academic, sporting, arts or service to the community. To all those who participated in, and contributed to, those successes a big thank you and sincere congratulations from the School Board.

While undoubtedly successful, from the Board's perspective the 2011 year has presented a full and challenging agenda.

Throughout the year your Board has continued to monitor and refine the School's strategic plan and similar to 2010, the Board conducted another full day's strategic day offsite, where the focus was firmly on the future. But while there was a consideration of how the School should adapt to take account of changes to technology, demographics, vocational trends and how it can attract and retain talent – it was the state of the economy that diverted the attention of the Board, particularly as the year has progressed. The clear objective of the Board is maintaining an operating and capital base that achieves the appropriate balance between the current and future needs of the School. This is made all the more challenging as the economy remains volatile, potentially impacting on enrolments and future Government funding arrangements for independent schools being uncertain, both at state and federal levels.

We have also seen the economic turmoil and high Australian dollar significantly reduce international student enrolments. While not wishing to be alarmist, the funding uncertainty has the potential to create an increased financial burden on our already stretched fee paying parents. Therefore, the Board continues to be diligent in controlling expenditure and prudently allocating capital to ensure a healthy balance sheet, particularly until clarity emerges on the future funding situation.

It is for this reason that the Board has determined that 2012 will be a year of consolidation. While 2011 saw the successful completion of the

\$4.2 million Burbury House Boarding House redevelopment there will be no major building redevelopments undertaken in 2012. Instead the Board will be concentrating on finalising the Building Master Plan and renewing the School's information technology strategy.

Information technology continues to move at a rapid pace and the Board has determined that a thorough review is required with the objective of setting an IT strategy to meet the School's evolving educational, curricular and administrative needs as well as laying out the future capital investment requirements, which can be incorporated into the School's financial projections.

The Board intends to work with our close partners, The Hutchins Foundation, The Hutchins Old Boys' Association and the Parents' Association to determine how we can meet the challenging funding requirements to realise the ambitious aims of the Building Master Plan. This has already commenced with the Board having conducted a briefing to these bodies, updating them on the School's progress against the Strategic Plan. The ultimate objective is to develop a shared purpose where all these entities can work together with the School to deliver the School's objectives.

An area of increased Board focus in 2011 has been safety. While to some extent driven by the looming introduction of new harmonised occupational health and safety laws, the Board also has the objective of ensuring all staff and students are safe while at school and are able to return home safely at the end of the day. The School now maintains an OH&S Risk Register and the Board receives monthly safety reports and updates. While it is disappointing that the School incurred four staff lost time injuries for the year, the significant improvement in our OH&S process right across the School will go a long way toward meeting the Board's safety objectives.

Mr Barrie Irons is retiring as Deputy Headmaster and there have been many tributes paid to Barrie for his amazing

contribution over his 23 years at the School, thirteen of those as Deputy Headmaster. On behalf of the current Board and all the Board's that he has served so capably over the years, I extend our heartfelt thanks. We wish Barrie and Di well for the future and look forward to seeing his positive energy and enthusiasm around the School as he embarks on his new role as School Registrar.

The Board's thanks and best wishes are also extended to Mr Andrew Webber who retires after 21 marvellous years of service to the School. We also welcome the appointment of Mr Alan Jones as Deputy Headmaster and look forward to Alan and his family joining our School community in 2012.

During the year the Board also reviewed its contractual arrangements with the Headmaster, Mr Dean. Following a review of the Headmaster's outstanding performance since his appointment and after discussing and agreeing his future objectives for the School, the Board unanimously elected to extend the Headmaster's appointment to July 2015. We are privileged to have secured the services of such an exceptional and dedicated individual as Mr Dean and we look forward to his continued inspiring and strong leadership. We extend our congratulations to Mr Dean on the extension of his tenure.

In 2011 the School undertook the challenging redevelopment of the Burbury House Boarding House. Apart from a demanding building timetable, the redevelopment was also challenging from a logistical perspective with the boarders being housed and transported to various temporary lodgings around Hobart while the project was progressing. The Board would like to thank the boarders and their parents for their patience and understanding over this disruptive period and I am sure that we would all agree that the temporary displacement was absolutely worth it. To all involved in making the project a success, in particular Business Manager Ms Jenny Self, Board members Mr Chris

Holloway and Mr Charles Brothers, Maintenance Manager Mr Ken Barnes, builders Fairbrother Constructions and their contractors, Architect Mr John Button, Scouts Tasmania for assisting with accommodation at The Lea, House staff members Mr Josh Hanek, Dr Peter Wilson, Mr Adrian Finch and Ms Andrea Kooyman the Board extends its sincere thanks for getting the job done on time, to budget and safely.

The success of The Hutchins School culminates from the efforts of all those people associated with the School, be they directly employed or part of the broad band of volunteers who contribute so capably to the many varied activities of the School. To our staff I extend the thanks of the Board for your continued dedication, assistance and guidance provided to the boys in 2011, particularly to those of you who volunteer your valuable time outside school hours over and above your normal roles. To our Headmaster Mr Dean, our outgoing Deputy Headmaster Mr Irons and Business Manager Ms Self I acknowledge your continued strong and committed leadership in attending to the affairs of the School and thank you for the support offered to me as Chairman and to the Board in 2011.

To all those volunteers of the School who contribute their valuable time in many spheres be it assisting with sport, the School Fair, fundraising, the Arts, in the classroom or via our important partners, The Hutchins Foundation, The Hutchins Old Boys' Association and the Parents'

Association, on behalf of the Board I thank you. Without your continued efforts and provision of time, many of the activities you support simply would not happen, let alone achieve the successful outcomes which result from your efforts. To all those people who contributed financially I also extend my thanks. I assure you all funds contributed are put to good use and we look forward to your ongoing support.

I would also like to acknowledge my colleagues on the Board, Mrs Megan Ayliffe, Mr Charles Brothers, Mr John Groom, Mr Chris Holloway, Mr David Morris, Mrs Pam Windsor, Dr Marcus Haward and Mr Charlie Cottier. The School is privileged to have such a talented and committed team providing oversight to the affairs of the School. In a year of challenge they have continued to make significant contributions which extend well beyond their regular Board roles, providing valuable assistance and advice to the School's management in their respective areas of expertise.

During my year as Chairman I have had the privilege of attending many official and ceremonial events of the School. It is rare that I leave these functions without drawing inspiration from the boys who participate. Whether it is our outstanding School Captain Charles Haward speaking with such poise and leadership, our Orator Frank Burrridge recalling his first 'bowl of fruit' encounter with Barrie Irons; watching a footy game or a bunch of rowers on their knees scooping sheep poop to fund their next set of oars; I can

only gain the confidence that the School is 'doing it right' and feel justified in stating that the School continues to build on its proud traditions, while creating a world of opportunity for our students.

To the young men of Year 12, I congratulate you all for your respective contributions to the life of the School. As you head off in your new directions I encourage you to take advantage of every opportunity. To paraphrase the wise advice of Barrie Irons which was so eloquently recounted by Frank Burrridge at this year's Awards Assembly;

'the rest of your life will be like eating from a platter of fruit, where the fruit represents the opportunities available to you. You can try a piece of fruit but if you don't like it at first, give it a red hot go. If you still don't like it, you can put it down and try something else. But if you do like something you try, then I encourage you to eat the whole fruit.' Applying this to our leavers The Hutchins School has provided you with the appetite it is now up to you to find the fruit you like.

Please also remember you are the next generation of the Hutchins Alumni and we look forward to you being proud ambassadors of the School. On behalf of the Board, I congratulate you on your graduation and wish you well in your future endeavours.

**Lance Balcombe**  
Chairman of the Board

I am delighted to report our 165th year has been very successful but I wish to begin by congratulating the Year 12 graduating class of 2010 on their outstanding academic results. We note with pride that 34% of students in Year 12 achieved from a possible 99.95, scores of 90 or more. This is an outstanding achievement and underscores the continuing academic strength of The Hutchins School in state and national arenas.

In taking the opportunity to congratulate Thomas Lelong, Lachlan Lindoy and Christopher Ryba for being awarded the only three available perfect scores in Tasmania, I wish also to stress that the great body of last year's students were represented in first round offers to tertiary institutions of their preferred choice and our best students were recipients of International, national and state offers and scholarships from university and vocational training institutions. At the time of writing preliminary results for the 2011 TCE examinations indicate that Hutchins students have again achieved excellent results; 4.5% of students achieved 99 or more out of a possible 99.95, 24% of students achieved a score of 95 or more, 41.8% of students achieved a score of 90 or more and three Hutchins VET students were finalists in the Tasmanian Training Awards 2011.

We are proud of our teaching and learning outcomes across a deliberately diverse and challenging spectrum of academic, VET and co-curricular opportunities, and I wish to emphasise that Hutchins is a leader in demonstrating standards of academic excellence.

At Hutchins success has not only been achieved in classrooms and, while

academic pursuits are very important, so too is the careful attention to more holistic development of young boys as they develop into young men.

There have been many opportunities for involvement by students to participate in fields such as sports, community services, outdoor adventures, music, performing and visual arts and, importantly, opportunities for our students to happily seek out and make new friendships and, in a supportive and happy community, to enjoy just developing into a young man.

In this sense the launch of our Year 9 curriculum – the Power of 9 – has been an overwhelming success as we have taken the opportunity to commit to prepare better our younger men for their senior years. This is an exciting initiative in best practice teaching and learning at Hutchins.

The Power of 9 challenges students intellectually, physically, emotionally, and spiritually as they experience teaching and learning in classrooms, in the open environment and in other quite different communities and cultures. Special thanks go to Mr Ken Kingston, Mr Todd Blackhall, Mr Mark Oates and Mr Ben Duggan and all Year 9 staff for their extraordinary efforts and success in delivering this unique and exciting program.

Planning for the future of the School is the work of the Board of The Hutchins School and again in 2011 the Board has been a hard working and most supportive group. I thank Chairman Mr Lance Balcombe and the Board for their enduring support for the work we do. For example, this year with Board support and funding we completed a full internal rebuild of our boarding facility, Burbury House.

I wish to acknowledge and thank our Strategic Change Teams for their work and initiatives developed in areas of staffing, curriculum, finance and infrastructure, enhancing our community connectedness and in developing technologies and I thank all staff, members of The Hutchins Foundation, the Hutchins Old Boys' Association and the Parents' Association who have voluntarily contributed much to make successful this vital process of futures building.

Thank you too for a year of extraordinary effort to Deputy Headmaster, Mr Barrie

Irons, Head of Senior School, Mr Duncan Warlters, Head of Middle School, Mr Ian McQueen, Head of the ELC and Junior School, Mrs Jenny Manthey, Business Manager Ms Jenny Self, my PA, Mrs Carol Marshall, OH&S Advisor Mr Darryl White, HR advisor Mrs Alex Terhell and to our accounts, grounds and maintenance teams.

Our new Development Office of Mr John Devine, Ms Jenna Vance and Ms Sarah Caddick has brought a new quality to the conduct of events and has enhanced our print and electronic communications for all our community and for their tireless work we are all indebted.

The Hutchins School Co-Curricular Program has been very successful and we celebrate our:

- Athletes winning the: Junior Boys, College Boys and Aggregate Boys Championships; State Champions in Junior, Intermediate and Senior Athletics; National Championships in the Intermediate Section
- Australian Rules 1st and 2nd XVIII Footballers competed in SATIS state preliminary finals
- Basketball 1sts won the southern finals
- Badminton won the Ampol Cup and are 2011 Champions
- Cross Country runners won the Junior, Senior and Aggregate Boys Champions
- Our Dance Troupe won a Silver Medal in the Sydney Dance Eisteddfod and completed a successful tour to Singapore
- Drama again completed sell out high standard productions of *The Prime Time Crime*, *a SPA Variety Night*, *Three in the Back*, *Two in the Head* and *Pirates of Penzance*
- Debaters in Year 11 and 12 won the state finals
- Hockey First XI won the Southern Championships
- Musicians achieved success in the Clarence and Hobart Music Eisteddfods and at the combined Hutchins/Collegiate Concert at St David's Cathedral
- Rowing achieved another outstanding year in winning: The Head of the River; the Tasmanian State All Schools; the State Championship with success

in all age groups; Tobias Tenbenschel became a bronze medallist in the U19 Single Scull; Sam Heron became a gold medallist and National Champion U19 Single Scull; The Hutchins School First VIII became gold medallists and National Champions in the U19 Men's Eight and silver medallists in the Schoolboys' Championship of Australia

- Rugby players won the U14 and U18 Champions
- Sailors won the Schools' Teams Racing State Champions and represented Tasmania and Hutchins at the Australian Championships
- In Soccer the First XI won the Southern SATIS Championships and the Second XI were Southern SATIS Premiers
- Sport Shooters became State Invitational winners with outstanding performances by Christopher Jenkins who was crowned Australian Champion 2011
- Swimming teams won the SSATIS and SATIS College Championships and Boys Aggregate Championships
- Water Polo players won the Southern Schools Championships

This is an extraordinary list of successes and may be underlined by the fact that 6 Honour Badges were awarded in our Awards Assembly this year.

A special thank you to our staff led by Director of Co-Curricular and Sport Mr Wayne Brown for their commitment to our co-curricular programs. Thanks too go to our parents and non-staff coaches, managers and assistants. We have over 100 outside coaches and supporters and without the assistance of these unselfish and generous people our co-curricular programs could not go ahead.

Just noted is that critical ingredient present in all great schools and that is a dedicated, energetic and talented staff. To our Hutchins staff thank you for meeting head on a challenging year with a positive attitude towards commitment, high achievement, unselfish support, quality teaching, planning and enhancing learning, sensitive nurturing and importantly, having fun on the way. I know I speak on behalf of all students, and particularly students of Year 12, when I pass on our gratitude and sincere thanks to all staff for a job well done.

Specifically there are two men whom I regard as outstanding role models for staff and students alike to aspire to emulate.

At year's end Mr Barrie Irons, our Deputy Headmaster of 13 years and School Master at Hutchins for 23 years retires as Deputy Headmaster and takes up the position of School Registrar.

We also see pass into retirement Mr Andrew Webber. He will be about, but not as a full time teacher. Mr Webber is to generations of students and staff many things. Adjectives come to mind such as: compassionate, intellectual, kind, encouraging, manly, professional, thorough, prepared; rugby tragic perhaps, but the one resounding word that draws me to acclaim him after 21 years of dedication to students, staff and their families is the word, inspirational. On behalf of the whole school community and those who have gone before, Andrew, thank you for inspiring so many to achieve so much!

Of Barrie Irons much has already been said, more will be said but I would like to record now that it has been my privilege, pleasure and honour to have worked with him. An eternally happy, buoyant, optimistic and positive person, Barrie as a school master is the consummate professional, as a coach he is the consummate professional, as a mentor he is an indefatigable supporter but, more importantly, as a leader and as a person he is by definition a thoroughly good man – and here at Hutchins we know what that really means.

To the young men who leave us for a wider community I draw your attention to a reminder that at Hutchins our collective mission has been to emphasise that sense of self-leadership, leadership of others and service to a wider audience and I urge you to carry those attributes into your communities beyond Hutchins. The Hutchins community has worked to provide a supportive and stimulating community to develop your character and you have rewarded us and yourselves with an exceptional year of achievement. Your Year 12 2011 has seen you leading by: stepping up and committing to involvement and giving your best, especially in times of adversity; deliberately making others feel included and newcomers welcome; taking on studies and co-curricular activities with energy and being helpful to the

benefit of others; of serving others and not yourselves. Well done. We are proud of you.

What you have done here has mattered. Many of you have left behind much of which you and we can be proud, especially the lessons and standards that remain as evidence of manly behaviour for others to mimic in 2012 and beyond. Our School Captain, Charles Haward, has been the epitome of what I have just said and I congratulate and thank him and his team for an outstanding year of leadership. For these young men I have a deep respect. Year 12, like your leaders, many of you have been the expression of what it is to be a good man and for that we are pleased with what your year has achieved. I am indeed proud of you.

I am pleased to record the Student Leadership Team in 2012 is to be:

**Captain of School**

Samuel Johnston

**Vice-Captain of School**

William Fergusson

**Captain of Buckland House**

Tom Beadle

**Captain of School House**

Claude Alcorso

**Captain of Stephens House**

Lewis Nettlefold

**Captain of Thorold House**

Joshua Symonds

**Captain of Burbury House**

Stanley Black

It is my pleasure to announce that Mr Alan Jones has been appointed to commence in January 2012 as the 10th Deputy Headmaster of The Hutchins School. Mr Jones is currently Deputy Principal and Head of Senior School at Mentone Girls' Grammar in Melbourne, Victoria. Prior to that he held leadership positions at Haileybury Boys' College, Huntingtower School and Sandown High School. His teaching methods are in Chemistry, General Science and Mathematics and co-curricular activities extend to interests and participation in community service projects, marathon running, triathlons, cricket and hockey. We welcome Alan, his wife Carol and his children Shannon and Ryan into our Hutchins community.

**Warwick Dean  
Headmaster**

## STAFF MOVEMENTS

The following new staff were appointed during 2011 to replace those who left at the end of last year or during the current year:

Paul Banks – Finance Officer  
Elizabeth Berwick – Junior School  
Justin Bowman-Shaw – Modern Languages  
Sarah Caddick – Marketing and Public  
Relations Manager  
Tina Clifford – Cleaning Team member  
Tim Grabovszky – Mathematics  
Peter Lucas – ESL  
Nicky Lynch – Laboratory Technician  
Carol Matthews – Cleaning Team Member  
Kelly Mizera – Junior School  
Mark Oates – Outdoor Education  
Gloria Panton – Cleaning Team Member  
Annette Pavlik – Cleaning Team Member  
Lucienne Rickard – Art  
Jenna Vance – Events and Relations  
Co-ordinator

We welcome these new staff members into the Hutchins family and wish them all a very happy and fulfilling time at the School.

### Contract staff

Several members of staff joined us on limited term contracts to assist in the absence of staff who were on leave:  
Peter Armstrong – BEST

Rebecca Dillon – Teacher Aide  
Catherine Duffett – Teacher Librarian  
Dawn Frankcombe – Administration  
Assistant  
Monique Gall – Modern Languages  
Isabella Giles – After School Hours Care  
Megan Goves – Teacher Librarian  
Nick Hancock – Outdoor Education  
Stephen Lowry – BEST  
Cameron McDougall – Outdoor Education  
Eleanor McLeod – Junior School Secretary  
Kathryn Neasey – Middle School  
Sophia Newman – Outdoor Education  
Monique Nogajski – Middle School  
Rod Radford – BEST  
Kathleen Ramsey – Middle School  
Lesley Salter – Early Learning Centre  
Lauren Stranger – Outdoor Education  
Alison Waters – Teacher Librarian

### Burbury House

To the boarding house we welcomed Residential Tutors Matthew Hayward, Matthew Casos, Adrian Finch, Peter Wilson, Leighton Beer, Michael Egan, and Peter Wilson and GAP students Brandon Payne, Rerekohu Pewhairangi and Davis Midzi.

We thank them for their contribution to the School and wish them every success in the future.

### Resignations

During the year a number of staff resigned to take up positions elsewhere while others left us at the end of the year. We thank them for their dedicated service to the School and wish them every success in the future.  
Peter Armstrong – BEST  
Phoebe Carter – Laboratory Technician  
Matthew Casos – Residential Tutor  
Tina Clifford – Cleaning Team Member  
Megan Goves – Teacher Librarian  
Matthew Hayward – Residential Tutor  
Stephen Lowry – BEST  
Peter Lucas – ESL  
Christopher Luke – Head of Faculty – Music  
Luci MacFarlane – Accounts Payable/  
Finance Officer  
Kelly Mizera – Junior School  
Tim Polegaj – Junior School  
Suzanne Terhorst – Special Education  
Ross Towns – Science  
Andrew Webber – Religious Studies

## Andrew Webber

The Hutchins community will be very sad to see the retirement of one of our most respected and professional teachers. Andrew was a student at Hutchins from 1959 – 1965. In his final year he was School Vice-Captain and also Captain of Thorold House. Interestingly his son, Michael, was Captain of Thorold House and second son, David, Vice-Captain of the School.

Andrew was a teacher at Hutchins from 1991 to 2011. He was House Master of School House, Head of Religious Studies and Tasmanian Qualifications Authority Studies in Religion Examiner, Moderator and also Chief Marking Examiner. He was also a supreme Rugby coach and mentor. In 2008 Andrew was awarded the Inspirational Teacher Award by NEITA, an honour he richly deserved as the consummate professional.

Andrew's philosophy for teaching was very simple – dedication and competence and a love of the subject resulted in enthusiasm from his inspired students. He also believed in the reward for achievement rather than detention for failure. He challenged his students academically and encouraged them to live life in a socially responsible manner. He left no stone unturned in preparing his senior students for their final assessments which often involved a

full Sunday of revision and, of course, an enormous commitment to his marking and demanding the best from each one of them. His final lesson ended with his students forming a guard of honour as he left the room. What a dignified way to finish off the chapter.

As Head of School House Andrew was a firm believer in the importance of trust and strong relationships. He wanted boys to achieve, not just to win the Cock House Trophy, but to be men of substance. He generated a wonderful team spirit amongst the Mentors and students. Students were trained and encouraged to lead and take on responsibility, his steady hand at the helm. He liked healthy competition and this was symbolised by the establishment of the Beattie Trophy, in memory of Sam Beattie, for sporting competitions between the Mentor groups.

Andrew was the coach of five premierships Hutchins Rugby teams, always leading from the front. He was as fit as any of the boys in his squad and always demanded high standards of sportsmanship and commitment to the team. The development of their self esteem and health and fitness was as important as winning. I can remember one day his team returning from a run with snow on their collars and his comment was: "it is all character building".

He also believed in the absolute importance of community service. Many boys have travelled up the Midlands Highway with him in the School bus to build paths, plant trees or repair walking tracks. He also took Hutchins boys overseas, once with Alan Pride on the European tour of England, Italy and France, and the other time to Fiji with Father John and Jodie Schafferius. Here they worked for nearly two weeks at Saint Christopher's Orphanage in Suva after a whirlwind tour of New Zealand's North Island. Getting to know boys outside the classroom helped him build up that enormous respect he enjoyed.

**HUTCHINS**  
ESTABLISHED 1846

Andrew has been one of the most dedicated and honourable members of staff I have ever been associated with, a genuine School Master. Andrew, I hope you will look back with fond memories on your days at Hutchins as student and teacher. We will certainly miss your total commitment to all you do; thank goodness you will continue to mentor for the Hutchins Graduation Religion and Philosophy course.

**Barrie Irons**  
Deputy Headmaster

# CHAPLAIN

There is a famous photograph of the September 11 attack on the Twin Towers in New York in 2001. It was only released in 2006 due to its controversial nature. It appears that a group of five people are enjoying a lazy day in the sunshine while the background of smoke emerging from the city tells the story that 3000 people are dying. It has become a symbol of indifference and complacency for Americans and we may also heed the warning.

I believe that all our best qualities have an 'evil twin' – a downside – that we must acknowledge and avoid. As Australians we are known worldwide as a laidback and relaxed race of people for whom tolerance is a fundamental quality. 'Live and let live' could easily be our national motto. This is a phenomenal quality in disasters like floods, cyclones and bushfires. We spend little time in coming to terms with loss, quickly roll up the sleeves and get on with the recovery.

However, the 'evil twin' of this tendency is to be complacent about our position of privilege in our world. Tasmanians are in a great place – especially Hutchins Tasmanians. We enjoy extraordinary wealth and privilege which would be easy to simply accept and exploit. This is not, as I regularly say to the boys, their fault but it is their responsibility. I encouraged the boys at the Year 12 Valedictory Service to respond in three ways to this challenge.

**Acknowledge the great position in life** into which you have been born. Gratitude for this gift – especially to the Giver – is a key to life.

**Use your God-given gifts to the best of your ability** – for the sake of others, for self and ultimately to the Giver.

**Understand that you have an Eternal purpose** – the School's motto, *Vivit Post Funera Virtus* – 'Character Lives on After Death' – suggests this. The School's founders saw the role of the School in the light of their relationship with Jesus Christ and the knowledge that we will give account of our lives at the end.

### Power of 9

The Spirituality component of the P9 program was valued highly by the boys. Although the program varied for each group, the desire was to target the key areas of life to bring a greater depth and first-hand experience of questions about our purpose and significance in this world.

To discuss *Life*, we went to Cornelian Bay Cemetery, which included a tour of the Crematorium with Michael Anderson of Millingtons.

To investigate our *Freedom*, we toured the Ron Barwick Minimum Security Prison and met some inmates. The boys found this confronting but valued the opportunity to ponder the possibility of making that 'one mistake' and how an impulsive moment could change the course of their lives. Our thanks go to Rob McCafferty, the Correctional Manager at the prison, for assisting us, along with his team.

To speak of *Peace*, we visited Sabri Samson, the imam at Hobart Mosque along with a trip to St David's Cathedral to grasp our connection to the history of the Christian mission in our city.

Other events included a visit from Palawa Aboriginal Corporation and Darryl Cook from the Environment Protection Authority.

### Chapel visitors

We have had a number of visitors, including second visits from Justus Miwanda (Uganda) and Abraham from Andong province (Cambodia), to assist the boys in gaining an awareness of the poverty around the globe as well as some inspiration to make a difference to the lives of others. Perhaps the most exciting was the visit from the Watoto Childrens Choir (Uganda) who were billeted with Hutchins families and gave us a wonderful performance in September. The Iron and Clay musical group also performed for the Junior School and Middle School chapels, making connections between bullying, self-image and the Christian walk.

### Lunchtime Groups

JAFFA remained our key lunchtime groups for boys who wish to deepen their understanding of Jesus Christ. The senior group began with a musical focus and finished the year with a great core group of Year 9s who want to be a visible representation of Christ in the Senior School in 2012. The Middle School JAFFA group hosted the following annual events: Lolly Tasting Trophy (Jordan Hargrave), *MasterChef* (Nicholas Welling) and the JAFFA Cricket Cup (yet to be decided). Michael Young (Year 8) and Tom Beadle (Year 11) lent valuable leadership to these

groups along with Rev Mark Holland, who has a knack with 'out there' youth group style games. His Junior School JAFFA group enjoyed great popularity assisted by the Year 6 Chapel team.

### Two new events

Some initiatives also gave an opportunity to deepen our experience of the major events of the Christian calendar. At Easter, boys experienced *The Stations of the Cross* in the Auditorium run by the School Ministry Team. The Advent season was celebrated in the first Carols Service run by Hutchins for a number of years, with the wonderful assistance of the Choir, led by Mr Andrew Bainbridge.

### School Mission Team

The School Mission Team was formerly called the Chapel Committee. We believed that we needed to widen our visibility in the School, so the name change seemed appropriate. The team comprised Tom Beadle (Warden 2011) and Daniel McQuillan (Buckland); Francis Pascal (Stephens); Anton Roberts and James Burgess (School); Jack Fizelle (Thorold); Michael Young (Middle School); and Matthew Scaife, David McQuillan for Year 9 chapel in Term 3.

This group has done a great job and, in particular, Tom Beadle has led the team with commitment and precision. He has been very helpful, prompting the Chaplain to complete tasks forgotten and leading chapels. I am indebted to him for the encouragement he has been for the task of sharing the Gospel at Hutchins.

### Baptisms

*Archer McMeekin*, son of Tom (1992) and Selena McMeekin

*Riley Bean*, son of Kali Bean and Peter Bayles, great-grandson of Norman Bayles (1938).

### Chapel Giving

The following gifts have been donated through our Chapel program: Watoto Children's Choir (for Watoto work with Ugandan orphans) \$1400; Andong Community (Cambodia) – Abraham's ministry \$400; International Needs (Justus Miwanda)\$400; Anglicare (Hobart) and grocery item collection \$400; and School of St Jude (Gemma Sisia) \$500.

**Rev Canon Matthew Gray**  
Chaplain

## CAPTAIN OF THE SCHOOL

**I have always believed Hutchins** to be a very special school. Throughout 2011 I have been in an extremely privileged position to witness and share in the remarkable achievements of Hutchins staff and students. I have been truly astonished at what this community has been able to accomplish. There are the academic achievements in the classroom, the outstanding performances in sporting and cultural pursuits, and the important contributions to the wider community. I believe Hutchins to be a very special school because students are encouraged to strive to reach their full potential and to become good men.

**To the quiet achievers – you make this school what it is. You are good men**

*Virtus*, and its predecessors, provides an important record of this school and the achievements of those within it. This year's *Virtus* provides a record for future years, but more importantly, it allows us to celebrate the exceptional achievements of staff and students, no matter the field of endeavour. Celebrating these successes is important as it encourages others to do their best and to emulate others. But not all successes are as tangible as others. To the quiet achievers – you make this school what it is. You are good men.

Last year the School was proud to inaugurate the Ben Chuck Good Man

Award. This award is in memory of Private Ben Chuck, who lost his life while serving with the 2nd Commando Regiment in Afghanistan in 2010. This is awarded to a Year 12 Leaver voted by his peers as exemplifying all that it means to be a good man: 'strength of character, courage, belief in oneself, genuine concern for his mates, honesty of purpose and control and discipline over their deeds and actions'. We were privileged to hear from members of the 2nd Commando Regiment earlier this year and the Class of 2011 are extremely proud to be a part of this tradition.

The Prefects of 2011 were also proud to continue a tradition established in 2010, hosting an AFL Grand Final Week Breakfast in the newly renovated Burbury House. This occasion provided an opportunity for the School community to see the completion of the redevelopment of the School's boarding house, as well as hearing from Mr Brent Crosswell and Mr Bob Ansett, while raising funds for the Fight Cancer Foundation. Thank you to all who made it a success.

This has been a remarkable year, but one not without challenges. For each of us there were times when we were tested, be it in our schoolwork, our extra-curricular pursuits, or in our personal lives. Meeting and overcoming these tests and challenges have enhanced our capabilities and strengthened our character, as individuals, and as a school community.

The 2011 Webber Lecturer, Li Cunxin ('Mao's Last Dancer'), shared his story with a capacity audience in the Terence Butler Auditorium. His story demonstrated the importance of determination, mastery of self and the influence of mentors in overcoming challenges and achieving success, no matter the circumstance. These are qualities that Hutchins strives to bring out in its students.

The student leadership has tried to embody these qualities this year. I must thank the School Vice-Captain, Nanak Narulla, the House Captains and the Prefects of 2011. You have all done an incredible job this year.

To the Class of 2011 – you are a very special group of men. Our journey through school has come to an end, but this is only 'the end of the beginning'. We will continue to share the special bond that is Hutchins.

To the teachers and staff of the School – thank you for your commitment, care and sense of community. I would also like to thank the Head of Senior School, Mr Duncan Warlters, and former Head, Mr Chris Rae, for your roles in mentoring so many others and me.

This year has marked the retirement of Mr Barrie Irons from the position of Deputy Headmaster of the School. Mr Irons, I must thank you for your contribution to the School and to the development of each one of us as good men. On behalf of all Hutchins students, past, present, and future, thank you for what you have done for us and what you have done for this school.

Finally, I would like to thank the Headmaster, Mr Warwick Dean. Mr Dean, you have been a mentor and friend to me throughout this year. Very few people know how much you do for this great school. Thank you.

Throughout their school lives, Hutchins students are challenged to become good men. It has been a great honour to have held this office of School Captain for 2011. I could not be prouder to have led this school of fine young men.

**Charles Haward**  
**School Captain**

## STUDENT REPRESENTATIVE COUNCIL

The Student Representative Council (SRC) has had a very successful year in 2011. The format of the SRC followed that which had been set up in the previous year; members were democratically elected from those who had applied to stand for election. This year, five Year 9s, nine Year 10s and ten Year 11s were elected.

The SRC tested a few new ideas in 2011, including establishing 'projects' for our Year 11 members. Year 11 SRC members were to nominate a 'project' they would like to organise or lead on behalf of the SRC. Members took up various opportunities to assist and organise events such as the 40 Hour Famine, SRC Quiz Night, Mothers' Pink Cocktail Night and Blue Day for Beyond Blue. Others chose to take on positions within the SRC, such as organising communications between the students and the SRC,

helping with the *Vivit Post*, or taking a leading role in the ELC, Junior School and Middle School portfolios.

The SRC also established a new grant system, where bodies or individuals from within the School could apply to the SRC for assistance with their fundraising efforts. To date the SRC has given over \$1000 in grants to support fundraising efforts within the School. During the year, the SRC raised a total of just under \$4000.

The Council has developed more structure in 2011 and hopefully implemented some lasting changes which have improved the productivity, efficiency and influence of the Council. I would like to thank Mr Brown and the SRC for all their hard work this year.

**Allen Chen**  
**SRC President**

*Nicholas McVilly with the High Achievement Award presented to the SRC for their work with the 40 Hour Famine*

*SRC Chairman Allen Chen and SRC Secretary Samuel Johnston with Liz Rayment from Cancer Council Tasmania*

## COMMUNITY SERVICE LEARNING

Community Service is one of the ways in which Hutchins engages with its foundations as a school in the Christian tradition. Self-sacrifice and generosity are pivotal aspects of this tradition.

More than 100 students in the Senior School completed Community Service Learning but many more were involved in some form of service.

The Winter Blood Challenge was again won by Hutchins for the fifth year in a row. Zachariah Lieutier has been the first Tasmanian Youth Blood Ambassador and has done an excellent job in encouraging students to donate blood this year. Mr Chris Rae has spoken in chapel of the regular supplies of blood that he needs for treatment of his cancer and this has motivated students to be involved, remembering that this is a small but significant act for the benefit of a total stranger.

The Cancer Council's Relay for Life, World Vision 40 Hour Famine, Live Below the Line, Shave for a Cure and Legacy are just some of the organisations to benefit from the involvement of the students.

***Self-sacrifice and generosity are pivotal aspects of this tradition***

In other community service activities, many senior students took part in Mr Andrew Webber's initiative for working on the Oatlands Walking Track. A number of students attended Glenview nursing home to meet residents. They introduced them to Google Earth, assisted with the choir rehearsal and assorted activities. Some Year 12 students visited an Anglican shared house for adults with intellectual disabilities. Many more coached sporting teams, ran House

events, took part in peer tutoring, helped out at local events such as the Animal Nursery at the Royal Hobart Show and ushered for Tournament of the Minds.

**Rev Canon Matthew Gray**  
**Chaplain**

The Hutchins Foundation has seen a year of significant change and growth. 2011 saw the official opening of the new Foundation Centre, Archives and Heritage Collection and also a changing of the guard. After eight years of outstanding service to the Foundation and to the School, Mrs Jenny Inglis stepped down from the presidency of the Foundation. Jenny has worked tirelessly during this time to fulfil the mission and vision of the Foundation, to ensure the future of Hutchins by supporting the School in an ongoing capacity and creating a financially secure school where each student is able to develop their personal best'. I also wish to acknowledge the tremendous contributions of Mr John St Hill in his role as Vice-President. Jenny and John will continue on the Foundation Board and serve the Foundation and the School in the years ahead.

A highlight of the year was the opening of the new Foundation Centre which displays items of historical significance of the School, Sandy Bay and Hobart. The Foundation also provides ongoing support through the employment of the School Archivist Ms Margaret Mason Cox. The Foundation thanks Margaret for her time and efforts and those of her team of volunteers. It was fitting that the Centre was opened by Mr Andrew Kemp and Mr Max Darcey, two of the founding fathers of The Hutchins School Foundation. The sad passing of Mr Max Darcey in 2011 is a great loss. He will always be remembered as a great servant of the School and the Foundation, an outstanding Hutchins man and the perfect gentleman.

The Hutchins Art Prize Committee has had a busy year. In August they held an Art Auction with funds received allowing for the purchase of new work to add to our collection. The major event of the year was the 2011 Hutchins Art Prize. Under the chairmanship of Mr Peter Forbes-Smith the HAP Committee ran an excellent event that attracted over 300 entries with the finalists displayed at the Long Gallery, Salamanca. We congratulate this year's winner Helen Wright for her relief print, 'The Exquisite Corpse of a Seaweed Man.' Many thanks to the Hutchins Art Curator Mr John

Ancher, for his work in organising the Art Prize. His contribution ensures that the exhibition is of great significance and continues to play an important part in the Tasmanian art scene.

The Membership and Fundraising Committee led by Mrs Jenny Inglis has worked throughout the year to produce new materials and information about the work of the Foundation. The Committee is also responsible for the Annual Appeal which continues to be the School's major fundraising activity. The Appeal provides an opportunity for our community to support the School financially enabling the growth of the scholarship and building funds and the purchase of library resources.

The Foundation is proud to support the endeavours and dreams of Hutchins students through the Build Your Dreams Program. In 2011, eleven students were chosen to receive an award of financial assistance to pursue a range of interests ranging from music to debating, from audio design to scuba diving. The Foundation is also pleased to continue supporting the activities of the Old Boys and events through the School's Anniversary Week. The Tasmanian, interstate and international reunions give Old Boys an opportunity to continue their connections with Hutchins. Anniversary Week allows us to celebrate our successes as a community. A highlight of Anniversary Week is the luncheon for past and present chairmen of the School Board and presidents of the Old Boys' Association, Parents' Association and Foundation.

Association, Parents' Association and Foundation.

The Foundation acknowledges the work of the new development office as it supports the vision and mission of the Foundation. Sincere thanks to Mr John Devine, Director of Development, and his team for assisting the Foundation as we continue to grow and develop. The Foundation is pleased to support the *Magenta and Black* publication and acknowledges the efforts of its editor, Ms Sarah Caddick.

Under the leadership of the School Board and through close association with the old boys and parent bodies, the Foundation continues to meet our mission and vision. With the ongoing support of the entire Hutchins community the Foundation will continue its important work into the future.

**Mike Harris**  
President

*Foundation Board*

*Mrs Jenny Inglis and the Build Your Dream Program award winners*

# PARENTS' ASSOCIATION

**The spirit of Hutchins is evident in our school events.** When one remembers the excitement, enthusiasm and enjoyment had by all who attended our School Fair it shows that our community is strong and dynamic.

The Parents' Association has had a busy year with three major events: the Magenta and Black Cocktail Party, the School Fair and the Hutchins Race Day. All were well attended, enjoyable and provided funds to directly benefit our boys.

The Magenta and Black Cocktail Party was run in association with the Hutchins Foundation Art Auction. As part of Anniversary Week celebrations the Terence Butler Auditorium was transformed. A highly enjoyable and successful evening followed with art to be viewed, live music to be enjoyed and inviting cocktails to be consumed.

The Hutchins Race Day was held as part of the Tasmanian Spring Racing Carnival, at Elwick Racecourse. This was the third year for the event and it brought together staff, parents and supporters of the School. An enjoyable day was had by all, as we 'dressed to the nines', enjoyed a refreshment or two and cursed our luck as the horse we had bet on trailed the field.

The social highlight of the year was certainly the School Fair. After a false start due to weather in March the Fair came to life in spring. The wait was worth it. The entire school community came together for what proved to be one of the best fairs ever held at Hutchins. The oval was full with excited children as they enjoyed the hurricane, geewhizzer, sumo suits, board riding and the dunking machine. The roast rolls, sushi and fish and chips were as popular as ever and the Old Boys' Bar was well supported. Special mention must go to the Fair Convenor Mrs Carol Plunkett, and Development Office staff Mr John Devine and Ms Jenna Vance for their outstanding work.

The Parents' Association was pleased to support the School through the

allocation of over \$50,000 for special projects. In 2011 the Parents' Association assisted with the following:

- Musical instruments
- Dance training bars
- iPads for the ELC
- iPod docking stations for the Junior School
- a Smartboard for Middle School
- a new scoreboard for the WMO
- sea kayaks for the benefit of all age groups to be used through the Outdoor Education Program and Power of 9.

The work of the Parents' Association would not be possible without the ongoing support of a dedicated committee. I acknowledge the time and efforts of the Executive and the Committee in ensuring our events were a great success.

I make particular mention of three long-serving committee members who leave us in 2011. Anne Haward, Lyn Sayers and Dani Colvin have served the Parents' Association and the School with distinction for over 30 years collectively. I thank them for their time and for their dedication to the School.

We look forward to an enjoyable and rewarding 2012 and I strongly encourage all parents to consider becoming part of the Parents' Association Committee. All parents are automatically a member of the Association and becoming part of the Committee or volunteering your time to assist with organising one of our major events is a wonderful way to play an active role in our community.

**Martyn Hagan**  
**President**

**The Hutchins School Old Boys' Association** has once again played an active role in the co-curricular of the School in 2011. Successful year group reunions were held during Anniversary Week in Hobart and also in Western Australia and London. Archives morning teas remain a popular monthly event and the Headmaster once again hosted drinks for some of the 108 old boys who are also parents of the School. Anniversary Week celebrations included the debate and rugby game against the School and also the cocktail party.

No doubt the highlights of the year have been the Lionising of Stuart Crosby Walch and the awarding of the Ivied Tower Award to Michael Hodgman. Stuart was part of the Battle of Britain and a ceremony was held this year presenting the Battle of Britain Memorial Plaque in recognition of his service. Michael was rewarded for his outstanding service to politics and the community with this year's Ivied Tower Award which is an award recognising an old boy who has achieved a high level of success in his chosen career. Michael has continued his family's long and distinguished contribution to Australian politics with an

1940c SC Walch

outstanding career spanning five decades and culminating in his retirement in 2010. He is a man with only 'Magenta and Black' blood in his veins and was a most worthy recipient of one of the highest Old Boys' awards.

The Ray Vincent Lunch was held in the newly refurbished Burbury House dining room with over 80 attendees. With the renovations now complete and the dining room a first-class facility, we will be looking to having a larger attendance in the coming years.

Also held in the Burbury House dining room in 2011 was the annual Leavers' Lunch, an event for Year 12 leavers supported by the Old Boys' Association. Over 100 leavers were entertained by 1996 Leaver Mathew Torenus who recalled his experiences of leaving Hutchins and the challenges he faced.

The Old Boys' Association continues to financially support The Hutchins School Old Boys' Football Club and is looking to extend that support to other clubs and societies in 2012 and beyond. We are very keen to identify any clubs or societies which comprise old boys to associate them with Hutchins.

The Old Boys' Association was also very proud to financially support and congratulate Year 12 leaver Allen Chen on his selection from over eighty delegates who attended the United Nations Youth National Conference to be part of the seventeen members of the Australian Schools Delegation to The Hague International Model United Nations Conference. This is a great honour for Allen and the Old Boys' Association is very pleased to be associated with such a fine young man.

Speech Night in 2011 provided the perfect backdrop for the unveiling of the new Old Boys' flag. This flag was presented by new Old Boys' Association President Gene Phair to the outgoing School Captain Charles Haward. Old Boys' Badges were also presented to all Year 12 leavers in a ceremony which sees them farewelled by the Headmaster from the School and welcomed by the Old Boys' Association to our ranks.

Finally, I would like to thank the Headmaster, Mr Warwick Dean, and the School for their continued support of the Old Boys' Association and its endeavours and the Director of Development, Mr John Devine, for his outstanding commitment and dedication to our cause. Thank you also to out-going President Nicholas Dwyer for two years of great service and leadership to the Old Boys' Association and to the other Committee members who have generously donated their time during 2011.

Hon Michael Hodgman receives the Ivied Tower Award.

## Much has been achieved in Archives during 2011.

The official opening of the Foundation Heritage Centre in March caused a flurry of activity in the preparation and finalisation of displays in and around the museum.

The biggest project was undoubtedly the honouring of the memory of WWII fighter pilot, Stuart Crosby Walch. Both his lionisation and the subsequent presentation of a memorial plaque on behalf of the Battle of Britain Historical Society were the culmination of many months of work. In the process, the Hutchins Lions Wall shifted location to the corridor outside the Olga Braham Gallery. We look forward to more distinguished old boys joining that elite group of Hutchins Lions, whose members have all excelled in their chosen fields of endeavour.

Digitisation of the photograph collection is proceeding well, with more than 2200 scanned images and photographs now accessible on our Sharepoint site. Concurrent work on school publications such as *Communiqué* and *Magenta & Black* has accelerated this process.

## An exciting development was the increased number of year group visits

During Term 1 we had a visit from two curious and lively Kindergarten groups and assisted a Year 6 class with their research into some of the Hutchins soldiers who participated in World War I. In Term 2, an impromptu visit from Year 5 students resulted in an astonishing

number of return visits from students for some weeks afterward. In addition, both Year 2 classes came for a brief tour of Hutchins history, via the bell tower and memorial pebble garden outside the Chapel. A Year 1 class from Lenah Valley Primary School visited as part of their unit of work on 'the olden days'. This was most enjoyable and stimulating for all concerned.

Old Boys' morning teas held regularly during the year resulted in many new visitors and repeat visits; frequent meetings held in the Margaret Driscoll Room adjoining the museum brought many more; and regular tours of prospective students and parents brought in others.

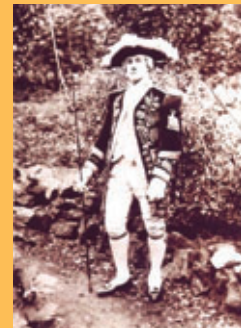

Professional events attended during the year include a workshop organised by the Roving Curators of Arts Tasmania, under the banner of Making Museums Work, focusing on the writing of successful grant applications.

The value and significance of the Hutchins Archives and Heritage Collection has been recognised by our professional body, the Australian Society of Archivists. In August, members the ASA (Tas branch) made their long-promised return visit to inspect our new facilities (postponed earlier in the year due to flood damage caused by excessive rains), after which they enjoyed Hutchins hospitality for the Society's Annual General Meeting.

It remains only to thank our dedicated volunteers. Mr David Brammall has again been a rock of support. Year 10 student

Horace Lee has recently completed a list of Housemasters and Captains from the inception of the House system in 1918. Mr Ted Pitman has recently joined us as a volunteer. We are extremely grateful for their assistance – and for the help and support given by the Library, Technical and Development Office teams, without which life in the Archives would be infinitely more difficult and far less enjoyable.

## Margaret Mason-Cox Archivist

Robert Hornblow, Coachman to the Lord Mayor of London, c1900

Robert Samuel Hornblow, known as 'Old Barge'

or 'Uncle', came to Tasmania in 1913 to work as a groom for the Murdoch family. For many years handyman and caretaker at Hutchins, he was a much-loved employee and friend to many boarders. Although prevented by ill-health from continuing his working life after 1932, he continued to make his daily rounds of the School almost until his death in 1936. This photograph was provided following a family history enquiry from his descendant, Mrs Marie Hornblow, of Reading, England.

Kindergarten T visit to the School Museum, March 2011: (front) C Wighton, W Bovill, O Midgley, R Cousins and (back) T Stewart, A Bayley, M Zeeman, O Nogajski are fascinated by the cane.

# INTERNATIONAL EXCHANGES

## Hutchins international exchanges

continue to grow with opportunities for students to be involved in programs in Scotland, India, France, Turkey, Italy, Thailand, China and South Africa.

In 2011 we welcomed a group of students from the Second High School Beijing attached to the normal University for a two week stay. Our students had travelled to Beijing as part of their Chinese pre-tertiary language studies in 2010 and 2011 was our turn to act as host. The students enjoyed a variety of experiences including Bonorong, Port Arthur, Mt Field and Salamanca Market. The most rewarding aspect was renewing friendships and building relationships between our two schools.

Our European exchanges saw students from Paris and Madrid join us for parts of the year. Having them here allowed us to learn about their language, culture and lifestyle. We discovered that the commonalities we share greatly outweigh our differences.

A highlight of our programs in 2011 was our new Turkish exchange. Throughout March and April this year and in conjunction with St Michael's Collegiate, Rangitoto College (NZ) and Istanbul Erkek Lisesi (Turkey), Hutchins students participated in the Tears of Gallipoli

exchange. The emphasis of the exchange was to help foster closer relationships between countries that had once been enemies in war. Students were hosted by partnered students from Istanbul Lisesi and lived closely with them and their families for the duration of the stay. The historical significance and grandeur of Istanbul was remarkable and students and staff alike were captivated by the immense scale of the city as well as the magnificent architecture, some of which date back to Eastern Roman Empire times.

The tour of the Gallipoli peninsula was the culminating experience for the exchange participants and a clear highlight of the tour. Students from each of the four partner schools toured a number of WWI graveyards and battle sites with an overwhelming sense of reverence attributed to the important events which unfolded there almost one hundred years ago. The quiet respect that each member of the group was able to afford during this time was observed and will most likely be a palpable part of their remembrance for many years to come.

In the return leg of the exchange, students from Istanbul Lisesi flew to Australia and New Zealand to stay

with their student partners where they participated in a number of activities. Doruk Akarçay, Cem Çavu and Berke Tekay were each hosted in turn by Hutchins students Samuel Cleary (Year 10), Patric Hindle (Year 10) and Damon Heather (Year 12). Students and staff participated in an Eco-cruise, went river rafting, toured historical sites and visited Bonorong wildlife reserve. All students took part in the 25 April ANZAC Day Services with attendance at the dawn service at the Hobart Cenotaph. After a breakfast provided by the Hobart RSL and a meeting with Tasmanian dignitaries at the Town Hall, all students marched as a combined group to the cenotaph for the final service of the day. It was a moving experience for those involved and a fitting end to what was a hugely successful and rewarding venture.

We look forward to increasing the exchange program in 2012 with opportunities for our boys to experience Scotland, England, Singapore, France, Spain, Costa Rica, Thailand, South Africa and China. As our boys learn about other cultures they learn much about themselves. The world is becoming a smaller place and our boys are increasingly becoming global citizens.

**John Devine and Matthew Sayers**

# JOHN BEDNALL CENTRE FOR LEARNING SUPPORT

The **John Bednall Centre** has continued to be a vibrant learning space, offering learning support and programs for gifted and talented students from Prep to Year 12, individual support for students with disabilities and lunch time activities. The students attend the Centre in small groups and participate in a diverse range of activities. Mr Adam Palfreyman, Mr Nick Eaves, Mrs Sandra Paine, Mrs Pip Hale and Ms Jenny Johnston form the Learning Support teaching team, with Mrs Judy Scaife, Mrs Christine Russell and Ms Amanda Thomson providing individual support for students with high needs.

Year 3 and 4 students participated in a Physics based engineering challenge where students had to build a tower, reaching a specified height, using a set amount of paddle pop sticks to support as much weight as possible.

During the Centre Open Week, parents and grandparents were invited to attend the Centre classes and participate in their son's programs.

Year 2 students have become familiar with a new computer based program, Intrepica. This program supports literacy learning through spelling, phonics, reading and comprehension in a fun format. The activities are assigned to match the individual student's learning needs. Students can use their own login to access this program from any internet connected computer. We have encouraged students from Years 2 to 8 to continue to use the program during the summer break.

Prep boys participated in a new literacy support program, 'Get Reading Right'. This program is based on the process of reading with synthetic phonics which involves breaking words into separate phonemes that can be blended together to read a word. On the other hand, the process of spelling requires the boys to identify all the phonemes in a word and then to use their knowledge of the alphabetic code to write it.

Middle School students participated in elective programs to support their learning, focussing particularly on the acquisition of assistive technology. Programs for talented students included participation in the Australian Mathematics Challenge, creative and critical thinking training; Humanities extension activities and Writers' Workshop.

*William Grierson and Felix Morgan use the interactive whiteboard.*

*Year 6 boys, Thomas Baddiley and Thomas Young share their scale models of ancient wonders of the world.*

*Nicholas Davey, Year 5, used our new 'Ginger' technology to assist him in research skills, proof reading and editing. The Ginger Program reads back to students what they have written in order for the students to acquire meaning from their writing.*

*Charles Mitchell and Isaiah Alforte work on a reading activity.*

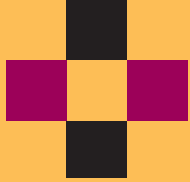

*Axel Moore, Alexander Rankin and Daniel Mackintosh work on the construction challenge.*

*William Whitbread shares his work with his grandfather.*

## WEBBER LECTURE

The annual **Webber Lecture** was first delivered in 1998. It was delivered by The Reverend Webber in whose honour this lecture was named in recognition of his outstanding services to the study of ethics.

This year's presenter Li Cunxin is a remarkable man borne of a remarkable story and it was my pleasure to invite him to be our 14th Webber Lecture presenter. As in his autobiography, *Mao's Last Dancer*, Mr Li recounts his determination, perseverance, vision, courage and hard work, and in particular, the sacred family values and integrity that he learned in poverty-stricken China, which have driven him to become one of the best dancers in the world.

Mr Li was born into bitter poverty and despite the harsh reality of life, his childhood was full of love. The love of his parents gave him hope and courage. His lecture was a unique story of determination, passion, integrity and love. His journey recounted was filled with dreams shattered and revitalised. His is an empowering tale with so many lessons for our audience.

Li Cunxin touched the hearts of our audience and he is an enduring example of the questions of ethics which he had to

*Li Cunxin mentoring a member of the Hutchins Dance Troupe*

deploy and struggle to answer as he considered family and self; career and opportunity; home and defection; self and others and individual versus state.

**Warwick Dean**  
Headmaster

## HUTCHINS ART PRIZE

The **12th Hutchins Art Prize** was regarded by many as the most varied and interesting exhibition since the event's inception in 1997. The imaginative possibilities for artists working on paper were on show for the delight of occasional art lovers and experts alike.

In his opening address, The Governor of Tasmania, His Excellency The Honourable Peter Underwood AC, paid Hutchins a glowing tribute for the School's foresight in staging a nationally recognised art prize that attracts entries from leading artists Australia-wide. His Excellency pointed out the extraordinary educational opportunity offered to students, staff and parents by the Hutchins Art Prize where the winning entry, a major piece of

contemporary art, is acquired and added to the Foundation Collection on display throughout the School.

The winner of the 2011 Hutchins Art Prize (\$15,000) was Tasmanian artist Helen Wright for her relief print 'The Exquisite Corpse of Seaweed Man'. Victorian artist Natasha Dusenjko won the Hillcross Award for the Judges' Special Commendation (\$2,000) and Ashlee Irwin, a student at the UTAS School of Art, won the Artery Student Award (\$1,000 worth of art materials). Rew Hanks (NSW) won the Road Runners People's Choice Award (\$500). Of the 326 entries received, 63 were selected by the judging panel as finalists. Over 1,800 visitors saw the show.

The Long Gallery once again proved to be an ideal venue as, sited as it is in Salamanca Place, over half the visitors to the exhibition came from interstate or overseas. These people invariably left the show with a positive impression of Hutchins, a school they otherwise would not have heard about.

**John Ancher**  
Art Curator

## H-Learning: celebrating the learning and adventures of boys

Essential to the education of boys is building both their academic learning and their strength of character. The cornerstone of our school aim is the idea of 'what you do matters!' This is about assisting each young man to become intellectually rigorous, curious and self-disciplined, with a character that is strong, consistent, and courageous. I have heard it referred to as pursuing paths that develop 'brave hearts and bold minds.'

Our outstanding academic results over recent years has been no accident and a key has been this pursuit. It is testament to the success of our learning style. I call this 'H-Learning', or Hutchins Learning, which has, at its core, three key ingredients:

- mutually respectful relationships;
- rigorous, active and technology rich; teaching and learning, and
- an appetite for bold adventure.

## Mutually respectful relationships

There is an old proverb that says 'It takes a village to raise a child'. I believe there is a Hutchins village, because day-in and day-out I have found the very

*Oliver Geale building bridges with Lachlan Browne from the ELC*

*Sam Kingston building bridges in Central Australia as part of his Power of 9 Challenge*

best outcomes in terms of building a boy's learning capacity occurs through a genuine partnership between a boy, his friends, his home and family, and our staff working closely and positively together.

Daily life at Hutchins is about building and strengthening these relationships. For at least seven hours a day, a boy interacts with his teachers, friends, other boys and support staff. This is how he learns about relationships. Those closest to him have a profound influence, caring not only about his intellectual wellbeing but also his physical wellbeing and emotional wellbeing. How often have I heard conversations around important questions as 'What must you do to understand Maths better?', 'What did your English teacher suggest about how to improve your essay writing?', 'How are you feeling?', 'Is everything all right at home?', 'Did you get a good night's sleep?' and 'How might we fix this challenge you are facing?'

Under the leadership of our Heads of School, I am constantly amazed by how the wellbeing of each student is viewed as paramount, by how much we show belief in him, by letting him know when he does something meaningful for others or shows a kindness and by how much effort he makes when tackling something new or difficult.

On his journey through the School there are myriad opportunities for a student to demonstrate compassion, social justice and service which help to liberate his potential to grow leadership and make a positive contribution to the Hutchins village and his community. The School encourages an extensive civics involvement and there is an emphasis on rebuilding relationships through mediation and restorative justice.

## Rigorous, active and technology-rich teaching and learning

In a structured, disciplined and ordered environment there is a focus on quality teaching in a technology-rich environment where personal academic success and achievement is a core value.

Our K-12 program is one of learning by seeing, hearing, thinking and doing – structured and sequential learning experiences, with an extensive range of intellectually rigorous academic subjects and, from Year 10, a vocational learning stream that allows a senior student to kick-start his career and complete his TCE at the same time. It provides a diverse and challenging curriculum and rich opportunities for a student to discover new talents and interests and to develop and follow his passions.

Aspects of this quality teaching and learning program include:

- a Science program with both global perspective and global participation;
- a rich language and creative expression program;
- a vibrant business and enterprise program that excels on the national stage;
- an independent inquiry project from Years 7-9, culminating with Tasmanian Qualification Authority's 'Student Direct Inquiry' at Years 11 and 12;
- an innovative Junior School home study program called 'This Matters Challenge';
- a co-curricular program of over 40 activities, ranging from sports to health and fitness options;

- a co-operating schools arrangement at Years 10-12, which exposes a boy to a diversity of ideas and differences in perspectives that can only improve his academic performance and emotional maturity at this crucial and formative stage of his learning journey.

This is enhanced by a co-curricular program of over 40 options ranging from individual and team sports to health and fitness options as well as a high performance creative arts program featuring musical theatre, drama, choir, soloists, ensembles and dance.

Hutchins is a technology-rich learning environment, with a web-based learning system, developing e-learning opportunities and a one-on-one laptop program in Power of 9.

## An appetite for bold adventure

Dr Ian P M Lambert, Principal of The Scots College, is quoted as saying 'Adventure is a path. An appetite for bold adventures forces a boy to find that path, follow it in a self-determined fashion, and experience first-hand encounters with the world. Compelled to take risks, expand intellectual curiosity, and grapple

Alex Grining, James Weir and Jack Hayes, from Year 6, creating with robots

Archawin (Jay) Rungkitsawat and Cho Yan (Joseph) Wong exploring the Hutchins App

with the extremes of human kindness and cruelty, bold adventure leads boys along a path that unfolds the mysteries of the world in all its rawness and in all its beauty'.

He could easily be describing our Outdoor Education Program, of education through adventure, exploration and service, culminating in our powerful integrated education experience at Year 9 which we have termed *Power of 9*, with adventures on board a tall ship and an extended walk in the Tasmanian wilderness, or committed service to a Central Australian aboriginal community, or working with a village school in the jungles north-west Thailand, or surviving on a remote Tasmanian off-shore island. Students in the senior years have the opportunity to participate in a range of expedition and adventure challenges, such as

- canyoning at Cradle Mountain;
- walking the Overland Track;
- skiing or snowboarding in New Zealand;
- cycling Bruny Island;
- a 'World Challenge' expedition overseas.

Hutchins encourages students to strive for success and to see personal achievement in a wide range of pursuits as a core value. Boys need opportunities to develop an understanding and experience of the world, of building character, resilience and integrity. Hutchins meets this challenge through respectful relationships, rigorous teaching and learning and exploration and service.

**Peter Symons**  
Director of Teaching and Learning

Darian Turner preparing himself for Thailand

## FACULTY OF BUSINESS, ENTERPRISE, SOSE AND ICT

The **BEST Faculty** undertook a diverse range of activities. Kinder and Prep investigated the environment in Lambert Park, Year 1 interviewed their grandparents, while Year 2 investigated the heritage of our school. Year 3 read Dreamtime stories to understand the connection our Tasmanian Aborigines have to the land. Year 4 were transported back to the early days of Australian settlement. Year 5 looked at the reasons why Sullivan's Cove was the chosen site for the current position of Hobart. Before travelling to Canberra to visit the War Memorial and National Museum, Year 6Bu visited our school archives to investigate old boys who had been ANZACS.

In the Year 7 Ancient Truths and Mysteries unit, students constructed costumes, dioramas, models and artefacts. Year 8 Beyond Belief students designed some brilliant inventions including a star picket applicator, a moveable bookmark and an automatic dog feeder.

The Year 11-12 Geography class analysed erosion and deposition at Sandy Bay Beach and studied changes in land use in the CBD since 2000. Henry West (Year 12) won the Senior Division of the Geography Competition. Year 10-11 Business Management students participated in the CPA Australia Plan Your Own Enterprise Competition, with Samuel Padgett's (Year 10) plan being judged Best in the State. Year 11-12 Accounting students had the opportunity to Meet the Business Leader through the Institute of Chartered Accountants. Calum Mitchell (Year 11) was the state winner in the Junior Division of the Australian Economics Competition, with Andre Botha (Year 12) winning the Senior Division. Allen Chen (Year 12) was the state winner in the Junior Division of the Australian Business Studies Competition. Students from Years 7-12 participated in the ASX Schools Sharemarket Game, and some Year 11-12 Economics students were invited to attend a presentation by James Shugg (Economist and old boy).

**Jodie Schafferius**  
Head of Business, Enterprise, SOSE and ICT

## FACULTY OF ENGLISH AND MODERN LANGUAGES

### C.9 Clarify and articulate your own ideas, attitudes and values through reflection and critical engagement with texts

A version of this criterion forms part of the assessment in each pre-tertiary English course. In this first Faculty article, I would like to reflect on what happens in language classrooms at the journey's end.

Australian author, Robert Dessaix visited Hutchins in 2009 and explained the advantage of being able to speak a variety of languages is that they give a person access to and the ability to express multiple ways of seeing the world. This year Hutchins welcomed a new teacher of French, Mr Justin Bowman-Shaw (who also speaks Spanish) and it was the first year that students have studied pre-tertiary Chinese at Hutchins. Our students acknowledge the truth of Mr Dessaix's words because our language enrolments are strong and students continue to take advantage of the College Language and High Achiever Programs. Cultural tours for Chinese and French students are being planned.

In English Studies, Daniel Westbury considered what it means to be a man and compared the dilemmas of whistleblower Simon Illingworth and Hamlet:

*[Illingworth's] expression of his duty as a 'nightmare' is similar to Hamlet's descriptions of life as 'an unweeded garden'. Both Illingworth and Hamlet had the option to leave their nightmares, Illingworth by leaving Victoria, and Hamlet by choosing death, which he 'devoutly' wished. Both elected to stay until their tasks were finished. I find this a very poignant expression of the acceptance of responsibility and honour, which is integral to being a man.*

William Lord, in English Communications, responded strongly to the 2011 media controversy involving Andrew Bolt:

*While I respect a journalist's right to publish biased-riddled, opinionated articles, publishing blatant inaccuracies is unacceptable; but most disturbing is when debate is shut down through censorship. As a consumer of Australian media, I like to be exposed to a diverse range of opinions and cultural representations from which to decide my own position, not to have opinions censored because the Australian public are too fragile to handle them; we're not.*

In English Writing, students reflect on the process of creating their own texts. Alec Shea offered this interpretation of his allegorical poem, 'Directionless':

*I feel my mind functions like a society, all of my interests contribute different ideas*

*when they are needed, to keep myself [the raft] on track but during the course of Year Twelve, I began to deviate...in the blink of an eye I had gone from being completely sure of everything I did and where it was taking me, to floating adrift in the middle of the ocean. The message behind this poem is one drawn from this experience, and is a reminder to myself: no matter how focused I am on a project or how cut off from the rest of the world I feel, I have to keep an eye on where the edge is to keep it from derailing me and losing track of the bigger picture.*

At an assessment panel of English Studies teachers in December, we agreed that it is difficult to draw these complex, personal and socially responsible insights out of students who do not yet know they are there. Hard work – yes; tiresome – never. When students do English, they understand themselves and their world *through language*. Helping them clarify their understanding and communicate powerfully and precisely really is the best job in the world.

The particular achievements of students in English and Modern Languages are celebrated in the 'Debating, Speaking and Writing' article.

**Alison Farmer**  
Head of English and Modern Languages

## FACULTY OF HEALTH AND HUMAN MOVEMENT

2011 has been a busy and prosperous year for the Faculty:

- In the ELC we have continued to grow the Perceptual Motor Program.
- The Junior School has seen the development of a Game Sense approach to Physical Education. Students have enjoyed this new style of learning.
- One of the biggest changes has been in Year 9 with the introduction of Wellbeing. Students in Year 9

now have a daily dose of Physical Education. The focus of this unit was to develop their strength and aerobic conditioning. Students also took on the challenge of learning dance routines with Mrs Jacquie Coad.

In 2012 we are introducing a new unit to Years 11 and 12 – Food and Nutrition. Many students have enrolled for this unit and we hope it will be well received and complement our existing courses in Senior School.

We would like to thank Mrs Nikki Colev for her valuable contribution to the Faculty in the Junior School and Early Learning Centre over the last few years and we hope to see her return to Hutchins. In her place, we would like to welcome Mr Leighton Beer.

We look forward to 2012 being another successful year.

**Anthony Prior**  
Head of Health and Human Movement

## ENGLISH AS A SECOND LANGUAGE

International students came to Hutchins from Vietnam, China, Germany, France, Hong Kong, Thailand, Malaysia, Singapore, Korea and Switzerland in 2011. Clearly, the reputation of the quality education and rich experience offered at our school has spread far and wide.

Our Year 9 students had their sense of what is possible stretched through their participation in the demanding but rewarding Port Davey challenge. It was an experience which helped them greatly in their studies for the rest of the year. Year 10 students worked hard on a range of novels, films and nature documentaries, which served as departure points for writing, research and group presentations. Their uniformly good results in their final exams demonstrated real progress in their mastery of the English language. As

a group of mixed nationalities, 10ESL developed a great dynamic within their class and moved forward with a spirit of fun.

The 2C and 3CESL classes had, as usual, a demanding syllabus to get through. In both cases, they were equal to the task, producing quality work for their major research essays and a range of other assignments covering different media, genres and forms of communication. End-of-year results again attested to sustained effort and the acquisition of many of the essential skills which they will use in their future education.

Invaluable work was done throughout the year by Mr Nick Eaves and Mr Peter Lucas, who worked respectively with the Year 7 and 8 students and groups of lower level students requiring intensive support. Mrs Lynn Paddock provided

help throughout the year to ESL students in the ELC and Junior School. I cannot praise these teachers highly enough for the excellent tuition which they provided to their students. They have given the students the knowledge and confidence necessary to flourish in a complex school environment.

Excursions are always in demand by international students – as relief from the exhausting task of learning in a new language and just for the fun of it. We managed to squeeze in some wonderful excursions this year to Tarooma Beach, ice skating and down to Bruny Island.

We wish all our international students a safe and happy holiday break and the best of luck for our graduating students.

**Simon Moore**  
Teacher of ESL

## FACULTY OF MATHEMATICS

**It was another successful year in Mathematics** following on from the successes of 2010. Once again there were numerous outstanding individual and team performances throughout the year. Hutchins was well represented across the many year levels in a number of different competitions.

Hutchins continued its long association with the following competitions: the Australian Mathematics Competition, UNSW – ICAS Mathematics Competition, Tasmanian Mathematics Competition, Australian Mathematics Challenge, Australian Mathematics Enrichment, Tasmanian Mathematics Relay, M L Urquhart Examination, Australian Mathematical Olympiad, and the Australian Mathematical Olympiad Senior Contest.

This year Hutchins students came away with an impressive number of awards including 5 Medals, 2 Awards, 13 Prizes, 2 Best of Year Group, 3 Honourable Mentions, 23 High Distinctions, 73 Distinctions, 102 Credits along with 2 First, 2 Second and 2 Third placings.

***This year Hutchins students came away with an impressive number of awards***

Standout performances for this year were from UNSW – ICAS Mathematics Medallists Benjamin Jarvis, Lachlan Paul (both Year 8), Andrew Mackay (Year 9) and Hugh Johnson (Year 10). In addition, a special mention must go to Edward Johnstone (Year 7) and Andrew Mackay (Year 9) in recognition of their excellent performances in the Australian Mathematics Competition. These young men were presented their awards for this competition by His Excellency The Hon Peter Underwood AC, Governor of

Tasmania, at the Hobart Town Hall early in November.

Hutchins also had two representatives, William Polglase and Nanak Narulla (both Year 12), undertaking the High Achiever Program at the University of Tasmania. The students studied first year Calculus and Applications with great success and found the experience both worthwhile and very rewarding.

Congratulations once again to all those students who participated in the wide variety of competitions held throughout the year. We look forward to your continued success in the future.

A superb effort, men!

**Cameron Hudson**  
Head of Mathematics

## FACULTY OF MUSIC

At Hutchins, we are fortunate to have a number of avenues that allow all our students to explore their musical potential. Through the Faculty of Music curriculum, students from Kindergarten to Year 7 experience music on various levels – composition, improvisation, arrangement, performance, conducting and responding. Those who feel they would like to continue with their musical learning have the option of doing so through the elective choice of music subjects from Years 8-12. It is during these years where they also encounter the technological side of the industry, including the recording and editing of live music.

At the co-curricular level, students have the chance to nurture their performing skills through the many well-established instrumental and vocal ensembles in the School. This allows them to perform various styles of music to live audiences in venues such as our Terence Butler Auditorium and St David's Cathedral, the Federation Concert Hall and the Hobart Town Hall. The ensemble experience teaches team building skills similar to that found on a sports field.

Finally, each student at Hutchins has the opportunity to take on the learning of an instrument in a more serious manner by engaging in private music tuition. Our team of visiting music tutors, who are experienced professionals in the industry, valuably assist this program. They have performed with internationally-acclaimed ensembles such as the Sydney, Melbourne, Adelaide and Tasmanian Symphony Orchestras, Opera Australia and the Rotterdam Philharmonic. On the contemporary side, many of our tutors have performed with such great musicians as James Morrison, Tommy Emmanuel, Olivia Newton-John, Rhonda Burchmore and Tom Burlinson. We are most fortunate to have these musicians on staff and they are ready and waiting to teach all students who are interested in learning.

There is a wealth of research to suggest that learning a musical instrument improves concentration, listening skills (both internal and external), reading and comprehension ability, mathematical perception, co-ordination, time management and the ability to remain

relaxed and focussed. It does require a strong commitment to private practise, but it is also a great deal of fun.

If there is a genuine interest in the learning of a musical instrument, I strongly encourage all students at Hutchins to take the opportunity to talk to their parents, fill in an application form, pick up an instrument and learn to play.

As this will be my last *Virtus* article as Head of Music, it would be remiss of me not to thank various people. Firstly, I thank the visiting music staff for their support of all the curricular and co-curricular programs within the School, along with their dedication to teaching those students who have taken a serious approach to their music through individual music lessons. Without these wonderful musicians, many of the musical things that happen at Hutchins would simply not happen.

Secondly, I thank my teaching staff of Mr Andrew Bainbridge (Director of Music Performance), Mrs Jean Moore, Mrs Robin Short and Mr Scott Cashion along with all members of staff across the School for their friendship and support of all that I have tried to achieve within the Faculty over the past three years. There is still much more to achieve and I am confident that all involved will continue to lead the way for the future development of this faculty.

Thirdly, I wish to sincerely thank Mrs Rosemary Seddon for her professionalism in her administrative support and her good humour. Much of what happens behind the scenes is really what makes the Faculty of Music run smoothly and I am very grateful for her diligence.

Finally, I wish to thank all the students that have walked through the doors of the Dudley Clarke Performing Arts Centre and made it such an entertaining place to be. There is nothing more vibrant within a school than to hear music being made all year round. Long may there be great success in this area for The Hutchins School.

**Christopher Luke**  
Head of Music

### Hutchins Big Band

2011 has continued to see the Hutchins Big Band mature and develop into a versatile and exciting contemporary band, with yet another busy and exciting year with numerous performances. Term 2 saw the annual 'Jazz@Hutchins' concert. The night showcased all the jazz-based ensembles that Hutchins has, including the **Nick Studley Guitar Duet**, the **Hutchins Brass Ensemble**, the **SPA Bluenote Ensemble** and the **Hutchins Big Band**.

### Hutchins Symphonic Band

The Hutchins Symphonic Band continues to develop in both size of ensemble and range of repertoire. This large ensemble has been developed to allow our increasing numbers of wind, brass and percussion players an ensemble to work within. Symphonic bands are focussed with working on material across various genres of band literature, from the classics through to current pop music. The 2011 Symphonic Band has close to 40 players from Years 7-12 involved. The success and growth of this ensemble are also due to the impressive work of Mr Glenn Schultz and Mr Les Johnston.

### SPA Bluenote Ensemble

Gautier Pavlovic-Hobba and Thomas Harrison: trumpet; Nicholas Rowell and Matthew Scaife: alto sax; Samuel Casey: tenor sax; Scott Cashion: baritone sax; Ziah Cooper: violin; Tarshi Hull: piano; Blair Reardon: bass; Will Colvin: drums.

2011 continued to see this talented ensemble of musicians work on material recorded by artists who recorded on the famous 'BLUENOTE' recording label in the 1950-60s. Most of the material worked on this year comprised tunes penned by the Bluenote heavy weights of saxophonists Sonny Rollins, Wayne Shorter and Composer/Keyboardist Herbie Hancock as well as Miles Davis and Duke Ellington. The performance highlight of the year was being the featured artist at the 2011 Australasian Independent Schools Conference in August.

**Scott Cashion**

**Many opportunities exist for Science students** at Hutchins both inside and outside of the classroom. Students have excelled in Science competitions, travelled to Venice to present papers, argued Physics at a tournament in New Zealand and achieved perfect scores in titration competitions.

## International Student Science Conference – Venice

Oscar Beattie and Hugh Johnson attended the 7th International Youth Science Conference held in Venice, along with delegates from China, Hong Kong, Mexico, Italy, Taiwan, Holland, Singapore. The theme was Chemistry and the Environment. The conference was a rewarding experience as the students gained much in knowledge, science and friendships.

## UTAS Science Investigation Awards 2011

Congratulations to: Johannes Peters (Year 9): Best Investigation Year 9-10 – \$500 Woolworths Prize. *Viscosity of Motor Oil at Different Temperatures*; Mackenzie Clutterbuck (Year 10): Best Agricultural Project – \$450 Rabobank, Irrigation Tasmania, Simplot Australia Prize. *How soil moisture and light affect the growth of honey-brown mushrooms*; Hugh Johnson (Year 10): 1st Place Year 10 – \$300 Lara Giddings Premier of Tasmania Prize. *Optimising an Aerofoil*; Oliver Johnson (Year 10): 2nd Place Year 10 - \$200 Senator Christine Milne, Senator of Tasmania Prize. *Investigating the factors which influence the rate of oscillation for an electric pendulum*; Hils Yeung (Year 10): 3rd Place Year 10 – \$100 Mayor Jock Campbell, Clarence City Council Prize. *How parachute size affects the falling time.*

Prize winners at the Science Investigation Awards

## Junior Youth Physics Tournament Wellington

The Hutchins team of Oliver Johnson, Sam Padgett, Samuel Newton, and Timothy McQueen presented solutions to and attacked other schools' solutions to a variety of Physics problems. The problems ranged from factors affecting the oscillation of an electrostatic pendulum, how a slinky falls, why does a falling chimney break, and design of a device moved solely by sound. The Hutchins team came in a very creditable fifth.

Physics fight contestants in Wellington NZ

## ICAS Science Competition

High Distinctions to Thomas Maughan and Daniel Croser (Year 7), Benjamin Jarvis and Lachlan Paul (Year 8) and Andrew Mackay (Year 9).

## RACI Titration Competition

The Hutchins team of Charles Haward, Henry West and Isaac Woo came 14th nationally out of 128 teams in the National Titration Finals. All three received gold medals for their individual accuracy. The other gold medal winners, out of the 15 Hutchins students who qualified for the national finals, were Callum Sinclair-Gibson (who scored a perfect 0% error), Daniel Bligh, Thomas Dobie, Sebastian Lopa and Mackenzie Clutterbuck (the first Hutchins Year 10 student to achieve a gold medal).

The top performing team in the Titration Competition

## Science and Engineering Challenge

Twenty four Year 10 students participated in the Science and Engineering Challenge organised by UTAS and the University of Newcastle. Our students achieved their best result in many years coming second in their heat.

At the Science and Engineering Challenge

## Other Science events

Peter Johnston from ARPANSA, Radiation Health Services spoke to over 100 Year 11 and 12 Science students from Hutchins and other schools in the Auditorium on Japan's nuclear accident at Fukushima and Australia's response.

Henry West won an Industry Placement Scholarship with PICSE at UTAS. This was a combination of a one-week camp and one week of industry placements. The industry placements ranged from field work studying changes in bat ecology, touring cherry orchards with an agronomist and helping at the Marinova laboratory, a biotechnology company focussed on developing medical and nutritional applications from seaweed.

## National Youth Science Forum

Nanak Narulla, William Polglase and Gareth Hughes attended the National Youth Science Forum in Canberra in January. All came back with fantastic stories about their time there.

## Peter Crofts Head of Science

Henry West with crayfish

**It's all about artistry!** We as teachers and students of the Arts engage in the creative process daily. We find new ways to explore our world and inspire our students to create works from new perspectives and forms. To create any works of art – be it art, drama, media or dance – we embark on a complex journey, evolving that initial concept through many steps to reach the final product. This year we have all embarked on an exciting journey of creating artistry. This has been evident throughout all the exhibitions and performances our students have developed. None of this would be possible without our fantastic Visual and Performing Arts team or our dedicated and creative arts students.

Be the best you can be and take every opportunity that is offered.

**Michelle Weeding**  
**Head of Visual and Performing Arts**

## Year 11-12 Drama and Theatre Performance

*Prime Time Crime*  
 by William Gleason

A combination of the Year 11 Drama and Year 12 Theatre Performance students brought the energetic and lively show *Prime Time Crime* to the Hutchins Drama Studio this year. The *Prime Time Crime* was a ragbag of outrageous cultural stereotypes, rip-offs from 1970's TV series such as *Kojak*, *Baretta* and *Kung-Fu*, and a parody of British upper-class murder mysteries of the 1970s.

With a cast of 16 the action of the play revolved around the suspected return of the mysterious Phantom of Shropshire

Manor after a number of suspicious deaths. The rich old lady Abigail Shropshire (Lucy Pullen) hires several detectives to investigate, including Detective Barotta (Alexander Colvin), Detective Kojacket (Thomas Tsiakis), and 'Kung-Soo' Masters Kane and Able (Frank Burridge and Jonathan Boadle).

Along with numerous Shropshire family leeches trying to get a share of Abigail's will, and a geeky love affair between Marie Shropshire (Heather Johns) and David James (Gautier Pavlovic-Hobba), *Prime Time Crime* turns out to be an hilarious mix of nerdy love and quirky family affairs, with a twist ending as the butler, Chives (Matt Young), confesses to being Marie's long lost father.

*Prime Time Crime* was a very enjoyable show for both the actors and the audience. A big thank you goes to our director and teacher Mrs Michelle Weeding, for putting up with us through rehearsals and bringing the whole thing together.

**Frank Burridge**

## Year 12 Theatre Performance Class

*Three In the Back, Two in the Head*  
 by Jason Sherman

Set in 1990 at the end of the Cold War, Donald Jackson, a weapons scientist for America's defence program, is found dead outside a church. No witnesses, no motive. When his son attempts to piece together the truth behind his father's death he is embroiled in a world of double agents, rogue states and global paranoia.

Inspired by the real life murder of the Canadian weapons scientist Gerald Bull, *Three In The Back, Two In The Head* grapples with the elusive nature of truth as the action shifts across conflicting versions of the past. Was Jackson a force for peace betrayed by merciless politicians? Or was he about to give America's greatest enemy the missile that could destroy it? ([playwrightscanada.com](http://playwrightscanada.com)) We tried to uncover the answers to these questions but in true post-modernist style the audience is left to make up their own mind.

### *a difficult and engaging political thriller*

Our class performed this difficult and engaging political thriller to amazed audiences over the October long weekend. This mature piece of work allowed us to showcase our talents as final year Drama students.

## Senior School House Drama

This year a different approach was taken with House Drama. Instead of a gruelling nine-week rehearsal process taking up every free weekend and rushed last minute rehearsals, we had just one day to prepare a 10 to 15 minute drama production. We were given a shopping trolley full of costumes, a rehearsal space and a deadline for completion. Each house with their eight participants spent the morning planning and preparing for our first deadline, a rough outline of our show. Our next deadline was to have a polished and presentable piece, complete with lights and music. The night went off without a hitch with each house presenting a fantastic drama, showing their true skill with just eight hours' work. This shortened time period kicked everyone into gear and forced results. School took to the podium with their Western-themed tale of adventure filled with banjos, dancing, Rocky-style montages and cowstudents. Stephens came second with their take on *Australian Story*, telling the tale of home-grown hero J.B, and his thirst for glory. Buckland delivered a tale of a night out gone wrong, riddled with mistaken identity and tight pants, while Thorold

performed a hangover-inspired tale of the boss, and his employees' adventure in order to track him down. All in all, it was an excellent night and a format that proved worthy of future use.

**Alexander Colvin**

## Middle School House Drama

*Tall Tales and True* – the 2011 House Drama Evening was an entertaining and enjoyable experience. It was held in the Auditorium and featured four plays; one from each house. All the plays were true stories, hence the name *Tall Tales and True*.

Buckland produced the winning play *Dog* about a Welsh UFO sighting in the 1970s. School were the runners-up with *Horse*, a story of a horse who possessed amazing mathematical ability (or did he?). Stephens House claimed third place with *Gorilla*, the tale of a young student who fell from a seven metre high fence into an animal enclosure in a zoo and was rescued by a gorilla. Thorold came home in fourth place with the touching story of an orphaned Joey who believed he was one of the family dogs. *Kangaroo* was the play's title.

It was a fun-filled night. Thank you, Mr Geale, for directing each play and organising the event.

**Max McLaughlin**

## Year 8 Arts Expo

The Year 8 Arts Expo this year was a very enjoyable experience. Our audience was able to view all the completed Year 8 projects which were on display, as well as a live performance of Visual Art. We watched as works of art were created by students before our very eyes in the foyer and on stage. The audience was also treated to a slide show of Year 8 Art work. This was followed by the Year 8 Drama Production *Llet* – a sci-fi interpretation of the William Tell story. Much of the film segments were animated and the students learned to do this. Some strong performances by Donald Bradshaw as Llett, Max McLaughlin as Ghelik and Jackson Bennett as Ditt were highlights.

**Jonathon Clark-Hansen**

## Year 7 Errols

The Errols was an enjoyable experience and a worthwhile task. All students in Year 7 contributed and the result was an amazing evening. The script for *Bing and Bob* (hosts of the evening) was entertaining to write and fun to play out.

The highlight of the evening was certainly watching the other performances. Each class prepared and performed a related arts segment from such diverse areas as film, animated film, original recorded music, live music, dance and black light puppetry.

**Daniel Croser**

## SPA Drama

Consolidation of skills was our theme this year. We participated in workshops from local actor, teacher, puppeteer and director, Jeff Michel. He worked our thinking on ensemble playing and new ways into character development. We workshoped ideas with Mark Hill, an international physical theatre expert formerly from Zen Zen Zo theatre company.

We worked towards our Variety Night with a series of scripts performed in different styles based on the Humpty Dumpty rhyme. It was fun to see this well-known rhyme reworked into a melodrama, restoration comedy and absurdist piece but to name a few.

## Hobart Eisteddfod

This year Hutchins had some amazing successes at the Hobart Eisteddfod. We had students entered in many of the sections. We came away winning every section we entered. Timothy McQueen won the Monologue 16 Years and Under, with close competition from Callum Guggler, who received an honourable mention. Max McLaughlin and Ayrton Rose won the Duologue 16 Years and Under section with their rib tickling rendition of Abbott and Costello's *Who's on First*. Timothy took out the Senior Poetry Champion, Gautier Pavlovic-Hobba deservedly won the title of Senior Drama Champion, though still putting up a fight was Frank Burridge, who won an honourable mention. Then Frank, Timothy and Ayrton won the Scene from a Play category. Gautier was awarded 'the most outstanding performer' and Timothy received the award for 'the performer with the most potential'. A magnificent performance all round.

**Timothy McQueen**

## Music Theatre

Music Theatre at Hutchins has enjoyed a successful year of both group and solo performances at the Southern Tasmanian Dancing Eisteddfod and at the School of The Arts (SOTA) in Singapore.

After seemingly endless weeks of rehearsals, the troupe finished the

*The Singapore tour*

Song and Dance Group number for the Eisteddfod, choreographed to the *It's My Life* mashup from *Glee*. This routine claimed third place in the U18 Song and Dance section and Thomas Tsiakis gained a stunning bronze medal in the U18 Song and Dance Solo section.

In Singapore *It's My Life* and *Crazy Little Thing Called Love* were performed along with other musical numbers. The students and teachers in Singapore were amazed that the Hutchins dancers could also play musical instruments and sing.

We thank Mrs Jacquie Coad, Aaron Powell and Mrs Michelle Weeding for their support and teaching and, for the students left behind after 2011, 2012 is also looking to be a great year.

## Dance

What a year for Dance Troupe! We conquered the stage and flew to distant lands. To start the year off, we had a great training session with the football team. In the Hobart Eisteddfod there were highly commended awards, podium places and a lot of great performances. However the best performances were by the Senior Troupe coming second in the Jazz group and the Junior Troupe coming third in their section! That was not the end of our excitement; the dancers were lucky enough to participate in workshops with Justice Crew, Lamb and Timomatic and Li Cunxin!

In July a combined senior and junior Dance Troupe travelled to Sydney to compete in our first combined eisteddfod, performing on the iconic stage of the Sydney Opera House.

Every student gave 100% and it was a nail biting loss to the dancers from The Shore School. We came home with a well deserved second place.

Singapore was next in our sights. We stayed at the Hwa Chong Institute, were visited by Mr Toppin, performed at SOTA and much more! Dance at Hutchins had finally become international.

We had broadened our horizons and from here on in, it was coming up gold for the lads! With next year's eisteddfods, Speech Night performances and conference performances the Dance Troupe is certainly not slowing down.

**Oliver Geale, Alexander Colvin and Thomas Tsiakis**

## Media Production

This year saw the first group of pre-tertiary Media students undertaking this course at Hutchins. Over the year they engaged with a variety of film and video media forms, studying key aspects of the transforming, contemporary media landscape and its functions and effects within society. Practical tasks included forming production crews and filming a news report on location about a visiting

US warship. Students also produced their own television commercials, ranging from some serious anti-smoking advertisements to the infamously funny commercial for Red Cow cereal (currently unavailable on supermarket shelves). Some students produced short films for the MyState Film Festival in addition to their major production pieces. A premiere screening of selected work to a large, enthusiastic and appreciative audience received an overwhelmingly positive response.

**Anthony Apted  
Teacher**

## Visual Art 2011

It was with pleasure that the Performing Arts Faculty welcomed Dr Lucienne Rickard to our Art Team this year. She has engaged the Year 9s and 10s in an array of exciting ventures ranging from painting, drawing, stencil art, printmaking and sculpture. She has placed the Year 10s in good stead to undergo their study of pre-tertiary Art Production next year.

The Middle School program continues to motivate and inspire our younger students to enjoy and engage in work that is challenging, invigorating and meaningful art making. Students take pride and joy in the products and processes of their work.

A quote by Elliot Eisner, 'Art is literacy of the heart,' epitomises the Year 11-12 Art Production/Art Studio Practice class this year. The work presented for examination exhibition by this class spoke for itself, was full of heart and a tribute to their creativity and proficient level of skill across a broad range of mediums.

A highlight this year was the School's involvement in the Leukaemia Foundation's 'Light the Night' Gala Evening held at MONA. The Hutchins Art Faculty was asked to be the Blue Lantern Ambassador of HOPE. Lantern Ambassadors serve as symbols of strength, motivation, support and represent the shared experience of many people within the community. It was in this role of Blue Lantern Ambassador

Combined Dance Troupe perform in the Sydney Eisteddfod

Isaac Hood Year 11

that the Leukaemia Foundation wanted to highlight The Hutchins School community's support of people with leukaemia, lymphoma and myeloma, their families and friends, and especially of the School community's support, care and love of our very own, Mr Chris Rae.

Peter Graver (Year 11) generously offered to produce a portrait of Mr Chris Rae being embraced by the Hutchins Lion Mascot. The work was beautifully framed by Luke Wagner and his son, Felix who are old boys of the School and we thank all participants for their generosity in contributing to this experience.

**Rachelle Robinson**  
Co-ordinator of Art

Hyun Jun (Richard) Kim Year 10

Yau Shing (Leo) Suen Year 7

### Junior School Art

All of our Year 3-6 students worked to create a huge mosaic mural at the entrance to Junior School. During Term 1 we dreamed up ideas and collected unwanted tiles. For three busy weeks at the start of Term 2 we glued, scraped, smashed and grouted tiles with the assistance of our talented artist in residence, Ms Tanya La Paglia. We now have a huge forty square metre mural that has great symbolism for all our students. It represents our four house animal symbols, the Warwick Carter Cup and the background is loosely based on the old Hutchins School in Macquarie Street. However, the real prize lay in the sense of ownership, teamwork and achievement that the project fostered among the students. It really put into practise that real learning experiences, with a real purpose, is when true learning flourishes.

This sense of enthusiasm has continued throughout 2011. Students have experienced painting, printmaking, drawing and sculpture units and have had the opportunity to respond in

## FACULTY OF VISUAL AND PERFORMING ARTS

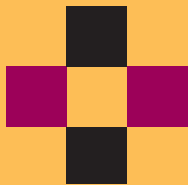

individual ways to a variety of stimulus. High quality work has been produced and students look forward to sharing their artworks with the broader community at our bi-annual student art exhibition, Magenta and Black, early next year.

Thank you to the army of parents and helpers that continued to support us this year in Art. What we achieve is truly a team effort and you are very much appreciated by the students and myself. I look forward to seeing what wonderful creativity our students will unleash in 2012!

**Rebecca Terry**  
Teacher

*The mosaic mural at the entrance to Junior School*

## VOCATIONAL EDUCATION AND TRAINING

**The profile of VET at Hutchins received a boost in 2011** with three students attending the state finals of the 2011 Tasmanian Training Awards in August. James Norris (Certificate I in Hospitality), and David O'May (Certificate I in Construction) were finalists in the VET in Schools section and Aaron Zantuck (Certificate III in Agriculture) was a finalist and winner of the school-based trainee section.

While completing Year 12, Aaron worked 1½ days per week on a farming property outside Hobart. He was named 2011 School-based Trainee of the Year and as part of his prize in November attended the Australian Training Awards in

Brisbane. This trip included a hectic four-day schedule of professional learning activities, judging panel interviews and networking with other state finalists from a range of industry areas. While Aaron did not take out the national award, he represented the School and the state with credit.

The training awards not only publicly acknowledge the achievements of our students, but the pathway into further training, or employment, that such a qualification provides. Equally as important, the inclusion of Hutchins students in these state awards sends a clear message to the community that Hutchins does provide quality vocational

education programs for those who wish to undertake them.

In 2012 Hutchins will have approximately forty-five Year 10, 11 and 12 students participating in VET programs in the areas of Hospitality, Cooking, Maritime, Electro- technology, Construction, Retail and Agriculture. Not all of these programs are delivered at Hutchins – some are with partnership arrangements with other colleges. With some clever timetabling, students are able to pursue their interests in specific industry areas, with a view to beginning their career journey before they finish Year 12.

**Sheree Malarski**  
Careers Counsellor

# MARINE SCHOOL

The program offered by the Marine School has continued to grow with the addition of Boat Safety courses being run for Year 3 students. Unfortunately, the Royal Australian Navy co-operation programs have been unavailable due to funding cutbacks. It is hoped these can be reinstated soon.

## Safe Boating

For the first time all Year 3 students participated in the Marine and Safety Tasmania's Safe Boating program. This consisted of a safety demonstration session at school and a skills session in the Aquatic Centre pool in lifejackets and a boat. The boys saw safety equipment and watched as its use was explained and demonstrated. In the pool they experienced firsthand the advantage of wearing a lifejacket if they were to fall in the water fully clothed.

## Marine Science

Year 10 students continued the tide data project and studies in the D'Entrecasteaux Channel. Their snorkelling program was disrupted by frequent poor weather in first term. A highlight was the visit to the Tassal salmon hatchery at Russell Falls, where they tried to catch salmon with their bare hands and followed the process from egg to smolt.

## Sail Training

Courses continued in seamanship as well as racing this year. The School is gearing up to offer the new Yachting Australia National Keelboat Scheme. Many students who tried sailing in Year 5 continued their training by taking on the introductory course this year.

## Marine Industry Careers

Three Year 10 students, Daniel Feeger, Angus Pitt and Shaun McMillan, took up the opportunity to participate in the Working on Water career pathway program. They spent three days looking at the variety of jobs and careers that

are available in and associated with the maritime world.

## Mariners' Service

It was good to see an increasing number of Hutchins students participate in this community event. Joined by some Collegiate students, they provided a focal display in the procession of maritime flags.

## Sea Voyages

Hutchins students undertook three sea voyages this year on the *Windeward Bound*. In April, Power of 9 students sailed to Port Davey to meet up with the students walking to Melaleuca. This year the trips to and from the South West experienced some of the weather that is notorious in that part of the coast. In November students participating in the Island Challenge were ferried between islands on the *Windeward Bound* and four students, Hugh Bell, Oscar Beattie, Darrel Russell and Daniel Feeger – set out up the East Coast on an expedition to the wreck site of the *Sydney Cove*. This was the first wreck on Australia's coastline after the colony was founded at Sydney Cove. The ship ran aground off Preservation Island in the Furneaux Group in 1793.

**Peter Starkey**  
Director Marine School

2011 saw some new introductions to the Outdoor Education program. Our first introduction was a new member of staff. Mr Mark Oates joined us from Victoria and has brought with him a deep knowledge of outdoor pursuits, a great depth of experience and a passion for sharing both with our students.

New introductions in the Junior School program, saw Year 6 students start the year with a three-day leadership and adventure camp held at Roches Beach. In Term 3 we offered a challenging combination of rock climbing and bike education partnered with surfing, orienteering and dance. The Year 5s ventured to Orford and Maria Island and showed they were up to the challenge of a program that used to be for the Year 6s. We also added canoeing and camp fire cooking. In Year 4 we introduced paddling inflatable rafts and walked the track to Mystery Creek Cave. The Year 3 group enjoyed cooking and eating damper, walked to Fishers Point and many camped out under tarps.

In our Middle School program the Year 7 students enjoyed exploring underground

cave spiders and tight squeezes as we reintroduced a caving session. After our action-packed program of biking, walking, kayaking and cooking, students left Southport armed and ready for Year 8. To this program we added sea kayaking on the day we weren't abseiling or hiking around Freycinet National Park.

What was the Year 9 Challenge has become the Power of 9 program. The training camps and expedition components of each P9 block are not only the newest but have become the largest of the outdoor experiences we offer. From the Ironbound Range to Crazy Horse Buttress in Chiang Mai, the decks of the *Windward Bound* to Alice Springs and Trumpeter Bay, it is a rich journey the Year 9s of 2011 have taken.

In our Senior School program we introduced three layers of neoprene as we experienced canyoning at Cradle Mountain. We also clipped on our snow sliding devices in a new part of Australia, the snow fields of Mt Perisher (NSW). These new experiences were held either side of the iconic Overland Track walk that so many students are keen to tackle.

Thanks to Mr Duggan, Mr Oates, Miss Stranger, Mr Tuck, Mr McDougall for their enormous efforts in 2011.

To the leavers of 2011, we first saw you to the top of Bishop and Clerk on Maria Island in 2005 and during the times since we have hoped to awaken a spirit of adventure in you. Take time to reflect on your trips, adventures and fun in the wilderness. Despite completing this journey there are so many more adventures to be had. We wish you well.

**Todd Blackhall**  
**Director of Outdoor Education**

# POWER OF 9

It is a little difficult to comprehend that the first year of the Power of 9 is over already. It only seems like yesterday that the first group of students, building toward their Port Davey expedition, arrived at the Marieville Esplanade campus with its bare white internal walls. Now the walls are covered with a display of hundreds of pictures, colourful in variety, activity and landscape.

Four 'waves' of students have rolled through the Marieville Esplanade campus this year, each building towards the pinnacle of their experience, their expedition and taking back to Nelson Road enthusiasm, vigour, maturity and optimism. The journey has been one of encouraging these young men to seize the opportunity to learn and grow; to understand themselves and each other in order to make their passage through the senior years more focussed, relevant and real.

We had high expectations for this year and can say with pride that these expectations have been met. The plan for the year was optimistic in the variety and magnitude of activities and tasks planned, and it has been truly gratifying that all of the activities have been completed, with others added along the way.

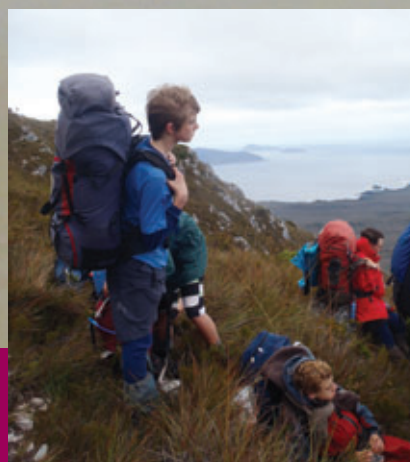

Our students have, while undergoing their Spirituality unit with Rev Matt Gray, visited the operational Ron Barwick Minimum Security Prison at Risdon, and have had face-to-face meetings with current inmates. We have covered the distance from Southport to Hobart, approximately 100km, under our own steam in two days. We have swum ashore onto a mystery island from a boat and arrived home two weeks later. We have taken these young men to exotic locations, from remote islands, pristine

South West Tasmania, the mountain jungles of Northern Thailand to the red centre of Australia. The students have also experienced cultures as diverse and rich as our own indigenous culture through to the unique Thai hill tribes and Buddhist monks.

The four groups of students this year travelled to different destinations for the expeditions, and experienced different cultures and activities; however there was so much common ground in what they experienced and learned.

## Port Davey Challenge

Twenty four students set out to spend twelve days journeying to remote south-western Tasmania and back. The South Coast track is world-renowned for its challenge and beauty, and this seven-day journey was accompanied by five days aboard the square rigged sail training vessel *Windward Bound*, to complete their round trip of 400km. During this time, students came to appreciate the benefits and importance of self discipline, planning, teamwork and perseverance. Highs such as experiencing dolphins playing in the bow wave of the ship, coupled with lows such as dealing with knee deep mud for, at times, hours on end, culminated in the sense of achievement of knowing they had completed one of the world's most spectacular wilderness experiences.

## Global Challenge

Journeying to the Chiang Mai area of north-western Thailand, our students experienced a new appreciation of their own culture, through experiencing one vastly different. We experienced the thrills of jungle trekking to remote hill tribes, white-water rafting, flying through the rainforest canopy on a zip-line, and seeing gibbons in the wild. This was tempered by experiencing how happy people can be when they have a lot less in the way of material possessions and technology than we are used to. It was particularly rewarding to spend two days working at a local school in tropical heat and sweating humidity to mix and pour concrete by hand, 25 x 18m, as an assembly and play area. Before we knew it, the day had arrived to venture home, and the hustle and bustle of the shopping plaza near Chiang Mai airport featured the first EFTPOS machine that any of us had seen in two weeks.

## Central Australia Challenge

The Yipirinya School in Alice Springs is quite unique in that it embraces traditional Australian indigenous languages and culture as well as English, in its 'Teaching Two Ways' methodology. Our students experienced the breathtaking, stark beauty of Central Australia, and gained an appreciation of the mastery and connection that traditional Australian people have with their land, as well as the difficulties and adversity facing people who live in traditional ways in camps on the cusp of two communities. The highlights included staying with traditional owners at Watarrka, eating kangaroo cooked in coals, making spears and embracing the rich culture and knowledge that our indigenous people have carried with them for many millennia.

## Island Challenge

Students arrived for the first day of their two-week expedition with a sleeping bag, raincoat, eating utensils and one change of clothes in a garbage bag, and the knowledge that they were to return two weeks later, and nothing else certain. They spent time on Maria and Bruny Islands, travelling between the two on *Windward Bound*. Frequent questions and perceived need for information and certainty soon gave way to acceptance and perseverance. Each day saw them faced with group and individual challenges. The attitude and grace with which students responded to having limited equipment and basic foodstuffs, and ever-changing plans, distilled into an acceptance and understanding that they

would encounter much greater diversity later in life, and that the manner in which one deals with this has a large role in shaping one's future.

A program such as this can only work with the support of those involved. We would like to acknowledge the Headmaster, Mr Warwick Dean, whose leadership, vision and passion for the Power of 9 created the opportunity for change. Also, the School Board, for supporting such a departure in the traditional Year 9 curriculum. Mr Peter Symons deserves special mention as he has created a curriculum framework which can integrate the off-campus learning with the broader school curriculum objectives and at the same time be compatible with the Australian Curriculum requirements. Faculty Heads have also created new and exciting units and Year 9 electives to create connections and pathways for our students. The Marieville Esplanade curriculum has emerged as a new way of looking at teaching and learning. Thank you to all staff who have delivered these vibrant and dynamic units.

The expeditions were highlights of the year and were only possible due to our committed and experienced staff. Special mention must be made of Mr Duncan Warlters, who helped co-ordinate the Central Australia Challenge, Mr Peter Symons, who co-ordinates the Global Challenge and to our fantastic Outdoor Education staff – Mr Todd Blackhall, Mr Mark Oates and Mr Ben Duggan – who have been instrumental in expedition logistics and delivery.

We would like to thank the Year 9 parents who have supported a very different school experience. Their ongoing enthusiasm, flexibility and willingness to be involved have been a highlight. Finally, thank you to the young men who have embraced the challenge to grow, learn and make the most of the opportunities that the Power of 9 has presented them with. I hope that the positives from the year continue to inspire them to be their best and make the most of the opportunities ahead.

We greatly look forward to 2012, and are confident that we will achieve similar life changing experiences for our next group of young men in Power of 9.

**Ken Kingston and Peter Brown**

## Libraries – One Common Goal

All three libraries at The Hutchins School – the ELC Library, the Stephens Library and the Nettlefold in the Library Learning Centre – have one common goal: to be an *i*Centre of learning. Supporting inquiry learning in the early years, the library learning spaces grow too, from a physical space to a virtual instructional zone, within and beyond school to provide a research environment for students, with the digital shift to be open and online 24/7.

Students can now download ebooks, audiobooks, videos and music for personalised learning. The Hutchins School Digital Library, ([hutchins.lib.overdrive.com](http://hutchins.lib.overdrive.com)), using the world-class *OverDrive* service, went live in July. The service is an important part of the library's contribution to the School's vision to be a 'school of the future in using 21st century tools and eLearning strategies to engage and empower all students, staff and its wider community'. *OverDrive* delivers a 24/7 service for the whole school community and allows students, staff and parents who do not have easy access to public library services or are off campus to use the service. The use of ereaders is explained in full on the *OverDrive* site ([www.overdrive.com.au](http://www.overdrive.com.au)), and on the 'Hutchins Central' Intranet website.

In late 2011, work commenced on installing the self-service loan system in the Stephens Library, similar to that in the Nettlefold Library, specifically with the installation of the radio frequency (RFID) tags into resources. This service in the Nettlefold Library is popular as it allows instant borrowing of many resources at one time. Work has commenced in the ELC Library with plans to complete the RFID conversion for all library services K-8 by the end of 2012.

The libraries' online catalogue (OPAC) at the following Internet address [info.hutchins.tas.edu.au/amlibweb/](http://info.hutchins.tas.edu.au/amlibweb/) is proving useful for all library users to search, research or renew loans, and enjoy the Amazon-type experience of the front book cover images in the process. All libraries face the challenge to make

sure that the resources are available to students when and wherever they are doing their work – at school or home. One important online service at home is *Clickview2* ([online.clickview.com.au](http://online.clickview.com.au)) whereby students can stream thousands of curriculum support video programs. Another service is the UTAS *StepUp* program for Years 11-12 students to use the UTAS Library and its online resources.

Locally, the intranet pages are continually being updated with tips for developing good research skills, age-appropriate search engines and reference resources. They also provide access to book review sites to assist reading choices. This year has also seen the development of *Library 2.0* a library blog for classroom teachers across the whole school. The role of teacher librarians is to work with classroom teachers to promote a love of reading and develop an information literate school community. A blog provides a collaborative space where teacher librarians share great resources that teachers may want to incorporate into their lessons.

Continued participation in the *Premier's Reading Challenge* involved students from Prep to Year 6 reading a range of books to complete their goal of ten books in ten weeks. The aim of this challenge is to encourage the students to broaden their reading choices and for families to share in the reading experience with their children. It also helps to promote the importance of literacy and reading as an essential life skill.

Another celebration of literature also took place in May with students from Kindergarten to Year 2 gathering in the

Auditorium to share the wonderful book *Feathers for Phoebe* by Rod Clement. The theme of self-acceptance that is explored in this book is an important one for all of the students and through gentle humour there is a celebration of individual differences.

Weekly library lessons are about interdisciplinary teaching. Lessons for the ELC have focussed on encouraging an enjoyment of reading and literature. Junior School lessons have seen an emphasis on cybersafety, with students learning about the types of information it is okay to share online and how to keep themselves safe in various online environments. Dr Jill Abell and Mrs Kate Reid also conducted *Cybersafety* information evening sessions for parents and students covering these important issues. Other topics of study have included visual literacy, copyright and plagiarism, and research skills across all subject areas. Via Skype on the SMARTBoard, some students in Year 8 participated in a virtual author visit with Doug Macleod, CBCA Book Week winner (*The Life of a Teenage Body-Snatcher*, Viking Books, Penguin Group).

**Dr Jill Abell**  
Director of Information Services  
and ICT

## ICT and eLearning: connectivity, collaboration and community

The sixth driver of the School's Strategic Plan is that 'information and communications technology will be the enabler of our strategy'. The vision is that the School is a 'school of the future in using 21st century tools and eLearning strategies to engage and empower all students, staff and wider community'. A Co-ordinator of eLearning – Mr Kent Moore – was appointed to lead the e-learning team who have identified ICT as their major focus.

The School's external website provides continual evidence of online collaborative learning communities in the School with the enhancement of areas such as latest news by Ms Sarah Caddick, Marketing and Public Relations Manager as well as coming events through Ms Jenna Vance, Events and Relations Manager. Ms Katie Richardson, Librarian/Digital Rights Management provides careful review and updating of the entire website as well as custodian and online publication of the *Hutchins Communiqué*.

Improved ICT infrastructure including 'voice over Internet telephony' and particularly Wi-Fi connectivity across the School have been two highlights of several priorities for smooth implementation this year by the Information Technology Manager, Mr Ian MacRae. Computer Systems Officer, Mr Matt Ralph led the applications management for many initiatives such as steering the students' email and document storage being migrated to cloud computing or the support of Internet capable portable devices. Computer Technician, Mr Patrick Moore, orchestrated computer support, software testing, and the helpdesk as the first line of help for students.

In 2011, the Student IT Leader team comprised George Duckett (Chairman of the Student IT Leader Committee), Andreas Souvleris, Andrew Flett, Andrew Mackay, Benjamin Robinson, Buddhaholy Siu, Campbell Whiteley, Daniel Feeger, David Lord, Dominic Prazak, Donald Holloway, Fergus Richardson, Gregory Graham, Henry Garrett, James Lelong, James Thompson, Jesse Usoalii, John Pereira, Jonathan Boadle [Library Leader], Lewis Nettlefold [Library Leader],

Nicholas de Lacey, Oliver Mathot-Dewis, Ryan Ward and Timothy Craig. These students led many initiatives and provided immense feedback to the IT Team of Dr Jill Abell, Mr Ian MacRae, Mr Matt Ralph and Mr Patrick Moore. The student team ensured they had a presence at IT events, such as the Cybersafety Parent Information Evening or manning the Internet Café at a national conference for eLearning. Several events were squeezed into the year with Mr Kent Moore's generous and exacting organisational skill, including the father-and-son 'build your own PC workshop' and two LAN gatherings.

The Commonwealth Government's *Digital Education Revolution* program funding for the implementation of a 1:1 student/computer ratio in the Senior School enabled the provision of a take-home netbook for Year 9s in addition to students' own purchase of an iPod Touch for mobile and personalised learning in the Power of 9 program. Students' ownership of Internet capable devices has meant that BYOD can be welcome and used to enhance learning experiences at school across the year groups. The Early Learning Centre and the John Bednall Centre for Learning Support have been trialling the use of iPads.

Telepresence using high definition video conferencing to link face-to-face with researchers in the field, or cultural and scientific experts and educators provided new opportunities to excite student learning and enrich existing curricula on weekly occasions to 'think global and act local'. Memorable link ups occurred for Mrs Sue Bullen's Year 6 with world-class schools on curriculum areas, such as DeforestACTION. Polycom's education team facilitated many unique and interactive lessons with experts like Professor Adrian Walters, Head of ANU's School of Music with our pre-tertiary Music class, an audio and video engineer who works with world-class performers and a comic book writer and legend. Polycom hosted a connection with Hans Schlegel, a German and NASA Johnson Space Station Astronaut in the 90s. Students explored the impact of illegal file sharing which devalues society's support to music creators. *Questacon* introduced a Year 9 Science class online to Australia's latest Nobel Laureate, Professor Brian Schmidt.

In a first for any Australian school, the *Hutchins Organiser* application was launched from the School's network and the Apple App store. It provides ready access to students' personal timetables, reminders, own diary notes and a range of information sites on the intranet for requirements with work assigned, homework tasks or special school calendar dates. The mobile connection portal allows teachers and Mentors to send notices, reminders and updates and they can quickly identify unread notes. The eLearning team teachers, Mr Kent Moore, Mr James Seddon and Mr Brett Smith created a range of equally innovative iOS and Android apps for curriculum areas and beyond. The Coast Data app provides an avenue for students with a wealth of information when doing foreshore excursions and coastal studies. Students are able to export their data to import it into a spreadsheet back at school for analysis.

At the end of the year, work began for staff on utilising a virtual learning environment, Pearson's Fronter for students' online learning and teachers' access to a learning management system, digital content, reporting and assessment as well as access to shared state and national professional learning resources.

**Jill Abell**  
**Director of Information Services and ICT**

Mr Warwick Dean with the telepresence unit

# EARLY LEARNING CENTRE AND JUNIOR SCHOOL

This year our theme has been 'Celebration'. We have celebrated all that the boys have achieved collectively and individually and the large successes as well as the quieter more subtle ones. We have celebrated each boy's unique skills and talents as they start on their journey to becoming good men.

Childhood is a stage that needs to be relished and enjoyed. It is a time of adventure, joy and discovery and it is important that we, as adults, do not push or hurry children through this stage as once it is gone it can never be retrieved. It is a wonderful time of firsts when children read and write their first words and form their first friendships. All of these moments need to be celebrated. It is equally important that we encourage our children to explore their boundaries and to take risks within a framework of care and support as this best equips them for their journey to adulthood.

We also celebrate and acknowledge all of our Early Learning Centre and Junior School teachers for their inspiration, dedication and professionalism. They consistently go above and beyond the call of duty. The best teachers are good finders. They find the wonderful, the unusual and the unique in each child. A young teacher once visited Michelangelo in his studio to see what he could learn from the great master. All he saw was Michelangelo surrounded by dust, covered in fragments and painstakingly chipping away at a huge shapeless, dull block of marble. The great sculptor told the teacher, 'Every block of stone has a statue inside it and it is the task of the sculptor to discover it and set it free'. A teacher has enormous power and responsibility. The good teacher, like Michelangelo, finds the good and the potential in all of their students; they enable and empower their students to take on wings.

Five of our teachers this year have been recognised by the wider community and we congratulate Mr David Gilkes, Mr Matthew Groves, Mr Paul Robinson, Mrs Lee Burman and Mr Alex Mirowski for all receiving National Excellence in Teaching Awards. Good teachers need a good

leader and I thank Mr Warwick Dean for his vision, guidance and support for all of us, staff and students.

Our thoughts and best wishes go with Miss Kelly Mizera who will be returning to Western Australia to get married and to Mrs Nikki Colev who will also be moving to Western Australia with her husband and family for two years. Mrs Megan Goves will be moving to Queensland with her family and Mrs Pip Hale will be taking a year off next year to focus on family. Mr David Gilkes is taking a year off to pursue his Masters in Early Childhood Education and to do some overseas travelling with his wife.

## What achievements have we celebrated this year?

There have been many moments that we have celebrated. We have had strong NAPLAN results in all areas and numerous sporting successes at a school and interschool level. Our Year 4s came first in Tasmania for their Wakakirri performance and there have been many individual firsts or gold medals in a variety of academic and cultural pursuits. Within the community we have had our Kindergarten students advising the Lord Mayor on their plans for Hobart as well as our Environmental Leaders working with the University on a climate change trail. Our Charity Group also did a marvellous job in organising the Lap it Up afternoon where all of our students managed to raise over \$8,500 for various charities. Our Year 6 students also led the Junior School in a Get Active Program three days a week. Our revamped Homework Challenge Program has also been most successful as it celebrates the uniqueness of the individual as well as enabling the students to engage with family and community in a range of challenges and service activities.

We know that in life the small and humble achievements are often overlooked. Instead the media often promote celebrities such as Paris Hilton or the Kardashians who are famous merely for being famous but who appear

to have achieved or contributed very little. Here at Hutchins, we know that it is just as important if not more important to celebrate the deeper more subtle achievements, such as the two boys who helped injured fellow competitors in the recent triathlon race, thus forfeiting their own 'winning positions' or the boy who quietly donated all his own pocket money to the Fred Hollows Foundation. This is what we celebrate – boys with character and substance.

Above all we need to encourage our boys to celebrate life, to be full of hope and optimism, to be good finders, to see the good in themselves, in others and in all situations of life.

There is an American father and son team, 'Team Hoyt,' who do just that. Rick Hoyt was diagnosed with cerebral palsy at birth. He was unable to walk and speak and his parents were told that Rick would be a vegetable and should be institutionalised. Rick's parents were good finders. They sought to find their son's uniqueness even though he was trapped inside a severely disabled body. They fitted Rick with a computer that enabled him to communicate. Rick grew up engaging with the world fearlessly and despite his own disadvantages he eventually went on to graduate from university with a degree in Special Education.

Rick grew up not only reaching his potential intellectually and physically but he had enormous compassion. When Rick was only 15 he wanted to participate in a charity fun run for a local lacrosse player who was paralysed in an accident. So in 1977 Rick and his father Dick participated in their first triathlon event. In the ironman triathlon event Dick pulled Rick for a 4km swim, pedalled him on a 180km bike ride and pushed him on a 42 km marathon.

Dick is now 70 and Rick is nearly 50 and together they have participated in over 1000 events and they are still competing! They have their own charity, the Hoyt Foundation, which encourages young disabled people to be active individuals and to follow their passions.

Rick and his father not only celebrate life with all its challenges but they contribute

an enormous amount back. What wonderful lives they have to celebrate! As Rick has written on the wheels of his wheel chair: **'It's a good life. So let's celebrate it!'**

**Jenny Manthey**  
**Head of ELC and Junior School**

# JUNIOR SCHOOL MUSIC

**Junior School students have again been very active in all areas of the Performing Arts.** All students from Kindergarten to Year 6 participate in a variety of exciting musical experiences.

## String Program

Over 90 students from Years 3-6 are involved in the String Program. Under the leadership of Mrs Nara Dennis, Mrs Sue Pickering, Mrs Anita Schleebs, Mrs Robin Short and Mr Brendan Conroy, the students have been able to take advantage of valuable small group tuition.

In Year 3, every student is given the opportunity to play either violin or cello. Year 3 students also attended the TSO Children's Education concert, entitled *The Talented Mr Tix*.

The Junior String Orchestra rehearsed each week and over the year there have been many opportunities to perform – Ensemble Concerts, Grandparents' Day, Anniversary Assembly, Junior School Assemblies and Junior School Presentation Evening in December. Four of our young musicians also play with the Tasmanian Youth Orchestra – another string to their bow!

## Choral Development

Our students love to express themselves vocally and they are all given the opportunity to sing in class and also in the Treble Singers. Performances have included the Ensemble Concert, Open Day, a special Combined Concert with Collegiate in St David's Cathedral and the Junior School Presentation Night.

## Festival of Voices

Sixteen singers joined the choir in the opening concert of the Festival of Voices in St David's Cathedral in July. The choir showcased the choral event *There is an Island*, by Tasmanian composer, Don Kay. The students were also invited to attend a choral workshop and concert. Congratulations to our young choristers – James Anderson, Daniel Colev, Xavier Dixon, Thomas Dunbabin, Philip Humphrey, Mitchell Hurst, Reuben James, Koh Kawaguchi, Patrick Kearney, Henry Mitchell, Sajiv Rao, Bryan Stephens,

James Tucker, James Weir, Elliot Bleathman and Thomas Young – who spent many hours learning the thirty-five minute work.

## Symphonic Band

Year 5 students are given the opportunity to play a variety of instruments from the brass, woodwind and string families. In Year 6 the students consolidate their ensemble skills and begin playing in the Symphonic Band. The result of their hard work was the performance by 65 students of *Tyrannosaurus Rex*.

## Wakakirri

Congratulations to all Year 4 students and their teachers who participated in Wakakirri. Hutchins was awarded first place in the Tasmanian sector, along with numerous gold awards for sets, props, music and story line.

## Soirées

Students who learn an instrument through private tuition performed at a soirée evening for their particular year level. This tradition has proved to be very popular.

## Early Learning Centre

Our youngest students are perhaps the most rewarding to teach.

The ELC Choir performed at the Valedictory Service for the Year 12 Leavers singing with respect and sensitivity; the senior students were visibly moved by their tribute. Other performing highlights included ELC and Junior School Assemblies, Grandparents' Day and Anniversary Assembly.

The Nativity Story was beautifully presented in the Chapel by Prep and Kindergarten presented two delightful items, the poem 'An Aussie Night Before Christmas' and song, 'Happy Christmas'.

## Presentation Night

Junior School Presentation Night, with 'Celebration' as the theme, was a culmination of our students' achievements. What a wonderful way to end the school year! Highlights included the ELC performance of 'Let's Party', Year 6 Band, Year 5/6 Drama Club, and the massed choir of 240 voices.

Year 5 presented the powerful 'A Prayer for the 21st Century' while the Drama Group presented 'This is Your Life' which celebrated the life of one of our much-loved teachers – Mr Barrie Irons. Other well-executed items included the Year 3 String players, the Junior String Orchestra and the Year 6 Symphonic Band. The climax of the evening was the massed choir of just over 300 voices singing 'Celebration of Life' and 'Waving Flag'.

A sincere thank you goes to Mrs Nara Dennis, Mrs Anita Schleebs, Mrs Sue Pickering and Mr Brendan Conroy, Mrs Dianne Legg, Mr Andrew Bainbridge, Mr Scott Cashion, Mr Les Johnston, Mr Craig Russell, Mrs Jean Moore and Mrs Rose Seddon. Special thanks go to Mrs Jenny Manthey and Mr Christopher Luke for their continued support and encouragement. We sadly say goodbye to Mr Luke, after three years as Head of Music, as he pursues a new direction in his career.

**Robin Short**  
Teacher

The students in the Junior School have certainly been very busy this year representing Hutchins in a wide variety of sports and activities.

We commenced our year with our annual Swimming Carnival at the Hobart Aquatic Centre. Record breaking performances on the day by the Stephens Year 6 medley relay team: Thomas Young, Thomas Dunbabin, Tom McTye and William Clerk; Mitchell Rickards in the Year 5 50m breaststroke and butterfly, Patrick Betts in the Year 5 25m butterfly, Sajiv Rao in the Year 4 50m butterfly, Axel Moore in the Year 3 50m butterfly and Nicholas Westenberg in the Year 3 25m backstroke, set the scene for what was a fantastic day. When the points were tallied up Buckland were victorious followed closely by Stephens, School and Thorold. From the performances at this carnival a team was selected to represent Hutchins at the JSSATIS carnival.

Our Cross Country Carnival was not held this year due to heavy rain. The disappointment of missing this day did not dampen enthusiasm for selection trials for the Junior School Cross Country Team, with large numbers of students trying out from all year levels. The selected team competed in two events this year: the Tasmanian All Schools Cross Country at Symmons Plains and the JSSATIS Cross Country at Rokeby. Outstanding performances at Symmons Plains included; Christopher Law finishing in first place in the 9 year old boys, Torin Jones finishing first in the 10 year old boys and Owen Law finishing second in the 12 year old boys. These performances earned Torin and Owen a place in the Tasmanian team which competed in the National Championships in Canberra. They were joined in the team by Oscar Chau who finished in fifth place in the 10 year old boys event

at Symmons Plains. Our students put in another superb effort at the JSSATIS event with Hutchins featuring in the top finishers in all age groups. Special mention to Owen Law [1st] and Wilbur Lawrence [4th ] in the Year 6 event; Torin Jones [1st], Spencer Reid [2nd] and Samuel Kokkoris [3rd] in Year 4; Christopher Law [1st] and Axel Moore [4th] in Year 3.

Poor weather also hampered our winter sport season with many games called off. Our boys still got in and gave it their all and it was pleasing to see many great individual and team performances on the soccer pitch, football field, water polo pool, basketball court, table tennis table and hockey pitch each week. A huge thank you to all of our volunteer coaches and team managers; without your time and effort we would not be able to provide this opportunity to our boys.

Luckily the sun was shining for our Athletics Carnival and we were more concerned about getting sunburnt than jumping puddles. Record breakers were Miles McTaggart in the Year 4 high jump and Torin Jones in the Year 4 800m. The final results saw School triumphant with Stephens, Buckland and Thorold not far behind. A very competitive team was selected to represent Hutchins at the JSSATIS Athletics Carnival and they lived up to expectations with some fantastic performances, highlights being record breaking performances by Owen Law in the 1500m and Torin Jones in the Year 4 400m and 800m.

Term 3 saw our boys back in action in our summer sport program. Boys have bushwalked, played cricket and touch football with teams from other schools, prepared for triathlons, been given an introduction to rowing, played t-ball, softball, tennis and touch.

Our boys have been busy and have certainly been active, doing their best to have a go at things and find ways to make being physically active a part of their lives. Three perfect examples of this can be found in; our boy's involvement in the Schools Triathlon Challenge, where 113 boys represented Hutchins; the introduction of the Get Active – Daily

Physical Activity Program, where Year 6 boys lead classes in physical activities and games at the start of the day; and the successful introduction of Move Well, Eat Well – 'Part Way's OK' walking to school program. They will all be back next year, perhaps even bigger and better!

Finally, it is with sadness that we say goodbye to Mrs Nikki Colev. Nikki has been an integral part of the Physical Education Faculty and sporting program and her enthusiasm and professionalism will be missed. We wish her all the best for her next adventure.

**Shane McAloon**  
**Director of Junior School Sport**

## Kinder Burman

THIRD ROW: Guiseppe (Joseph) Mione, Henry Browning, Lachlan Sheen, Sebastian Mundy, Kiran Sarma, Arjun Yellap, Nelson Humphrey

SECOND ROW: Lloyd Kacic-Midson, Travis Round, Lachlan Ludeke, Tobias Zochling, Jack Akl, Campbell Jager, William Smith, Henry Foster

FRONT ROW: Connor MacDonald, Logan Brown, Callum Wherrett, Dimitrios Trambas, George Anderson, Daniel Shulman, Thomas Clark

TEACHER: Mrs Lee Burman

TEACHER ASSISTANT:  
Mrs Karen Donohoe

Travis and Daniel love Buzz Lightyear.

Henry and Nelson hide amongst the ropes.

Lachlan and Thomas help each other.

Travis and George have fun climbing.

Adventures for Dimitrios and Lachlan

Lloyd and Arjun are great friends.

Nelson and Jack play in the ELC trees.

Callum and Connor enjoy basketball.

William leads all his friends on Mt Wellington.

## KINDER BURMAN

Connor, Tobias and Campbell explore Salamanca Place.

Kiran and Samuel share lunchtime.

Sebastian, Lachlan Sheen and Lachlan Ludeke take a break at The Springs.

A great day at the cricket.

Logan and Joseph rest in the Lambert Park cubby house.

Joshua and Campbell work hard.

## KINDER TURNER

### Kinder Turner

THIRD ROW: Jack Griffiths, Lachlan Browne, Joshua Wise, William Bovill, Cody Wighton, Jack Larkin

SECOND ROW: Edward Broadby, Angus Bayley, Alexander Smart, Charles Boman, Oliver Midgley, Henry Larkin, Archie Robinson, Tyler Colev

FRONT ROW: Lewis King, Tommy Stewart, Henry Pitt, Reuben Cousins, Matthew Zeeman, Jack Fergusson, Angus Young, Jack Gibson

ABSENT: Oliver Nogajski

TEACHER: Mrs Kate Turner

TEACHER ASSISTANT: Mrs Stella Daglas

# KINDER TURNER

Kindergarten Turner have had a wonderful year exploring, playing and learning in many different ways. We have been on some exciting excursions and have found out so much about ourselves and each other. Developing inquiring minds and building self-identity through engaging and fun experiences has been our focus. The boys all worked very hard and have achieved much in 2011.

Prep Fielding

THIRD ROW: Charles Mitchell, Samuel Wickham, Samuel Stone, Archie Simondson, Isaiah Alforte

SECOND ROW: James O'Keefe, Jonty Coad, Oscar McLaren, Luke Harris, Andreas Tsiakis, Julius Patiniotis, Hugo Allison, Robert Zeeman

FRONT ROW: Samuel Wilson, Gilbert Cumming, Hamish Connor, Oliver Medwin, Brady Lee, Maxwell Barrett, Benjamin Pullin

TEACHER: Mrs Sarah Fielding

TEACHER ASSISTANT: Mrs Julie Arnott

## Prep F Highlights

I liked playing the piano with Mrs Quinn because she does good songs. I am getting really good at playing the piano and will be playing in the Soiree.

**Hugo Allison**

I got really good at writing and reading in Prep because we played lots of games on the Interactive Whiteboard.

**Charles Mitchell**

I liked learning about frogs and how they camouflaged themselves.

**Oscar McLaren**

I liked playing dominoes in Maths Groups because they helped me get better at adding up numbers.

**Samuel Wilson**

I did lots of writing words. They were new words and real words. I did very good writing.

**Samuel Stone**

I enjoyed reading books in the classroom and playing the maths game 'Spill the Beans'.

**Jonty Coad**

We played a game called 'Magic 100 word game'. I really liked that game.

**Luke Harris**

I loved making a tiger out of clay with my Mum and Dad when they came in for Art.

**Archie Simondson**

I liked learning about sounds like 'sh' because I have 'sh' in my name.

**Hamish Connor**

I loved building with the Lego blocks and making houses.

**Benjamin Pullin**

I liked going to Collegiate pool for swimming lessons. I learnt how to kick with my legs straight.

**Maxwell Barrett**

In Prep F we went swimming at Collegiate pool. I really got better at swimming.

**James O'Keefe**

I really liked learning how to skip in PE lessons.

**Brady Lee**

My favourite activity in Maths is making a huge building out of domino blocks. I learnt how to build it without the blocks falling over.

**Gilbert Cumming**

In the playground I have learnt how to hang upside down with my feet on the monkey bars. I love playing on the monkey bars every recess and lunch.

**Samuel Wickham**

I really like drawing in Prep. I have learnt how to draw better.

**Robert Zeeman**

I have got better at reading. If there is a hard word I always sound the letters out.

**Andreas Tsiakis**

I like reading the *Magic 100 Words*. I am up to orange words now.

**Julius Patiniotis**

It was fun going to Lambert Park. We saw lots of ants and a two headed bug. There was a bridge going over a creek with lots of rocks in it.

**Isaiah Alforte**

My favourite game we play in the classroom is 'Sparkle'. Sparkle is a spelling game and you have to know how to spell properly.

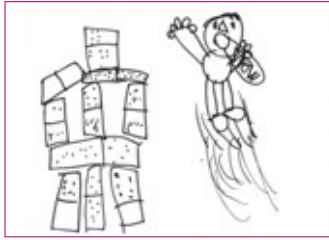

**Oliver Medwin**

# PREP FIELDING

Brady Lee

Gilbert Cumming

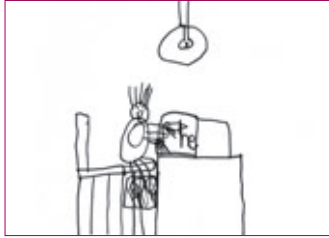

Hugo Allison

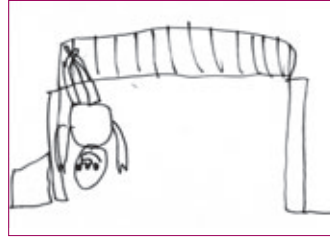

Isaiah Alforte

Oscar McLaren

Samuel Stone

Samuel Wickham

Oliver Medwin

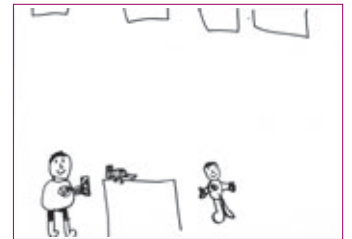

James O'Keefe

Samuel Wilson

Archie Simondson

# PREP GILKES

## Prep Gilkes

THIRD ROW: Nicholas Jager, Luca Nunn, Xabi Kumar, Aden Chan, Toby Manning, Byron Brown

SECOND ROW: Sheng-Yuan Lynch, Noah Kamprad, Charles Harrison, Rohan Subbarayalu, Austin Douglas, James Scott, Archie Stewart, Lachlan Marriott

FRONT ROW: Vaughan Griffin, James Greenaway, Charlie Cooper, Lewis Turnbull, Lachlan Krushka, Fergus McLean

TEACHER: Mr David Gilkes

TEACHER ASSISTANT: Mrs Julie Arnott

To begin our work on 'Living Things', Prep G decided to ask our class expert on cows, James Scott, to share some of his wonderful knowledge of these farm animals with us. James loved this opportunity to be an expert and brought in cow models, books and photos to show us. We particularly loved the photos of James' grandparents' farm in Geeveston! We asked if we could visit them so that we could see some real cows and also visit their apple orchard. James' grandparents, Pam and Ian, and James' mum and dad, Sarah and Tim, could not wait to have us there! James was especially excited to finally have the opportunity to show us his favourite bull, Devon!

It was a fairly long bus trip down there but it was well worth the trip. After eating some morning tea we set off up the hill through the apple trees to explore the farm.

James' dad, Tim, showed us where the apples grow out of the tree stem and explained how the water gets from their nine dams up to the trees. Lewis Turnbull said, 'That's very interesting!'

The cows were waiting for their breakfast. When they saw us coming they came up closer to the fence ready for us to throw them some hay. James showed us how to grab a big handful of hay and throw it over the fence. 'They're Black Angus cows' explained James. Charles Harrison said feeding the cows was his favourite part. After hearing so much about Devon the bull, at last we got to meet him! He is James' favourite and has a big ring through his nose. James Greenaway thought that a ring through the nose would be very uncomfortable. Lachlan Marriott asked James' dad and Mr Gilkes why cows had such wet noses? 'Maybe it's because they're so healthy...a bit like when dogs have wet noses!' After we fed the cows hay, we sat down with a clipboard and black pen and drew pictures of the cows eating.

We walked past the dam, with its croaking frogs, to the apple shed where we saw apples being sorted, washed and packed. We went into the cold store room where the apples stay nice and fresh. Brrrrrr - it was cold in there! Back at

the house we got to pack our own apples into a bag. We took them home to help us remember our fun trip to the farm. Of course, we ate some apples too and they were delicious!

We gave James' grandparents a card that we had made to thank them for a terrific day. The trip was one of the highlights of our year.

Year 1 Mirowski

THIRD ROW: Tallis Flowers, Campbell Logan, James Lucas, Thomas Gibson, William Hale

SECOND ROW: Sebastian Giannis, George Pullin, Oliver Traill, Jack Parsons, Hilton Voss, Ben Fergusson, Ethan Hurst

FRONT ROW: Gabriel Wake, Joshua Brazendale, Cale Hine, Henry Carne, Campbell Rooke, Verity Forrest, William Whitbread

TEACHER: Mr Alex Mirowski

TEACHER ASSISTANT: Mr Rerekohu Pewhairangi

Year 1 Smith

THIRD ROW: James Krushka, Harry Headlam, Sebastian Greenwood, Benjamin Barker

SECOND ROW: Arthur Hayes-Newington, James Walters, Jefferson Roy-Chowdhury, Ollie Artley, Elijah Sargent, Alan Hamilton, Dong Hun Kang

FRONT ROW: David Humphrey, Matthew Lowther, Angus Broadby, Toby Moss, Huon Clark, Monty Williams

TEACHER: Mrs Judy Smith

TEACHER ASSISTANT: Mr Rerekohu Pewhairangi

## Here and there in Year 1

My favourite excursion was Bonorong Park. We saw koalas and we took our bags. Somebody was going to stick their head in their bag. Everybody else laughed and did the same thing. The koala came down the tree and we patted it and I held it. We got to hold a wombat. It was heavy and furry. It has a hard plate on its back so it can't be attacked. We did some cool stuff.

Ollie Artley

My favourite excursion was to the Menzies Centre. We looked at some graves that were found under the building. Some people thought there was a zombie coming but it was actually a huntsman spider. Tallis' mum showed us around. The Menzies Centre is a new building in the city. Doctors learn about medical things there. They looked through a microscope to see a virus. They tested our pulse and temperature.

Benjamin Barker

On Wednesday we went to Milo Cricket on the oval. My favourite bit was when we got to hit the ball off the pole and hit the cone over and make it stand back up. If you hit the cone over and could make it stand back up you get 2000 points. I got 6080 points. At the end we got Milo in a bag. It was fun. There were four helpers.

Arthur Hayes-Newington

My favourite excursion was to Bonorong Park. We ate our lunch there. We saw the Tasmanian devils. They were trying to eat the lady's clothes.

We saw kangaroos and we gave them some food. They ate all of it. We saw koalas and they looked a bit funny. The thing I enjoyed most was giving the kangaroos food. We went on the Hutchins bus.

Dong Hun Kang

Yesterday on Wednesday we went to our Hutchins School oval to play Milo cricket. The Milo cricket clinic people came to teach us how to play cricket. There were four skills: batting, bowling, batting and bowling and bowling to each other. My partner was George Pullin. My favorite part was when we got to bowl and bat to each other.

Jefferson Roy-Chowdhury

At Bonorong Park I got to feed the animals and we got to try and speak to a parrot that could talk. The kangaroos were my favourite and one of them had a joey in its pouch. I also went to Bonorong when I was really small and I love the animals so I really wanted to go back. We got to pat the kangaroos that were bouncing around.

Toby Moss

We went to see a play called *Bugz* at Fahan. It really caught your eye and stood out from all the other plays. The acting, the costumes, the life like scenes made it very spectacular. They had worked very hard and put on a brilliant performance. There was a great scene where the angels came to the bug and there was a really big puff of smoke and the bug turned in to a beautiful butterfly.

James Walters

At the Menzies Centre we had some fake germs and we put them on our hands and then we put it under a blue light and it showed us the germs on our body. We did lots of different things so it was fun. We looked down under the building through a glass plate and we could see what was underneath the ground. We took apart pretend eye balls and got to see what was behind.

Monty Williams

At Bonorong I got to feed kangaroos. I learnt that a wombat has a hard back so that it can protect itself. There was a peacock hidden behind the bushes. We were there for the whole day. It was a big bus trip to get to Bonorong and I love going on the bus.

James Krushka

# MEMORIES FROM YEAR 1 MIROWSKI

Ben Fergusson - ELC Sports Day

Cale Hine - ELC Sports Day

William Whitbread - egg and spoon race

THIRD ROW: Benjamin Boman, Thomas Doyle, Declan Gilmour, William Francis, Oliver Elrick, Felix Morgan  
 SECOND ROW: James Kemp, Harrison Jones, Flynn Millhouse, Zachary Phair, Tom Griffiths, Aryan Dubey, Benjamin Horsham, Tyson Afamasaga  
 FRONT ROW: Fraser Cumming, Lucien Patiniotis, Luke Mitchell, William Grierson, Luke Manns, Lachlan Redburn, Michael Carmona, Liam Canny, Jake Wilkinson  
 ABSENT: Oscar Reisz  
 TEACHER: Mrs Beth Bamford  
 TEACHER ASSISTANT: Ms Amanda Thomson

## TERRIFIC TEACHERS IN THE ELC

### Mr Palfreyman

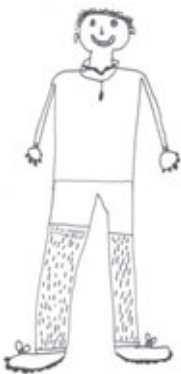

Mr Palfreyman is very smart. He loves Maths. I like him because he tells us to do easy stuff. He wears a white shirt and an orange tie. He wears black trousers. He normally says, 'Right! It's too noisy in here!'

### Lucien Patiniotis

### Mr McAloon

Mr McAloon is a super good Sports Teacher. He has brown curly hair. He is tall and he wears Hutchins clothes. He likes surfing with Mr Mirowski. I like him because he plays lots of fun games with the class.

### Benjamin Horsham

Mr McAloon by Jake Wilkinson

### Mrs Bamford

Mrs Bamford taught me in Prep. Now she is a Year 2 teacher. She goes down to the oval. She gets cross with people who don't do the right thing. I like her because she gives me lots of Maths to do. She likes chocolate!

### Lachlan Redburn

### Mrs Arnott

Mrs Arnott goes for the Hawks. She has brown hair. She has straight hair. She usually wears a Hutchins jacket. She helps Prep in the Art area. I like her because she has a good smile.

### Michael Carmona

### Mrs Smith

Mrs Smith taught me in Year 1. She still teaches Year 1! Mrs Smith is the Head of the ELC. Mrs Smith likes chocolate and good behaviour. She has a purple stripe down her hair. She has glasses. She has taught at Hutchins for a long time now. I like her because she is really nice.

### Oliver Elrick

Mrs Smith by Oliver Elrick

### Mr Mirowski

Mr Mirowski likes surfing with people. He looks cool. I liked being in Mr Mirowski's class because he read us *The Faraway Tree*.

### James Kemp

Mr Mirowski by Oscar Reisz

### Mrs Goves

Mrs Goves does Library and reads books. She likes reading books. I like Mrs Goves because she has an iPod 4. She has black, curly hair. She is a very new teacher at Hutchins.

### Tom Griffiths

## YEAR 2 BAMFORD

Madamoiselle with Flynn, Aryan and Luke M

Mr Gilkes  
by Luke Mitchell

Mrs Colev  
by Hayden Colev

Mrs Salter  
by Benjamin Boman

Mrs Thomson  
by Declan Gilmour

Mrs Short  
by Harrison Jones

Mr Palfreyman with Benjamin B., Zachary, Jake, Benjamin H. and Lucien

Mrs Goves with Liam, Tom and Harrison

Mrs Paine with Fraser, William, Felix and William

## YEAR 2 GROVES

### Year 2 Groves

THIRD ROW: Finn Stevenson, Lloyd Lucas, Isaiah Douglas, Jack Allison, George Odgers

SECOND ROW: Lochie Taplin, William Anders, Maxwell Larkin, Jake Maumill, Quinn Kacic-Midson, Milo Langford, Dashan Forrest

FRONT ROW: Henry Oddie, Benjamin Davie, Matthew Hocking, Angus Christie, Kilian Rankin, Will Durand, James Mitchell, Riley Kopfstein, James Giannis

Year 3 Robinson

THIRD ROW: Charles Maxwell, Jack Whitton, Troy Kroon, Ethan Taylor, Hudson Arkley-Anderson, Harry Whitton, Nicholas Kuzis

SECOND ROW: Oscar Kessler, Daniel Mackintosh, Axel Moore, Christopher Law, Blaine Doust, Alden Rankin

FRONT ROW: Alexander Rankin, Ethan Medwin, Thomas Maclachlan, Saxon Wright, Alexander Betts, Luke O'Keefe, Sean Magnusson, Ryan Deng

TEACHER: Mr Paul Robinson

I loved listening to the *Horrid Henry* stories because they were really good to listen to and told you how to make stuff.

**Harry Whitton**

I liked doing the Nine Dot and the Island Fire problems in the lateral thinking problems set by Mr Robinson.

**Riley Ashlin**

I really liked playing with my friends outside. I liked playing Gang-ups with lots of people.

**Jack Whitton**

My favourite memory of Year 3 was playing spotlight at camp and digging a hole on the beach.

**Alexander Betts**

I enjoyed learning and hearing stories about the Romans. I liked the Tribes game and summer sports.

**Ethan Medwin**

My favourite memory in Year 3 was the first day that I met Jack and Harry and sitting next to them.

**Daniel Mackintosh**

I enjoyed playing Shark Attack because it has jumping onto islands and pretend swimming strokes.

**Sean Magnusson**

My favourite memory of Year 3 is starting in the Junior School and camping at Southport.

**Ryan Deng**

I liked bush walking and hearing the story *Witches*.

**Thomas Maclachlan**

I liked hearing the *Horrid Henry* stories. They were really funny. I also liked making up my own planet.

**Ethan Taylor**

My favourite memories are getting my computer password and meeting Mr Robinson.

**Charles Maxwell**

My two favourite memories of Year 3 are camp and the Interschool Cross Country run that I took part in.

**Hudson Arkley-Anderson**

My two favourite memories of Year 3 are playing spotlight at camp and jumping out of the boat when we did boat safety training.

**Nicholas Kuzis**

I enjoyed hearing *Danny Champion of the World* and *Fantastic Mr Fox*.

**Blaine Doust**

My favourite memories are building shelters at camp and Molesworth and making Picasso faces in art.

**Saxon Wright**

The sport and activity that I enjoyed doing most was CRICKET!

**Luke O'Keefe**

My favourite memories are playing with my friends and my first day in Year 3.

**Alden Rankin**

I really liked hearing stories about *Horrid Henry*.

**Oscar Kessler**

I liked playing Champs, Dodge Ball and Shark Attack.

**Troy Kroon**

I really liked the Triathlon and taking part in the Interschool Athletics Carnival.

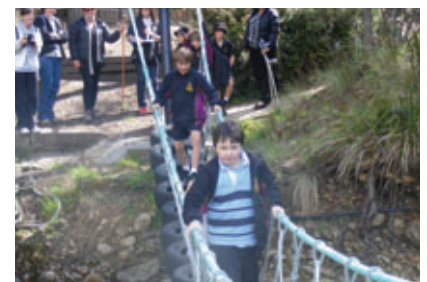

**Christopher Law**

I liked the Athletics Carnival because we got to run our hardest and I liked camp because we got to hang out with our friends.

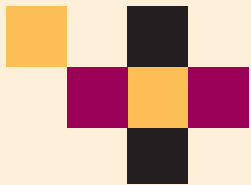

**Axel Moore**

My friends were Luke, Chris, Axel, Max, Nick, Seb and Jack Marios. We played gang-ups.

**Alexander Rankin**

## YEAR 3 VIVARELLI

Year 3 Vivarelli

THIRD ROW: Noah Sargent, Hamish Betts, Jack Campbell, Thomas Midgley, Alexander Kuzis, Jack Vallance, Nicholas Westenberg

SECOND ROW: Max Denehey, Trent Stephens, Harrison Riley, Samuel Harris, Jack Marios, Jack Rossiter

FRONT ROW: Ramez Eid, James Fulton, Sebastian Longman, Joe Clifford, James Nash, Henry Reeve, Zakariya Eid, Fletcher Hilder

TEACHER: Miss Kate Vivarelli

## Making Memories

3V have had a great year getting to know each other. We have really enjoyed forming our Tribes, which is a way of group learning in the classroom. One of our first inclusion activities was reading "Wilfred Gordon McDonald Partridge" and discussing what memories are and, what they mean to us. We had to create our own memory box and bring it to school to share our favourite memories with our Tribe. We really enjoyed finding out facts about our family and friends when creating our memory boxes. We got to learn more about our friends and our Tribe members were great listeners. Our Tribe members were interested in what we were sharing which made us feel included and important members of our class.

My favourite thing from my memory box was my Easter Bilby. I like it a lot because my brother gave it to me in 2009 and it is soft. It helps me relax.

**Alexander Kuzis**

My favourite item in my memory box was my teddy, Henry! He was one of the first teddies I got. He was a present from my preschool teacher because we were moving to Melbourne.

**Henry Reeve**

My favourite thing from my memory box is my Solomon Islands club. My Dad got it for me when he went to the Solomon Islands in 2009. I will never forget it.

**Noah Sargent**

My favourite memory growing up was going on a family holiday to France, Scotland and England. It was fun because we got to see the Eiffel Tower and Big Ben.

**Samuel Harris**

My favourite memory, which I shared with my Tribe, was a photo of my brother and me, on a rollercoaster at Luna Park. We looked funny!

**Jack Marios**

My favourite thing from my memory box was going to Europe and seeing the Eiffel Tower. I also liked going to the Arc de Triomphe.

**Thomas Midgley**

Year 3 has also been a big year of making new memories. When looking back at our year, we don't remember the days, we remember the moments! Even though the year is over, we have the memories to remind us of the fantastic times we had!

My favourite memory from Year 3 was getting into the Cross Country team. I loved it. It was awesome! Even though I came nowhere near first place, I still had fun! I also had lots of friends in the team.

**Jack Rossiter**

My favourite memory from Year 3 was in Art when I stayed behind until recess and helped Mrs Terry create the mosaic. I really enjoyed Art because it was fun and I liked getting messy!

**James Fulton**

My favourite thing about Year 3 was going on runs around the oval and running up the front with Sam and Nick.

**Max Denehey**

My favourite memory from Year 3 was that I got to draw planes with my best friend Max. I also loved Mathletics because it's great fun!

**Harrison Riley**

My favourite memory from Year 3 was playing cricket. We have learnt a lot of skills and techniques. We have been practising Thursdays after lunch in summer sports.

**Sebastian Longman**

My favourite memory from Year 3 was earning reward time and getting to help in the ELC. We made a water fountain with pipes.

**Nicholas Westenberg**

My favourite memory from Year 3 was when I broadcast the weather on HOFM. I still have the script.

**Trent Stephens**

My favourite memory from Year 3 was going on camp. It was so much fun playing spotlight. I thought I had the best hiding spot, two nights in a row. The tree swing was awesome!

**Joe Clifford**

My favourite memory from Year 3 was Art because I liked making the Picasso faces. My face looked weird, but awesome!

**Fletcher Hilder**

My favourite memory from 3V was PE because we play all kinds of sports. I loved playing Dodge Ball!

**Zakariya Eid**

My favourite memory from Year 3 was Tribes Challenge day because we got to throw vortexes and play Spectator Basketball.

**Jack Vallance**

My favourite memory from Year 3 was going bushwalking for summer sports. It was fun and exciting! We went on different tracks and saw some great views!

**Hamish Betts**

My favourite memory from Year 3 was Open Day. I made a podcast on Open Day which included a tour of my class and an interview with Mr Dean.

**James Nash**

My favourite memory from Year 3 was going out for games. My favourite game was Castles because it was fun and no one cheats.

**Ramez Eid**

My favourite memory from Year 3 was summer sports because I love tennis and cricket. It was good because we didn't have to get changed like we did for winter sports.

**Jack Campbell**

Year 4 Berwick

THIRD ROW: James Carne, Nicholas Smart, Lochlan Macpherson, Nicholas Allardice, William Sharman, William Cottier, Adam Eid

SECOND ROW: Alexander Mackay, Jordan Kiley, Sudhaunshu Hardikar, Dean Conn, Gregory Beckett, Andrew Kemp

FRONT ROW: Brandon Fisher, Samuel Giannis, Lachlan Richardson, Patrick Alcock, Callum Calder, Thomas Reeves, Nicholas Powell, Ethan Hine, Zheng (Aaron) Kwan

ABSENT: William MacMichael

TEACHER: Miss Elizabeth Berwick

Year 4 McCreary

THIRD ROW: Lewis Drury, Lachlan Prescott, Luca Gentile, Zane Foster, Miles McTaggart, Oliver Burrows-Cheng, Torin Jones

SECOND ROW: Sajiv Rao, Joshua Seaman, Zachary Pulver, Josiah Ralph, Yianni Anagnostis, George Mazengarb, Petro Anagnostis, Spencer Reid

FRONT ROW: Gus Chugg, Daniel Colev, Ayden Cousins, Samuel Botte, George Alcock, Samuel Kokkoris, Maxwell Beattie, Raiden Lemon

TEACHER: Mrs Caroline McCreary

Year 4 Webster

THIRD ROW: Mitchell Warrington, Kael Fishwick, Harrison Ireland, Dylan Taylor, Joshua Dine

SECOND ROW: Brendan Heatley-Hart, Angus Pullin, Oliver Warlters, Samuel Jones, Jack Scott, Bradley Lakoseljac

FRONT ROW: Noah Pennicott, Bryan Stephens, Oliver Parnham, Nathan Plunkett, Jackson Coad, Thomas Bent

ABSENT: Collins Wang

TEACHER: Mr Michael Webster

## SNAPSHOTS

### Good sport

We started the year with the Swimming Carnival at the Aquatic Centre. It was a great day as there were so many different events. Buckland were the winners. Winter sports choices allowed us to play Soccer, Football, Hockey or Basketball. It is great to play in a team with your friends and learn new skills.

The WMO was covered in red, yellow, blue and green as the Junior School students took over the oval for the Athletics Carnival. The House War Cries were shouted out in support of our team mates. The snow cones felt freezing and helped us recover as it was a hot day. Records were smashed and we enjoyed all the events. Buckland lead for most of the carnival but in the end it was a great team effort by School who won by 50 points.

### The Fair

Screams of excitement came from the thrill-seeking children who were brave enough to tackle the rides and from the top of the Hurricane you could see the crowds of people below. We followed the smells of all the different foods and tasted delicious curries, hot salty chips and fairy floss that melted in your mouth. Wherever you were you could hear Mr Irons and his chocolate wheel all over Sandy Bay! Laser skirmish battles, sumo wrestling challenges, riding the ferocious mechanical bull and dunking teachers were some of the highlights. The School Fair was awesome!

### Wakakirri

We had spent weeks rehearsing for our performance 'One Voice' and the big day had finally arrived. Hundreds of children were backstage and we moved nervously, waiting in the wings. As our music began fish, pandas, penguins, frogs, monkeys and jungle animals told the story of the difference that one voice can make in protecting our world. Commitment, teamwork, persistence, facing and overcoming challenges, confidence, responsibility and trust were just some of the things we learned. We were thrilled to receive many gold medals for elements of our performance and first place, enabling us to represent Tasmania in the national final.

### Camp

Look out Southport! We pitched tents, prepared our campfire and set off to explore. Covered in mud, we crossed the creek and entered the blackness of the cave, glow worms providing the only source of light in Mystery Creek Cave. Our imaginations ran wild as we looked at the stalagmites and stalactites in Newdegate Cave. The water in the thermal pool felt great and it was amazing how warm nature had made it. The temperature was very different in the surf but we didn't let that stop us riding the massive waves. We had to work together in the rafting challenges or else we were sunk. Spotlight was brilliant and we could have played all night. Camp was amazing!

## In the classroom

### English

We have written some outstanding pieces of writing this year in our writing folios. We have learned how to convince and persuade, so look out! Newspaper reports, secret diaries, letters and advertisements have been interesting and book reviews and board games have helped us understand our reading books.

### Maths

We investigated the features of Australian money and created a new banknote including all the security features on a new note. We each selected a worthy Australian to be on the new currency. We have learned new problem solving skills and we have used fractions and decimals in our work.

### SOSE

Sentenced to transportation! We were all part of the first settlement of Australia as we were allocated real characters who were a part of the First Fleet. We kept a journal of our experiences and learned about the problems faced and how these were overcome. It was remarkable that all the ships survived the journey but our problems had just begun as we nearly starved to death!

We have been to a lot of different places this year as we learned about continents, countries and cultures. We participated in the Global Children's Challenge where we kept track of how many steps we

did each day and then added these all together as we walked around the world. We also completed research on a country and presented it to the class. We also ate food from lots of other countries. It was an interesting and delicious way to learn!

### Science

In Science we learnt about what makes a fair test, the water cycle, acids and bases, surface tension, Newton's Laws of Motion, and forces.

There have been a lot of challenges in Science. One of these was to construct a rubber band-powered car out of recycled materials that could travel a distance of 1.5 metres. We all persisted, making many modifications along the way but in the end it was the simplest designs which were most effective. We learned about forces in another challenge where we had to use different amounts of force to push an actual car. We measured the distance travelled and the amount of force used. Experiments with insulation, temperature and mystery liquids have challenged our senses.

## Grandparents' day

We welcomed our grandparents so they were able to see what we really get up to at school! It was great to talk about the way we learn and the things we have done. We then turned into tour guides. Now we know how much fun Mr Irons has as we toured the School and saw what was happening everywhere.

## Lap it up

We certainly did 'lap it up' in Term 1 when we all participated in the lap it up event. We had been sponsored to complete as many laps as we could in a limited amount of time to raise funds for many worthwhile causes during the year such as Red Cross, our sponsored children overseas and local charities.

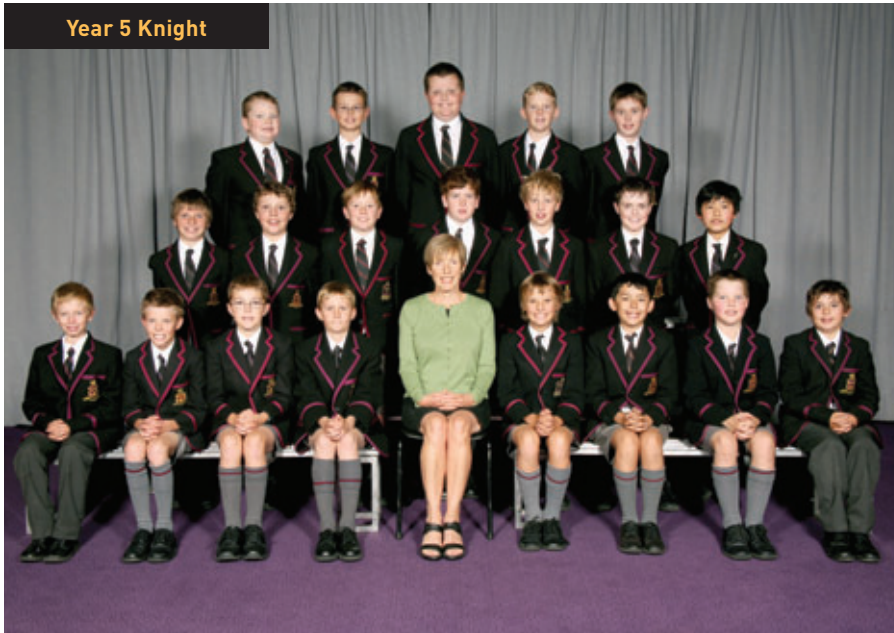

## Out on location

We went to lots of different places this year. In Term 1 we went to the boat park with Collegiate and had some games in groups and then shared a barbecue lunch. We visited Collegiate and Fahan where we saw some fantastic performances.

Year 5 Knight

THIRD ROW: Samuel Carmichael, Patrick Betts, Liam Scott, Mitchell Rickards, Archie Stevenson

SECOND ROW: Benjamin Green, Henry Chambers, William Mathot-Dewis, Samuel King, Henry Mitchell, Rhett Wiggins, Koh Kawaguchi

FRONT ROW: Liam Mead, Jonathon Towns, James Anderson, Oliver Terhorst, Benjamin McTaggart, Tenzin Phuntsok, Jack Weeding, Nicholas Davey

ABSENT: Hugh Oxbrough

TEACHER: Ms Trish Knight

## Year 5 is one of the best years ever!

The Learn to Swim was really fun and challenging. Making the pizzas in the groups and learning about yeast and micro-organisms was great.

### Mitchell Rickards

Year 5 was my first year at this school and I really enjoyed it. My favourite thing was when we did 'Race to the Pole,' it improved my spelling and handwriting. I was very lucky to be chosen to watch Costa demonstrate how to construct a worm farm.

### Samuel King

Year 5 has probably been one of the best years so far. I loved listening to all the Scientists talk about micro-organisms and Antarctica, cooking from the garden, raising the ducks and all the Science experiments.

### Samuel Carmichael

This year I enjoyed lots of things. One of them would have been having a really fun, exciting and very good teacher, teaching me stuff I didn't know. She let us have a garden, hatch ducks, make pizza, have lots of excursions and much, much more. So, Ms Knight, thank you for being my teacher this year.

### Rhett Wiggins

My most favourite bit of the year was the shadow plays. I liked it how we were able to design our puppets, then shine a light

against a sheet, then start presenting. Another favourite bit of the year was the ducks; it was so cool how they hatched and I also liked the duck race. The winner was Beaky.

### Archie Stevenson

My favourite bits of Year 5K would have to be raising our own ducks, representing Hutchins at the Interschool Athletics Carnival and doing our challenges for the year. With the ducks we were hoping to have 24 ducks alive but seven made it through. In the Interschool Athletics, I made the 800m and I filled in for the 100m and 100m relay. My favourite challenge was doing the City to Casino Fun Run in less than 42 minutes for 7kms. Year 5 has been the best year yet.

### James Anderson

This year I would say my favourite thing was camp because I got to do things that I've never got to do and I also went on a canoe. The best thing I tasted was the epic hot chocolate.

### Oliver Terhorst

I loved camp; it was good at nights and I learned to cook damper and make the wildest hot chocolate. Making pizza was fun too. I learned that yeast makes pizza.

### Nicholas Davey

This year was probably the best year so far with so many things to work on. My favourite was the Athletics Carnival

in Term 3. This is because it gave you a chance to run around and get fit. I also enjoyed the surprise of getting duck eggs in Term 3 and watching them grow into ducklings before giving them away. Unfortunately, only seven of the 24 eggs hatched.

### Henry Mitchell

It is really hard to choose a best thing. Everything was okay but the ducks; Science Fair and Antarctic walk were great. This year made me feel at home all the time.

### Henry Chambers

This year it was hard to choose a favourite thing to write about, so I have decided to write about my teacher, Ms Knight. Ms Knight has been my favourite teacher I have had since I have been at Hutchins because she is kind, friendly, fair and dedicated to what she does best – teaching.

### Jack Weeding

My favourite thing this year was going to the Museum and Art Gallery and trying on costumes and smelling items from the South Pole. I loved the meal we had at Mures café.

### Tenzin Phuntsok

I really enjoyed the Athletics Carnival because in the relay, Oscar Chau, Tom Taglieri and Charlie Moss and I came first in the 100m circular relay. Also I

# YEAR 5 KNIGHT

loved it when I took three ducks home for the weekend. Their names were Daffy, Beaky and Sandy. I really enjoyed this year and Ms Knight taught me so much.

**Benjamin Green**

My favourite thing about 5K was listening to the *Shaggy Gully Times* in Library lessons. It was the funniest thing I have heard. Camp was close behind it.

**William Mathot-Dewis**

This year I have been really annoyed by the fact that I missed out on excursions because of sickness. Still, this year was a brilliant one. Going to Orford instead of Bruny Island is an example of the different year we had. We did other things such as raising ducks and were burdened with the responsibility of a garden.

**Koh Kawaguchi**

My favourite thing in 5K was the Interschool Cross Country because I enjoy running. My next favourite thing was making pizzas; they were so delicious.

**Jonathon Towns**

My favourite part of the year was the great excursions that we went on to go with our subjects. I made lots of friends this year and have had a fun time. Ms Knight's class is great because Ms Knight helped me reach my full potential this year.

**Patrick Betts**

I really enjoyed Year 5 because I had the best teacher. What I liked best was the cooking with Helen and also going to the Science Fair.

**Benjamin McTaggart**

My favourite part of being in 5K was creating a brochure about the connections Hobart has with Antarctica. I found it exciting designing and writing paragraphs related to Antarctica's historical and present links with Hobart.

**Liam Mead**

In Year 5K it has been AWESOME! With all things we did, it is hard to choose between camp and gardening. But just having Ms Knight in our class was really the big highlight of my year.

**Liam Scott**

I really enjoyed Year 5 because I learned a lot about Antarctica and the convicts. Ms Knight has been the most caring teacher I have ever had.

**Hugh Oxbridge**

*Benjamin Green and Tenzin Phunthso on the Maria Island Ferry*

*Budding Scientists Archie Stevenson, Benjamin McTaggart and Henry Chambers at the Science Fair*

*Hugh Oxbridge and Alexander Hall, quite the colonial men!*

*Henry Mitchell at camp*

*Timothy Mison, Kiam Kinne, Benjamin McTaggart, Liam Scott, Benjamin Green and Rhett Wiggins*

*James Anderson and Koh Kawaguchi demonstrating the Southern Ocean Food Web*

*One of our many class feasts from our own vegie garden.*

*Liam Mead being examined by Dr Tara Anderson*

*More budding scientists Jonathon Towns, Henry Mitchell and Jack Weeding*

*Nicholas Davey loved to handle our class ducklings.*

*Patrick Betts and Mitchell Rickards enjoy their homemade pizza.*

*Samuel Carmichael serving up a feast from the 5K garden*

# YEAR 5 MARRIOTT

Year 5 Marriott

THIRD ROW: Oliver Lamb, Connor Noble, Finian Macrossan, William Stadler, Sebastien Horne

SECOND ROW: Joseph Bailey, Alistair Kinne, Alastair Vickers, Kade Rossiter, Toby Mison, Fergus Charles, Ryan Marshall

FRONT ROW: Declan Lee, Tom Taglieri, Declan Giltjes, Baxter Crawford, Lachlan Peacock, Gilbert McShane

TEACHER: Mr Scott Marriott

## Year 5 Marriott's Top 18 for 2011

1	Having Mr Chivers as a teacher
2	Socials
3	Having Mr Marriott as a teacher
4	School Fair
5	Excursions
6	Playing touch in Golden Time
7	Making new friends
8	AFL for winter sports and representing the School
9	School carnivals
10	Tennis
11	Collegiate activities
12	Canoeing and other activities on camp
13	Weekly quiz
14	Watching class performances
15	This Matters Challenge
16	Triathlon
17	Interschool carnivals
18	Centre work

**Making Friends:** Making friends during the year is an important part of our school life. It's important and fun. Our friends can help us, support us and take care of us. Our friends can also bring out the best in us. We have all enjoyed making new friends this year.

**Joseph, Connor and Lachlan**

**Collegiate Activities:** In Term 1, we all went to Parliament Street Park with the Year 5 girls from Collegiate. For lunch we sat apart and then we started to mingle. Soccer was the most popular, with boys against the girls. The girls had fewer players, so some of the boys played for the girls. For those who didn't like sports, they got to hang upside down in a tree or chat on the grass.

**Oliver and Alistair**

**School Socials:** In Term 3 most of the Year 5/6 Hutchins boys went to Collegiate's Linmore Hall. This was the best night ever! It was full of dancing and the latest hits from LMFAO, Lady Gaga and Hot Chelle Ray. It sure was a night to remember.

**Finian and William**

**Our Teacher, Mr Marriott:** Mr Marriott is the best teacher we have ever had. He teaches his students so well they actually want to do more! He teaches with such passion. You can tell he loves his job. We would love to have Mr Marriott for our teacher every year, until Year 12. We rate MR M 11/10!!

**Declan L, Declan G and Gilbert**

**Triathlon:** On Thursday 24 November, many Hutchins boys (around 115) made their way via car/bus or by foot, to Bellerive beach. There were over 2000 Year 3-6 students there to compete in an awesome triathlon event. By the end of the day we were all smashed!

**Fergus**

**Interschool Cross Country:** We arrived at school and hopped on the bus. We thought it was going to be a nice ride up to Symmons Plains. Then the girls from Collegiate got on the bus! All they did was gossip the whole way up. Luckily, some of the boys drove up with their parents and missed all the talking. We all agreed that the day was difficult, fun, scary and exciting. Ryan and I were not well and struggled. We finished though.

**Ryan, Tom and Kade**

**Mr Chivers:** Mr Chivers was awesome, because he is funny. We did learn a lot too. Maybe we learned so much because he made learning fun. He was cool to hang around and he never got too serious. It was great how we played a quick game between each lesson.

Thanks Mr Chivers!

**Sebastien and Baxter**

**Hutchins Fair:** The Fair was excellent, because it was a lot of fun and had some awesome rides. It also had great food and sweet mocktails. There were cool games such as the Dunk Tank. You have to try and dunk your teacher in a water tank! The Gee Whizzer was the best though.

**Toby and Alastair**

## YEAR 5 MARRIOTT

*Sebastien sharing his group's Island work*

*Connor being creative in the classroom*

*Finian presenting a delicious This Matters Challenge*

*Baxter paddling at camp*

*Joseph playing table tennis at camp*

*Kade, Fergus and Liam getting active*

*Lachlan and Ryan on the way to Maria Island*

*Oliver enjoying a paddle at camp*

*Alistair krilling it up at TMAG*

*Spelling can be fun!*

*Thomas and Alistair exploring bones from Antarctica*

## YEAR 5 MIZERA

### Year 5 Mizera

THIRD ROW: James Browne, Mitchell Hurst, Hamish Allan, Hamish Johnston, Hugh Jubb

SECOND ROW: Thomas Davie, Will Polley, Edward Gulline, Brentyn Muir, Alexander Titchen, Timothy Maclachlan, Fraser Brumby

FRONT ROW: Sam Canny, Samuel Ryan, Jack McTye, Timothy Mison, Oscar Chau, Charles Moss, Alexander Hall, Noah Polglase

TEACHER: Miss Kelly Mizera

# YEAR 5 MIZERA

5Mi has had a great year.

## MICROORGANISMS

In Term 1, we learnt about Micro-organisms and how yeast works in pizza dough. Here is a Diamond Poem about pizza:

### PIZZA

ham cheese  
 yeast dough paste  
 hawaiian garlic cone chocolate  
 bubble gum banana english toffee  
 vanilla choc chip

### ICE CREAM

by Hamish Johnston, Noah Polglase, Jack McTye and Fraser Brumby

## EXCELLENT NEW TEACHER

Our Limerick poem is about our super, excellent teacher Miss Mizera, who is new this year.

Her name is Miss Mizera  
 She is quite superior  
 She teaches all day  
 She gets her pay  
 Oh, that Miss Mizera

by Alexander Titchen, Charles Moss, Edward Gulline and Sam Canny

## ISLANDS

We wrote a Simile Poem about how we made our islands, when we were learning about Hobart's Colonial History. It was lots of fun.

Mixing glue like glue in a mixer  
 Glue flying like planes in the air  
 Slowly moulding the paper like clay  
 Paper Mountains arise like skyscrapers  
 Rivers painted to look like the sky  
 Teamwork shines like the sun  
 Our islands look like Hobart!

by Timothy Mison and Alexander Hall

## READING GROUPS

In class, we split into groups, and each group reads a different book. We answer questions about what we have read. Here are our Couplet Poems about Reading Groups.

Books, books, books galore  
 Makes us happy, evermore

Read it cover to cover  
 Think about your answer

Answer all the questions  
 Do it with your friends

by James Browne, Thomas Davie and Mitchell Hurst

Hamish Allen at TMAG

Noah Polglase with his periscope

5M in colonial day garb

## HOBART'S ANTARCTIC LINKS

This is an acrostic poem about the walk that we did in second term, following the locations of Hobart's Antarctic Links.

Awesome day  
 New experience  
 Teacher guides  
 Adult assistance  
 Really fun  
 Cathedral  
 Town  
 Interesting  
 Chips  
 Always moving  
 Water by Mures  
 Awesome  
 Learnt new things  
 King of fish

by Will Polley, Hugh Jubb, Timothy Maclachlan and Samuel Ryan

Hugh, Edward and Timothy canoeing at camp

Mitchell Hurst learning about volume

Thomas Davie making his periscope

Year 6 Berry

Year 6 Prebble

THIRD ROW: Edward Bowden, Hamish McCulloch, Daniel Kelleher, Xavier Dixon, Benjamin Feeger, Benjamin Reed, Dane Friberg

SECOND ROW: David Humphrey, Samuel Caccavo, Harrison Bignold, Peter Mercado, Thomas Bester, Rupert Johnston, Thomas Baddiley, Timothy Lindsay

FRONT ROW: William Harris, Jeremy Reid, Tasman Daengdej, Noah Larratt, Nicholas McIntyre, O'Dell Crittenden

TEACHER: Mr Gary Prebble

## Leadership Camp

On 15 February, Year 6 had Leadership Camp at the Orana campsite, Roches Beach. The main focus of this camp was to introduce us to some of the qualities that a good leader possesses, including the Habits of Mind. This is also where we found out about the Get Active Program, although it was not called that at the time. We participated in a wide range of activities to learn these qualities. Some of these activities included getting the maximum number of people on boxes, which promoted teamwork, orienteering

with a GPS, an obstacle course, as well as learning some games for Get Active. The camp was an outstanding learning experience, and a great start to Year 6, as the leaders of the Junior School.

## Enrichment Activities

Enrichment Week was about being pushed to your absolute limit in various activities. We were split into three groups; all groups participated in bike riding, rock climbing, surfing and dancing. Two groups participated in orienteering, while the other played disc golf. These activities were all challenging but exciting.

Surfing was one of the activities. The South Coast Surf School introduced us to surfing if we hadn't surfed before. We were all on the water waiting for that one wave. It was a great day, the wind was blowing, the sun was out and best of all the waves were pumping.

Bike riding was a brilliant experience for everyone, whether they had ridden before or hadn't even touched a bike. We went rock climbing at the Moonah Sports Centre; it was quite challenging. We learnt how to belay, climb and how to boulder which is free climbing.

These days were great fun, hard and made us try new things. Overall it was a great experience.

## Habits of Mind

This year in Year 6 we have been focusing on an area of leadership called the Habits of Mind. All sixteen of the Habits of Mind consist of strategies we use in our daily lives and help us in our lifelong learning. The sixteen habits of mind are: Taking responsible risks, Communicating with clarity and precision, Managing your impulsivity, Persisting, Questioning and problem solving, Applying past knowledge to new situations, Listening with empathy and understanding, Thinking about your thinking (metacognition), Finding humour, Creating imagining and innovating, Thinking interdependently, Thinking flexibly, Responding with wonderment and awe, Gathering data with all senses, Remaining open to continuous learning.

Some examples were evident in the following activities: Great 'persistence' was shown by those students who climbed to the top in our rock climbing activity. Students were 'Thinking interdependently' when working in groups during our leadership camp. 'Responsible risks' were taken throughout the year by students demonstrating their talents in front of their peers and to a wider audience. Many other Habits of Mind were demonstrated and we congratulate all Year 6s on their excellent efforts.

The Habits of Mind can be applied to almost any situation. There is no order of importance, as the qualities required in different situations will vary.

## Canberra/Melbourne Trip

On 18 April, 2011, Year 6 met at Hobart Airport for a 6am departure for Melbourne. We were heading for Canberra! When we arrived in Melbourne, we boarded a bus and made our way to Ballarat, ready for our visit to Sovereign Hill. Most of the day was spent there before we hopped back on the bus and travelled back to Melbourne Airport. It was time for another plane trip, this time to our final destination, Canberra. The plane landed quite late at night. We were all very tired after a hard day. On the way to our destination we stopped and collected our dinner for the night before travelling the rest of the way to our accommodation, which was actually in NSW. After arrival at the accommodation, we had dinner and settled into our dorms for the night. We were up early the next morning ready for the day ahead of us. The next few days passed in a blur, a nonstop frenzy of visiting the local sites. We went to both Parliament Houses, the War Memorial, the National Art Gallery, shopping at Canberra Centre, a bike ride around Lake Burley Griffin, swimming at the AIS and spectacular mountain views atop Mt Ainslie, with souvenir collecting along the way. Everyone was ready to return home by the end as we had crammed a lot into four days. The plane touched down in Tassie late at night, and we were all extremely tired. Everyone enjoyed being away, and the whole trip was a magnificent experience!

## Get Active

Get Active is a daily physical education program that started in Term 2. It was to improve leadership and maturity in Year 6 students as well as to improve the fitness and health of the whole Junior School. Three mornings a week we organised a range of games and activities such as aerobics, interval training, yoga and cross country as well as games like dodge ball, octopus and

relays. The activities were taken by a group of two or three Year 6 leaders. Over the terms, we have learnt how to run and participate in all these activities more efficiently. When we came close to the cross country and athletics we concentrated on certain attributes of running, jumping and throwing. Overall, we think everyone enjoyed this year's Get Active program, and we hope that the Year 6s next year, will enjoy running Get Active as much as we did.

## Environmental Leaders

The Environmental Program has radically changed. Six dedicated boys, under the tuition of Ms Knight, who was always there if we needed help, banded together to come up with plans to make our school more sustainable.

We started off with a visit to the tip. Our aim: to reduce waste in our school. We focussed particularly on paper waste, because re-using is better than recycling. And then along came the Climate Change Trail. We teamed up with the University of Tasmania to create a trail that will showcase how climate change is affecting our everyday lives. We interviewed world-class climate and environmental scientists. These interviews were filmed, and will hopefully be compiled into an interactive iOS application. We then attended the Kids4Kids conference where we led Snug Primary School and Margate Primary along our trail. At certain spots there were scientists talking about the spot and its climate change significance.

Overall, 2011 has been a great year for the dedicated environmental leaders.

## ICT Leaders

The ICT team of 2011, although not obvious to everyone, have been actively working behind the scenes. In Term 1, we met at lunchtimes to discuss how we would operate throughout the year. We also went to a couple of the MS/SS ICT meetings to gain an insight into the kinds of projects carried out at their level. Once we were familiar with the general idea of things, we set about participating in our

roles as JS ICT leaders. One of our most public tasks was to reorganise the printer cartridge system, travelling throughout the JS and ELC collecting printer details, ordering the correct ink cartridge, and delivering it to the individual classrooms. Our other tasks consisted of things like managing the tech box in assemblies, with leaders handing audio, slide shows/ videos and lights, tending to general maintenance, as well as just helping classes, teachers and students when they require it.

## JAFFA/Chapel Leaders

JAFFA (Jesus.A.Friend.For.All.) this year was a very big success with a lot of people attending the Tuesday lunch sessions. We had six committed leaders Thomas Baddiley, Maxillanos Kokkoris, Phelin Ndimanyi, William Crean, Xavier Dixon and Thomas Young. Helping us along the way was our mentor Rev Mark. He was very helpful when we needed him and listened to all of our suggestions for themes. Some of our themes were English Premier League, Newspaper Hockey, Crab Soccer, Minute To Win It, Carnival Games and Grand Final Fever.

Other than JAFFA, the chapel services were also great fun. We had to get to chapel early so we could get everything prepared: writing prayers, practising readings and running the PowerPoint.

People who wrote the prayers sometimes had assistance from the helpful hands of Mrs Hasenkam.

JAFFA was awesome!

## Charity Leaders

The 2011 Charity Group, seven students devoted to helping those in need, have been actively fundraising all year. Most of our Monday lunchtimes this year have been spent discussing charitable events. This year the Charity Group has made a difference to people around the world. With the help of charity leaders, Matthew Burgess, Owen Law, Oliver Farid, Harrison Bignold, Alec Kelly, Tasman Daengdej, Lewis Wood and the charity teachers, Mrs Bullen and Miss Vivarelli, we were able to hold an event called 'Lap It Up.'

'Lap It Up' was the major fundraiser for the year. The students of the Junior School collected sponsors, with the students earning money for each lap of the WMO. We raised over \$8,000.

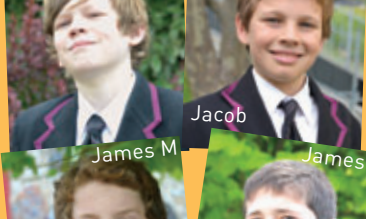

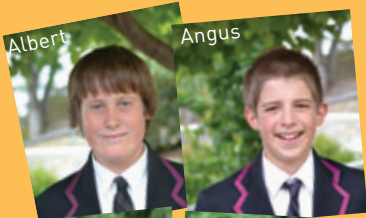

We donated this money to The Red Cross Flood Appeal, The Cancer Council (Canteen), and we sponsored a child through Kiva and The Heart Foundation. We also donated money to Doctors without Borders through money raised from Whacky Hair Day.

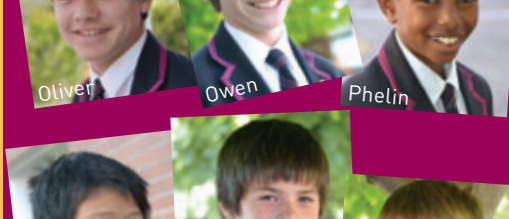

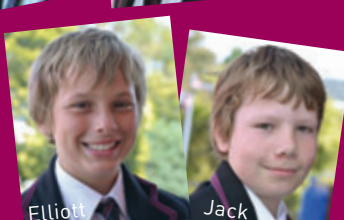

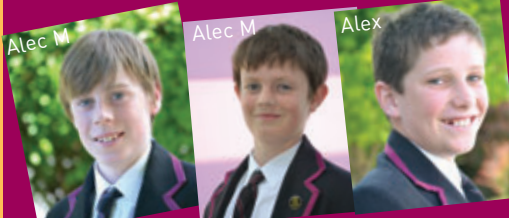

Charity Group students presenting a donation to the Red Cross Flood Appeal

# BULLEN BOYS

# PREBBLE BOYS

## The Middle School 2011 Our boys have their say

### Mr Addison

**Thomas Maughan:** The words 'great hockey coach' would be an understatement. Mr Addison respected us all equally and the team respected him. He was very enthusiastic (even training in the rain!), and had the right balance between seriousness and fun. For Mr Addison it wasn't just about the star of the team. He helped me improve my game on the grass and AstroTurf. Thank you, Mr Addison.

**James He:** As our Maths teacher, he is pretty good and can teach his students a lot of new things. He has a good personality and can be relied upon to make a few funny jokes at times. But I can also say that Mr Addison has given us some exercises that were challenging. So, our class finished the year feeling that we all had a fun time in his Maths class but that at the same time, we were challenged and learnt new skills!

**Thomas Macrossan:** As our Mentor, Mr Addison has supported us through our first year in our new environment. He has helped us take on our new responsibilities by making sure none of us was left too exhausted. He has made our year with him very enjoyable with his great sense of humour. I know that if my classmates or I are successful in future, he will make sure his future students know.

### Mrs Stoddart

**Douglas Bignell:** Mrs Stoddart is doing a fantastic job as our basketball manager this season. She is extremely organised and efficient, a good communicator and gives lots of positive encouragement. She especially encourages us to, 'talk, boys', as we tend to be a bit quiet at times, (she never says that during class). We thank Mrs Stoddart for all her work as our manager.

**Alexander Pace:** Mrs Stoddart is our teacher for SOSE and English. We think of her as one of the best teachers we have had. She is not only smart but has

a sense of humour and can tell us some funny stories. At the same time, she is tough on boys when she needs to be. Mrs Stoddart has all the attributes of a good teacher and that's why so many boys are very happy to have her as their teacher and Mentor.

**Fenn Gardner:** Mrs Stoddart has helped us and we have had a lot of fun with her. We have done various things ranging from dancing to playing scategories. I reckon there are lots of other boys who are jealous of our dancing lessons with her. I think Mrs Stoddart is the most creative Mentor in Year 7. Added to that, she has had to put up with us all year and she has survived!

### Mr Leonard

**William Scott:** As Leadership Co-ordinator, Mr Leonard has done a wonderful job in helping students develop better leadership skills. He has helped me extensively in my goal of becoming a Middle School Leader. He has taken his own time and effort to help

students become Leaders and Council Members. He was always available to have a chat to about various ways to achieve our leadership targets.

**Stuart Carnaby:** In walks our teacher, Mr Leonard, saying, 'Rightyo, men.' Then, the lesson begins. In Maths or English, we always have a great time until up comes the dreaded screen saver on his computer: the England scores in the Ashes when they won by miles. We always get lots of work done, because he is willing to help us get better. Sadly, he goes for Bolton Wanderers.

**Jack Wallace:** Mr Leonard is a wonderful Mentor. He is never angry unless you get him cross and he tries to have a laugh even if you're not in the mood. But, you have to be English to get some of his jokes (even the one English boy in our class doesn't get them). Overall, he is a top bloke and he always makes you laugh. Mr Leonard is a great Mentor even no-one in our class can say 'pastoral' properly.

**Mr Sayers**

**Henry Moss:** Mr Sayers has been very supportive and has known how to keep the team going through thick and thin. When needed, he has been a very fair umpire, too. Overall, Mr Sayers has been an excellent coach, helping teach us skills, tactics and the basic elements of good sportsmanship, while also having the ability to remain a friend to our basketball team.

**Jack Green:** Mr Sayers is my teacher for Maths and English. The enjoyment and fun he brings to class are most appreciated. In English, all our lessons have been entertaining and informative. In Maths, the amount of work we have covered is dramatic. He has made all the

work easy to understand; I have learnt lots along the way and progressed far. Our year has been a challenging but successful journey.

**Jake West:** Being new to Hutchins this year, I found that Mr Sayers really helped me settle in. In those first days, Mr Sayers helped me sort out which lessons I had and where I needed to go. He also really helped me be more confident around others. We've all settled in and coming to the end of the year, we really appreciate that he has a joke from time to time and that he is a really great Mentor.

**Mrs Waters**

**Benjamin Lienert:** Mrs Waters welcomes each boy into the team immediately and throughout the season, keeps them under her steadfast eye. She helps them speak confidently and clearly and construct detailed and strong arguments that take the team into the debating finals! She is the best debating coach I have ever had and I thank and congratulate her for a great season. Three cheers for Mrs Waters!

**William McCullum:** Mrs Waters has been a great SOSE teacher and has encouraged us to learn more. In Term 2, we completed a group project on ancient civilisations. Mrs Waters was very helpful by assisting us with research materials and helped us finish on time. We all really enjoyed participating in this project. A big thank you to Mrs Waters for all her hard work in our SOSE classes.

**Ben Speakman:** Mrs Waters has been a great Head of Year 7. From the minute we arrive in the School, we Year 7s have realised that Mrs Waters is kind, helpful and extremely well-organised. She has helped Year 7 teachers as well, when

they couldn't make it to Mentor Group. So, Mrs Waters is a very important member of the Year 7 staff and every boy in our Year Group is very thankful.

**Mr Hyland**

**Lockie Fraser:** Mr Hyland was an incredibly committed coach of our hockey team. He was persistent with every player and this persistence helped us all grow as hockey players. He struggled to coach us on Wednesday nights, as he had to look after his young children but he found a way and this commitment was greatly appreciated. Our high point would be Mr Hyland's elation after our grand final.

**Zachary Vassallo:** Mr Hyland has proven to be a great teacher, helper and just generally a good person to talk to. His good-natured self and friendliness always make it easy to ask him a question and most of the time, he'll probably know the answer. Mr Hyland and his 'Habits of the Mind' have helped progress the learning of each and every one of us.

**Henry Johnstone:** Being a Mentor is a tough job. You have to be strict but fair; nice but sometimes harsh, with qualities like tolerance and patience. Mr Hyland fulfils all these to the best of his ability or as he says, to better than your best. He is very calm and patient with our class who at times, are very rowdy. One of my favourite experiences with Mr Hyland was his great attitude on camp.

**Mr McCammon**

**Oliver Burnell:** Mr McCammon has long been the Co-ordinator of Middle School Sailing with great enthusiasm and commitment. He is there, every Wednesday night, giving up valuable

sailing time for himself, standing on the beach, helping co-ordinate the three Hutchins teams. I'm certainly looking forward to continuing my relationship with Mr McCammon long into the future.

**Lachlan Paul:** Mr McCammon is a great teacher and his years of experience show through his diverse activities, class control and use of media to help us understand. At the start of a new subject, he shows us a movie, some helpful definitions and a safety overview, before launching into the subject. He also sets a good amount of homework that allows us to learn.

**Isaac Denholm-McCredie:** Mr McCammon has been a great Mentor. He has made sure we do all our homework on time especially for Science, of course. With computers, he usually needs to ask someone else how to use them but he has a keen eye for catching any members of our Mentor Group who are using their iPods instead of doing silent reading.

### Mr Berndt

**Lewis Freeman:** In Badminton, Mr Berndt was coach of Year 7 and 8. He did a very good job. He taught us a lot of new skills that will be very useful in further matches, such as drop shots and perfecting our smash techniques. Throughout the season, it was easy to see the constant support and humour

that Mr Berndt gave with both our wins and losses. So thank you, Mr Berndt.

**Himaushu Hardikar:** Mr Berndt teaches Design and Technology. He is a favourite teacher, because he doesn't muddle anything up. He sets out goals for us to achieve and explains what we have to do in a calm yet firm manner. If one of us is having trouble understanding or applying something, he comes over and helps us without giving away the answer. So all in all, Mr Berndt is a great teacher.

**Liam Johnston:** Mr Berndt as a Mentor is a great guy! He is caring and always willing to listen. If you have a problem, then he is always open to have a discussion about the best way to get around the problem or work through it. He is the reason why 8CBe has had such a successful and fun year! On camp, he was exactly the same: a great teacher and an all-round good person.

### Mr Prior

**Rainjan Blakers:** Mr Prior has kept everything running smoothly with both Year 7s and 8s at matches and training. He has taught and helped us with skills from where to pitch the ball when bowling to where to place the fielders as a captain and more. Having him as a cricket coach has been great, as we can really concentrate on our cricket while taking in his expert advice.

**Jordan Hargrave:** Mr Prior has been a great PE Teacher. He has introduced us to many new sports, making sure we knew how to execute the necessary rules and skills properly. Often, he joined in our games and umpired as well and Mr Prior was a strong competitor to be up against. His competition made PE more fun for everyone in our class. Thank you, Mr Prior for a great year of PE.

**Hamish Fife:** Mr Prior is a great Mentor. He has not just made us sit down in Pastoral Time and read a book but we also do things that are fun. He doesn't get angry easily, even when a student comes in late every day with his shirt untucked and top button undone. He is very supportive of all his students and wants everyone to have fun but learn as much as they can at the same time.

### Mr Geale

**Jonathon Clark-Hansen:** Our production of 'Llet' was a very enjoyable experience. Our director held us together with constant reminders about stage craft. His humour always helped us to get back on track probably more than some stricter methods would have. We wrote our own script with expert input from him. In short, Mr Geale is the string that holds us all together and we are very thankful.

**Theo Kessler:** Mr Geale taught us from the very basics of drama to mime and comedy up to how to create our own movie for the Errol's. He taught us how to use green screen and movie cameras; how to do the special effects and use photo shop to make it look professional. Mr Geale also set tasks that would boost even the shyest person's confidence on stage. Overall, he has been an excellent teacher.

**James Crean:** Mr Geale has influenced my choices quite a few times this year. To help you meet your potential he encourages you to make the most of the opportunities that are available. He is always willing to talk with you seriously about problems. All these things I think are what a Year Head is about, communication, being able to have a laugh and also having a serious side.

It remains for me to thank those who took on extra work during my Long Service Leave: Mrs Waters, Mr Leonard, Mr Docking and Reverend Mark Holland. On behalf of the boys, I would like also to thank Mr Docking, our School Counsellor, Reverend Matt Gray, our Chaplain, our Matron, Ms Andrea Kooyman and our Middle

School Secretary, Mrs Donna Beadle. Thanks to those many others around our school who have helped our boys and a big thank you too, to the boys themselves who have made our job so enjoyable and rewarding.

**Ian McQueen**  
**Head of Middle School**

## Upstream

It may seem whilst one is struggling in life,  
That our existence is like one big river.  
And while a trout might swim and part  
the water like a knife,  
A goldfish will struggle just to move a sliver.

But like life, a river may not seem so smooth,  
A trout might go speeding along and miss the underwater obstacle.  
But a goldfish will be steady and still have time to move,  
For safety and enjoyment are what matters most of all.  
But progress must not cease to be in play,  
For if one does not fight the current and try to cleave  
They may never find a change in journey till the end of their day,  
And meet a place where they will never leave.

For while the faster you swim the harder you collide,  
And the easy way may lead you to the harder way,  
The balanced well-planned way can leave you feeling fortified,  
And you may feel safe knowing you have chosen the right way.

But if one keeps pushing in life,  
And focussing on what lies ahead and not what's immediate,  
They will see that struggling in life will land you in strife,  
But the one that chooses in advance may yet be free of it.

**Benjamin Jarvis**

Deep glass green seas  
Chew rocks with their green glass jaws  
But little waves  
Nibble softly at the sand.

**Samuel Smith**

## Dark Storm

The storm raised his dark head  
and bore down on the mountain.  
Wild winds ripped at the trees,  
grabbed at their trunks  
and threw them about  
as if they were toothpicks.  
Yet the storm gave mercy  
and moved on.  
But the damage had been done.  
Not a single tree was spared.  
The storm had left the mountain bald.

**Matthew Behrens**

Winner of The Hutchins School Poetry Writing Competition, Intermediate Division

## Sun on the water

The mighty lion in the sky smiled over his pride.  
As he rose over the horizon  
His rays shaded the grey elephants,  
Hues of peach and tangerine  
As they lingered about the wild blue sky.  
The distant trees wandered and weaved  
As they bathed in the new day beginning  
And the glitters on the water  
Danced like lizards  
Shimmering  
Glimmering  
Illuminating the day.

**Ziah Cooper**

## The Storm

Swiftly but silently the storm approached.  
Silvery skies swept all about.

Sedated waters sprung up high,  
Showering sailors in spiteful spray.

Trees were stripped of their summer glory;  
Souls were torn from their skeletal shells.

Never shall we forget what  
Cyclone Simon brought that Saturday night.

**Lachlan Paul**

## Fog

Fog crawling down the riverbed  
Stealthily  
Silently  
Hiding nature's secrets  
Keeping to itself  
Thinking deeply  
All too aware of its short life  
Fog cleared by noon.

**Lincoln Paine**

## The sun

Started to slip over the horizon  
Sending sparkles of light  
Over the still, calm sea.

Scullers rowed gracefully,  
Like eagles  
Flying through the air.

The fog  
Followed itself around,  
Teasing the water  
Sitting still and silent.

Commuters in their cars  
Headed to work.  
Speedboats started,  
Coxes screamed at crews.

As the rowers passed  
The water became still, silent.  
Like a sleeping dove  
It sat in wait  
For the next rowers' morning.

**William Burbury**

## The Waking of the World

The sun rose slowly  
Lighting up the distance  
With a beautiful glimmer.  
I felt its warmth  
As the first beam of light  
Shot across the water  
Like a speeding bullet.  
Millions of tiny pockets of light,  
Sparkling like a shining chandelier  
Bounced in all directions

I had woken  
The sun had woken  
The world had woken.

**Ayrton Rose**

## Letter from a sailor accompanying Abel Tasman in November, 1642.

Dear Mother and Father,

Today is Monday, 24th November and we have sighted land! Hibbs was in the crow's nest and was climbing down through the futtock shrouds when he sighted a land of rolling sand dunes leading up to the purple hills. There were mountains in the distance and some were capped in snow even though it is summer here.

We've had an eventful last few weeks. The sea was very rough a couple of days ago and we had to lie a-hull for two days. The storm was inspiring, the waves were massive; some must have been fifty feet high! The air was filled with flying spray and the wind shrieked through the rigging.

After sighting land (we called it Point Hibbs) we sailed for a day in lovely weather. The huge cliffs were incredible and there were sea birds all around the *Zeehaen*. On Thursday 27th we dropped anchor in a pristine bay. We rowed ashore and heard strange voices through the trees. We returned to the ship feeling very nervous.

We made a map of the area and, before we sailed, the carpenter swam ashore and planted the flag. At this moment we are heading east towards new lands.

With love from your son,

**Patrick Eberhard**

## Diary of a Free Settler at Risdon Cove, 1803

September 17th, 1803

5 days ago the Albion arrived with the rest of the supplies and crew, including Bowen. He instructed us to land the livestock by lashing two boats together. The shore was muddy and it was difficult to land. Pigs kept getting stuck in the mud and I was told to help.

On the 13th and 14th the stores were landed from the ships. The next few days were spent building and clearing the landscape. Just today, heavy rain fell turning the shore into a bog.

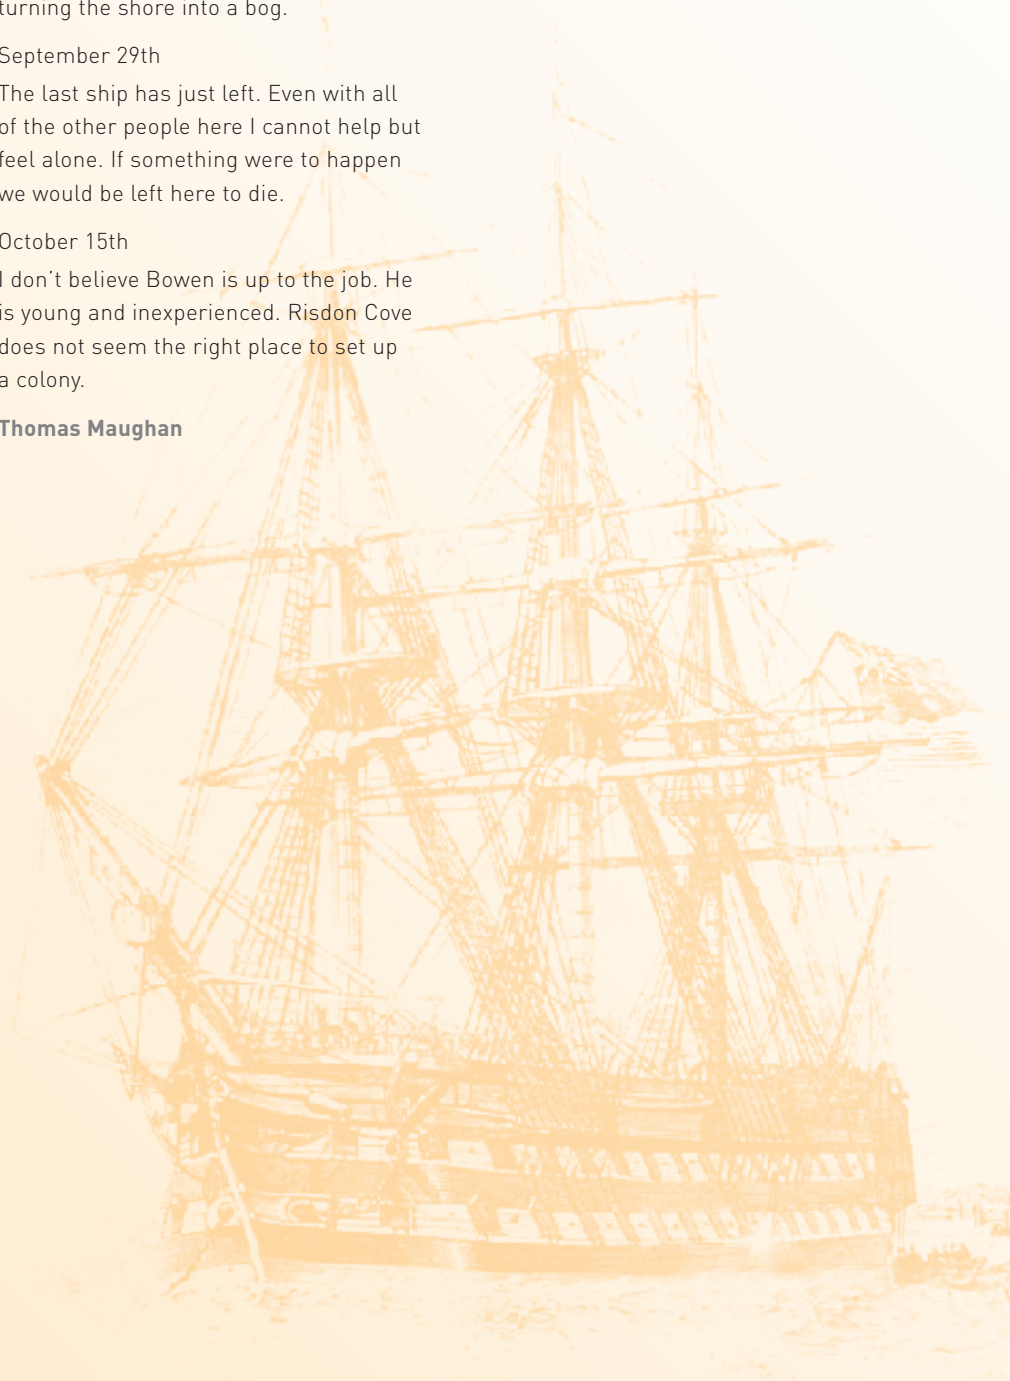

September 29th

The last ship has just left. Even with all of the other people here I cannot help but feel alone. If something were to happen we would be left here to die.

October 15th

I don't believe Bowen is up to the job. He is young and inexperienced. Risdon Cove does not seem the right place to set up a colony.

**Thomas Maughan**

Each year we welcome over ninety students to the Middle School. Prepared with advice from parents and encouragement from their new teachers whom they met on Step Up Day, they enter Year 7 full of anticipation – and a few nerves. *I'm going to try my best but will I cope with the academic expectations? What about all the rules? An hour of homework every night sounds a bit alarming. I can't wait for the sports program to get underway! Will I make friends? I hope we get to use Bunsen Burners in Science, but dissecting an eye sounds gross. I wonder if Mum'll let me have drum lessons? I think the Year 7 camp will be fun...* these and many other thoughts go through their minds.

I regularly promise parents that by Easter their sons will be happy and secure in their new surroundings, well on the way to having a fulfilling and exciting year. 2011, I am very happy to report, saw my predictions once again come true. It was a wonderfully busy year in which every student confronted and dealt with the challenges we throw at them, and in meeting those challenges was able to grow and learn, establish new friendships and experience new activities as well as to laugh and play. I thank them and wish them well as they head into the next stage of their educational journey.

*Year 7 is great  
I've had a wonderful time  
Can't wait for Year 8!*

Jake West

The four Mentors, Mr Ian Addison, Mr Matthew Sayers, Mr Ivor Leonard and Ms Teresa Stoddart, supported, nurtured, guided and inspired their charges as they developed from those early, anxious days into confident, competent young men. They work tirelessly to help each student achieve to the best of his ability and I thank them from the bottom of my heart.

**Janet Waters**  
Head of Year 7

## The Year at a Glance

### Term 1

#### February

Pastoral Week  
Summer sport programs start  
Middle School Swimming Carnival  
Camps start

#### March

Camps continue  
Performance of *Verbal Combat*  
Mother and Son Evening: *Stand Still*

#### April

Social at Collegiate  
Grandparents' Day  
Progress Reports and Family Teacher conferences  
Learning plans  
Winter sport gets underway  
Easter

#### May

Winter Sports Day  
Science Day with Collegiate  
NAPLAN testing  
Academic Extension afternoon  
Cross Country  
House Drama  
End of Term 1

### Term 2

Mr McQueen is overseas enjoying his long service leave and Ms Stoddart has a term's leave to visit family in Poland. Mr Leonard takes Mrs Waters' place as Year Head, Rev Mark Holland takes over the running of 71Le and Mr Docking looks after 7TSt. Mrs Nogajski, Mrs Heazlewood, Mrs Neasey and Mr Hyland ably fill holes left by the reshuffle.

#### June

Students get straight back into the academic program. Academic competitions start.

#### July

First Major Reports issued. Family Teacher conferences  
Semester Changeover. In LOTE, students change from French to Chinese and vice versa.  
Years 7 and 8 Football teams travel to SOC

### August

History Walk and Anniversary Lunch  
Tasmanian Maths Relay  
Athletics Carnival at the Domain  
Year 7 into 8 Electives Expo and Information Evening  
Social at Fahan  
The Errols  
Academic Extension Afternoon 2

### September

End of Term 2

### Term 3

Mr McQueen and Ms Stoddart are back

### September

Return to summer sport  
Rehearsals for *The Pirates of Penzance* start in earnest  
Motivational media: *'What about me?'*

### October

Progress Reports  
Poetry and Prose in Performance  
Competition  
Show break

### November

School Fair  
Middle School Musical: *The Pirates of Penzance*  
House Debating  
Middle School House Challenge Morning  
Outdoor Education extra: Urban Challenge  
Year 7 Project: 'Heroes'  
Step Up Day  
MS House Theatre Sports

### December

Hutchins Social  
Cricket v LCGS, SOC and Peninsula School  
Academic Extension Afternoon 3  
Year 7 Project display  
End of Year Activity Morning and lunch  
Valedictory Assembly  
Speech Night

Year 7 in a word?  
'AWESOME!'

**Louis Duckett**

## Awards and Achievements in the Classroom

### Alliance Française

Mention Honourable: Stuart Carnaby  
Participation: Matthew Behrens, Jake West, Thomas Skalicky

### ICAS Spelling Competition

Distinction: James He, Stewart Jackson  
Credit: Daniel Croser, Edward Johnstone

### Australian National Chemistry Quiz

High Distinction: Patrick Eberhard  
Credit: Benjamin Lienert

### ICAS Computer Skills Competition

Credit: Julian Cruse, William McCullum, Lewis Urquhart

### ICAS Writing Competition

Credit: Benjamin Lienert

### ICAS English Competition

Distinction: Jack Reid, Stewart Jackson  
Credit: Daniel Croser, Jack Green, Benjamin Lienert

### ICAS Mathematics Competition

High Distinction: Edward Johnstone, Thomas Maughan, Jayden Stevenson  
Distinction: Rainjan Blakers, Daniel Croser, Mason Doust, Sean Lowrie, Fergus McShane, James Taranto  
Credit: Lewis Urquhart, Benjamin Lienert, Ian Hamilton, William Burgess

### Australian Mathematics Competition:

High Distinction: Jack Green, Jayden Stevenson  
Distinction: James Taranto, Fergus McShane  
Credit: Jake West, Thomas Maughan, Benjamin Lienert, Stewart Jackson, Charles Greenwell, Mason Doust, Daniel Croser, Stuart Carnaby

### Tasmanian Maths Competition

Best student of Year 7: Stewart Jackson

### ICAS Science Competition

High Distinction: Daniel Croser, Thomas Maughan  
Distinction: Stewart Jackson, Edward Johnstone  
Credit: Michael Boulton, William Burgess, Mason Doust, Patrick Eberhard, Jack Green, Benjamin Lienert, Fergus McShane, Thomas Skalicky, Lewis Urquhart

### Poetry and Prose in Performance Competition

Year 7 Winner: Stuart Carnaby  
Honourable Mentions: Daniel Croser, William Burgess, Edward Johnstone

### Epilepsy Trivia Challenge

Rainjan Blakers, James He, Campbell Braithwaite, Theo Kessler

### Tournament of Minds

Fergus McShane, Daniel Croser, Stuart Carnaby, Michael Boulton

### United Nations Public Speaking Competition

Michael Boulton

### Hutchins Poetry Writing Competition

Intermediate Division Winner: Matthew Behrens

### Service and Leadership Awards

Colours: 60 students received their Braid.  
DCW: Lewis Freeman, Michael Boulton, Daniel Croser, Jake West, Jack Reid, Jock Parsons, William Burgess, Nat Franklin, Thomas Maughan, Sean Lowrie, Stuart Carnaby, Edward Johnstone, Andonis Pavlides

Service Hours: Harrison Davidson-Lim, Louis Duckett, Edward Johnstone, Michael Boulton, Benjamin Lienert, William Burgess, Sean Lowrie, Connor Schmidt, Thomas Maughan, Riordan Macbeth, Theo Kessler, Jack Green, Ian Hamilton.

### Sporting Success

Athletics: Russel Taib, Lewis Urquhart, Harrison Briant, Thomas Maughan, Angus Reid, Mason Doust, Benjamin Denduang, Jack Reid, Fergus McShane, Nat Franklin, Rainjan Blakers  
Basketball: Jake West  
Cricket: Rainjan Blakers and Thomas Skalicky  
Cross Country: Connor Schmidt, Nat Franklin, Fergus McShane, Russel Taib, Lewis Urquhart, Patrick Eberhard, Andonis Pavlides, Harrison Briant, Rainjan Blakers, Benjamin Denduang, Edward Johnstone, David Geary  
Futsal: Declan Stephenson, Nat Franklin, Harrison Briant, Stuart Carnaby, Lewis Urquhart, Connor Schmidt, Nicholas Thomas, Benjamin Denduang  
Rugby: Jack Reid  
Sailing: Toby Burnell  
Soccer: Roan Gillam, Connor Schmidt  
Swimming: Angus Lane, David Geary, Oskah Marshall, Nat Franklin, Michael Boulton  
Table Tennis: Riley Clutterbuck  
Tennis: Jesse Russell, Harrison Briant (Middle School Tennis Champion)

Year 7 Addison

FRONT ROW: Toby Burnell, Riley Clutterbuck, Campbell Braithwaite, Benjamin McShane, Theo Kessler, Maxwell Beattie  
TEACHER: Ms Teresa Stoddart

**Year 8 2011** is a group that, combined, could just about do anything. Amongst its ranks are students who have excelled in almost every area imaginable. Together there is enough accrued knowledge, ability, skills, endeavor, imagination, courage, spirit, creativity and passion to ensure a very bright future indeed for our country.

I asked them to tell me about their year. It was marvellous to witness the pride the students have in each other as they recounted their achievements and reflected on their time in the Middle School.

Charles Lane, Lachlan Brumby and Benjamin Johnston had this to say:

*This year 8AHy has had many successes varying from leadership to sport to academia.*

*We have had lots of recognition at national level in sport. 20% of the class competed at state level for Rugby, Water Polo and Sailing.*

*Academically we were successful too. In the ICAS Mathematics Test, for example, 20% of our class got in the top 10% of the state.*

*A fifth of our class is on the Middle School Council making up more than a quarter of its total.*

*We have worked well together over the year and this was highlighted on the Year 8 Camp. Our class was split up slightly but we still worked efficiently and everyone got along.*

*At the Fair our class ran the snow cone stall and it was a success. Everyone participated enthusiastically and was willing to help.*

*Overall this year has been great, and everyone has increased their friendship with other members of the class.*

Benjamin Jarvis and Lachlan Paul spoke very positively about their time in 8RMc:

*Year 8 has been a fantastic year for all of the students in 8RMc. We have all had our highlights of the year such as camp, Athletics, Cross Country, Swimming or one of the many other fun activities we have done.*

*There has been much academic success in our class for the ICAS tests with many students gaining distinctions, Lachlan Paul and Benjamin Jarvis did a great job in the ICAS Maths Test with both of them ending up in the top 1% in Australia.*

*We had excellent results from our class for the Athletics and Cross Country Carnivals with Zachary Vassallo, Ziah Cooper, Samuel Fergusson and Caleb Berriman all coming in the top five athletes for Year 8. Caleb also managed to win the award for Top Athlete of the Carnival.*

*We all had a great time at camp despite the poor weather at the start of the week. It cleared and everyone thoroughly enjoyed themselves and we all came back smiling.*

*In Go Karting Zachary Vassallo also managed to represent Tasmania in various competitions and was awarded Best in State at the State Championships. Our class has had a lot of success in Football with Caleb being selected for the State Academy.*

Michael Young and Donald Bradshaw spoke on behalf of 8CBe:

*There have been many highlights this year for 8CBe, with Cross Country, Year 8 Camp at Freycinet, Music Camp, winter sport, Drama productions, the musical and academic competitions.*

*Liam Johnston has shown great leadership in the class becoming Class Captain in the first semester followed by Michael Young in the second.*

*The Year 8 Camp proved challenging, with long walks, big heavy packs and kayaking in the cold. It was a great experience though and everyone in the class was grateful for what they had achieved when they came home.*

*We have some great minds in 8CBe with Nicholas Welling receiving many awards for academic achievements as well as Liam Johnston, Liam Kelleher and Michael Young.*

*Many of our students received sporting achievements with Liam Johnston, Connor Spaulding and Donald Bradshaw in our class getting in to the Inter-School Cross Country team.*

*8CBe has a great set of people, everyone got along and we all showed great leadership in our own ways helping each other out and I'm sure we will all miss this class when we leave.*

Hamish Fife was Class Captain of 8APr and had this to say:

*This term for 8APr has been great. In the Sports Awards Assembly we loved watching Oliver Burnell and Jock Calvert receive the Most Improved Sailor Award (which they shared). They also represented Australia in sailing; Jock went to San Francisco and Oliver went to Germany.*

*We had one state representative and that was Hamish Fife playing Rugby. In the Middle School Musical one of the class members, Max McLaughlin, was the main police officer and did a terrific job.*

Academically our students shone in a number of areas including such competitions as below:

**Westpac National Mathematics Competition**

High Distinction: Lachlan Paul, Henry Johnstone

Distinction: James Crean, Benjamin Jarvis, Charles Lane, William Scott, Eden Johnson

**UNSW National Science Competition**

High Distinction: Benjamin Jarvis, Lachlan Paul, Michael Young

Distinction: Neville Bates, Ziah Cooper, James Crean, Jonathon Ertl, Henry Johnstone, Hyun Jun Kim, Patrick Lickiss

**UNSW National Computer Skills Competition**

Distinction: James Crean, Alex Hickie

**UNSW Mathematics Competition**

High Distinction: Benjamin Jarvis, Lachlan Paul

Distinction: Caleb Berriman, Jordan Hargrave, Alex Hickie, Charles Lane, Lachlan Brumby,

Ziah Cooper, James Crean, Himaushu Hardikar, William Hay, Thor Holloway, Eden Johnson, Henry Johnstone, Hyun Jun Kim, William Scott, Michael Young

**UNSW Chemistry Competition**

High Distinction: Samuel Jones, Lachlan Paul

Distinction: Michael Young, Alex Hickie

The top three results in the very demanding Maths Association of Tasmania competition were Year 8 Hutchins students. The markers praised the high standard of work submitted describing some solutions offered actually improved upon the markers' originals.

**2011 MAT Problem Solving Competition**

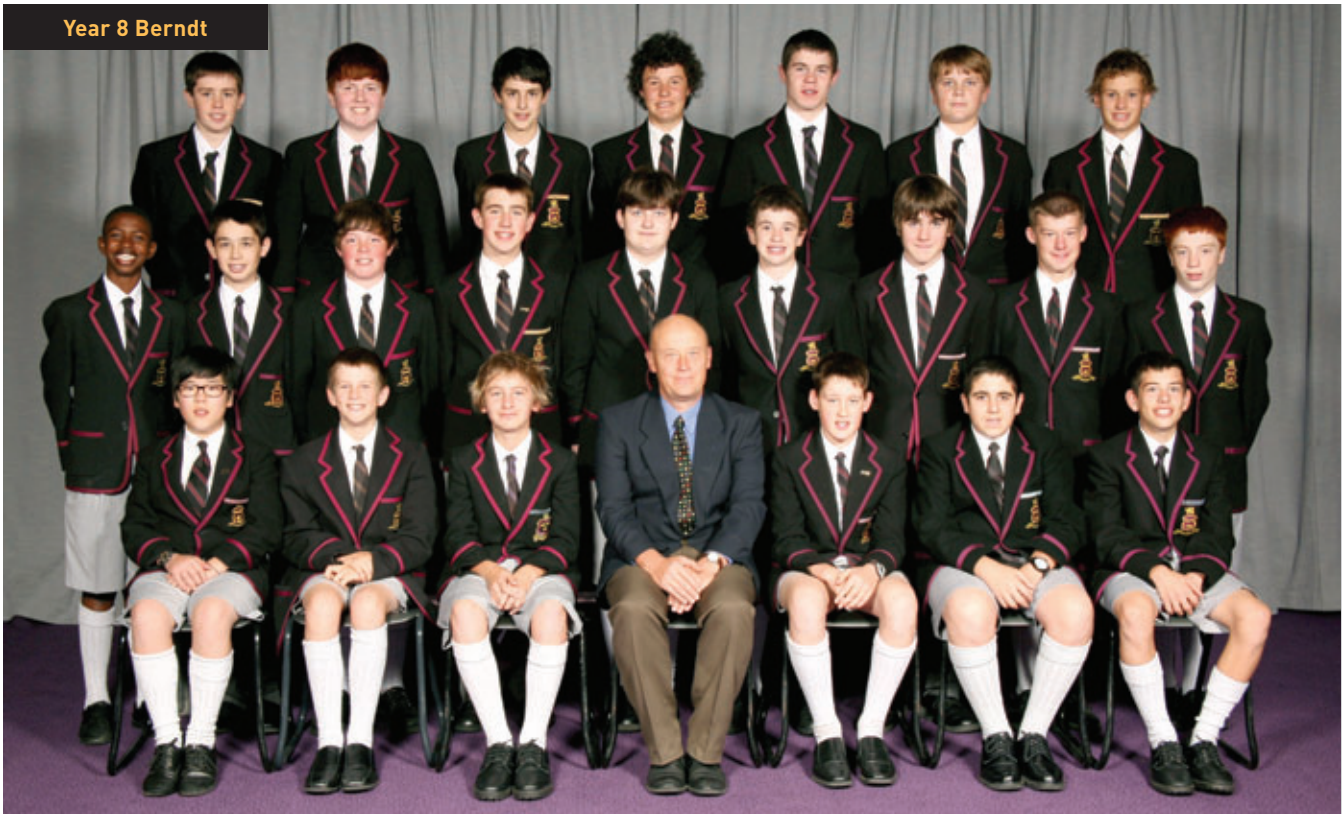

- 1st: Lachlan Paul
- 2nd: Henry Johnstone
- 3rd: James Crean

Mr Hyland, Mr McCammon, Mr Berndt and Mr Prior continued to contribute above and beyond the call of duty in their roles as Year 8 Mentors and the students have been consistently appreciative of their efforts. We will absolutely miss this great group in the Middle School. Next year represents a significant step up for them and we look forward to hearing of their future achievements and progress.

**Graeme Geale**  
Head of Year 8

Year 8 Berndt

THIRD ROW: William Cole, Ned Howe, William Geason, Liam Johnston, James Sonneveld, Allan Bakker, Andrew Hudson  
 SECOND ROW: Ghislain Ndimanyi, Liam Kelleher, Jack Rasmussen, Michael Young, Lewis Robottom, Connor Spaulding, Alexander McFarland, Nicholas Welling, Neville Bates  
 FRONT ROW: Tea Yun (Jason) Song, Angus Woodcock, Jayson Seaman, William Millhouse, Matthew Vafakos, Liam Fitzgerald  
 ABSENT: Donald Bradshaw, Callum Foote TEACHER: Mr Christopher Berndt

Year 8 Hyland

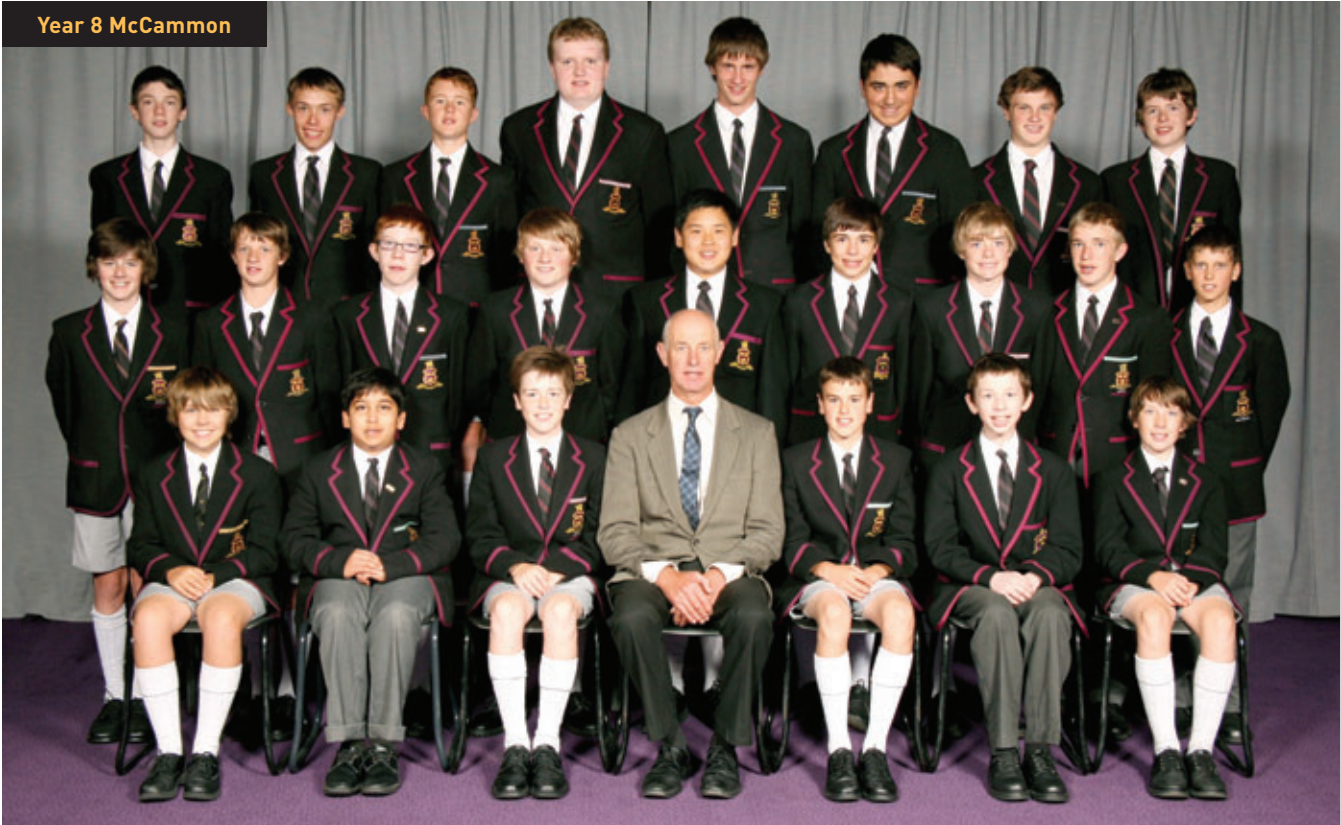

THIRD ROW: Thomas Sonneveld, James Schmidt, Lachlan Bannon, Daniel Himson, William Hay, Benjamin Johnston, Hamish Reeve  
 SECOND ROW: James Drummond, Jock Denehey, Lachlan Brumby, Alec Bastick, Henry Johnstone, Charley Britton, Karl Beckett, Jackson Bennett  
 FRONT ROW: James Padgett, James Crean, William Burbury, Charles Connor, Oliver Kumala, Patrick Ball  
 ABSENT: Jeremy Goddard, Charles Lane TEACHER: Mr Anthony Hyland

**Year 8 McCammon**

THIRD ROW: Lincoln Paine, Isaac Denholm-McCredie, Samuel Fergusson, Mac Bethune-Watkins, Caleb Berriman, Spiros Daglas, Ziah Cooper, Sebastian Knevett  
SECOND ROW: Ayrton Rose, Jake Morgan, Samuel Jones, Braidon Brooks, Hyun Jun Kim, Zachary Vassallo, Patrick Lickiss, Lachlan Paul, Damien Messmer  
FRONT ROW: David Kesseling, Himaushu Hardikar, Harrison Manton, Carter Hansen, Thor Holloway, Benjamin Jarvis TEACHER: Mr Rob McCammon

**Year 8 Prior**

THIRD ROW: Hamish Fife, Ibrahim Mohamad, Alex Hickie, Jock Calvert, Harry Kokkoris, Kun Woo (Kevin) Kim  
SECOND ROW: William Connor, Jordan Hargrave, Jordan Foster, Eden Noble, Robert Law, Oliver Burnell, Max McLaughlin  
FRONT ROW: Jonathon Ertl, Thomas Downie, Eden Johnson, William Scott, Hassan Mohamad, Christopher Boulton  
ABSENT: Jonathon Clark-Hansen, Perri Deane, Aidan Rossiter, Nazwi Woldemicheal TEACHER: Mr Anthony Prior

## SENIOR SCHOOL

**2012, what a year!** Year 9 were the pioneers of the first Power of 9 Program and Marieville Esplanade. Positive, respectful relationships and kindness were significant themes throughout the year. The boarders were blessed with a refurbished boarding house to move into at the start of Term 3. Students in the Senior School continue to be lead by extraordinary young men.

The academic program of the Senior School has been enriched by the addition of the Power of 9. Overwhelmingly, Year 9 students have rated the Challenge component of the program as the highlight of their year. Whether it was a trip to Thailand, Central Australia, an island or Tasmania's south east coast, the students benefited from the diverse challenges on offer. Students have grown to be responsible, independent, articulate, flexible and engaged young men with the ability to organise their own learning and lives. These are skills that will be of benefit to their immediate and long-term futures. The amount of time, energy and commitment from Mr Ken Kingston and Mr Peter Brown to the program has been enormous and the success of Power of 9 is a direct result of their work. We are extremely fortunate to have dedicated and skilful Outdoor Education staff who have accompanied the students. Thanks to Mr Duggan, Mr Oates and Mr Blackhall for the care and supervision they have provided for the Year 9s.

The pastoral care of each student is a primary focus in the Senior School. Each student is fortunate to have a dedicated Mentor to provide academic support and advice and be an advocate for him when needed. In an attempt to provide me feedback for parents regarding the pastoral progress of their students we introduced the Personal Report in 2011. It is an opportunity for Mentors to give concrete feedback to students and parents in areas that are important to their development and life beyond Hutchins. The report will be a very useful

addition to the reporting process in the Senior School.

The Cock House Cup is the keenly contested house competition. It provides opportunities for students across a broad range of activities that include Chess, Debating, Athletics, Cross Country, Drama, Swimming and Music. Students have the chance to display their talent and the House Music and Drama performances were outstanding. The talent, skill and ability of the students is staggering and these two activities are a highlight. A highlight of the competitions was the success of Stephens House at the Swimming Carnival. An unexpected and upset win was well received by the Stephens students and staff. Thorold House won the Cock House by the slimmest of margins, .5 of a point and the Gumley Shield for Academic consistency. The houses are blessed with the superb guidance of four gifted Heads of House. I thank them for their collegiality and care of the students in their midst.

The Senior School has benefited enormously from the strong student leadership provided throughout the year. Twenty-three prefects were inducted during the year and this was testament to the depth and quality of young men in the student body. Charles Haward (School Captain) and Nanak Narulla (Vice-Captain) formed an excellent team to guide the student body toward a focus on unity, respect and developing greater school pride. Emmanuel Marios (Stephens House), Matthew Allanby (Buckland House), Henry West (School House), Frank Burridge (Thorold House) and James Chew (Burbury House), captained their houses with pride and greatly promoted house spirit. All these young men were a pleasure to work with and they always acted with the best interest of the student body and school.

A total of 78 students held a leadership role in the Senior School. A greater number of Year 11 students were given

the opportunity to demonstrate their initiative and leadership in a portfolio of their choosing. Matthew Allanby (12Bu), Samuel Johnston (11St) and Samuel Padgett (10St) were the worthy recipients of the Long Tan Leadership and Teamwork Awards. Max Macmillan (11Th) and Samuel Padgett (10St) attended the Rising Generations Leadership Camp in Sydney in June to experience various leadership styles and opportunities for young people. Nanak Narulla (12St) and Allen Chen (12St) were thoroughly involved with UNYA. Allen has been successful in becoming the Australian representative to The Hague in January 2012.

I thank all the staff for their significant contributions to the life of the Senior School and the young men who walk the hallways. The students benefit from the experience, skill and giving of these wonderful staff. Mr Ross Towns who has taught Science and Manufacturing Studies this year, will be leaving us at the end of the year. He has been a wonderful Mentor in Buckland and will be missed.

**Duncan Warlters**  
Head of Senior School

# DEBATING, SPEAKING AND WRITING

## Debating

Hutchins has had a great year in Debating and Public Speaking. Hutchins competed in all five classes of the Tasmanian Debating Union Competition. The Year 8 team, consisting of Patrick Lickiss, Zachary Vassallo, Michael Young, Samuel Jones, Thor Holloway, Himaushu Hardikar, Jonathon Clark-Hansen and Ayrton Rose, progressed to the semi final; and the senior Year 12 debating team, consisting of Nanak Narulla, Allen Chen, Frank Burridge, Matthew Allanby, Roman Marsh, Samuel Johnston, Daniel Westbury, George Margvelashvili and Matt Young, won the season, making it back to back wins for the Year 12 students in the team.

## Speaking to make a difference

In addition to school debating, students also participated in numerous conferences and public speaking competitions throughout the year. Daniel Westbury, Oliver Geale, Roman Marsh, Samuel Smeele and I participated in the annual state conference run by United Nations Youth Australia, from which Daniel Westbury and I were selected to represent Tasmania at the UN National Youth Conference in Adelaide. Daniel also participated in the Rostrum Public Speaking Competition. Hutchins was represented at the Model United Nations Assembly in Deloraine, where Daniel Feeger and Taylor Lidstone were announced the runners up.

There was a significant Hutchins turnout at Youth Parliament in 2011: Samuel Johnston, Roman Marsh, Liam Palmer, Lucas Sims, Daniel Westbury, Samuel Smeele, Nikolai Sakov and I formed three teams to participate in the annual conference at which Liam Palmer and I were also elected leaders of their parties. Matthew Allanby, Samuel Smeele, Sean Gressie, Liam Palmer, Daniel Westbury, Roman Marsh and I attended the final conference of the year, the Evatt Trophy Competition, where students represent their countries in teams of two in a United Nations Security Council-style debate.

Overall the School has had an extremely successful year in debating and public speaking; however, the greatest rewards from participating in these conferences and competitions are the amazing experiences and friendships.

## Allen Chen

We congratulate Allen, who is one of 17 UNYC delegates selected to participate in the Australian Delegation to The Hague International Model United Nations (THIMUN) in January 2012. We send our best wishes to all delegates as they attempt, through discussion, negotiation and debate, to find solutions to the world's problems.

## Speaking new cultures

Thirty-eight Hutchins students entered the annual Alliance Française Concours. Thomas Johnston won second prize in conversation and Christopher Krushka won third prize in poetry. In the Hors Concours (for students from a French speaking background), Gautier Pavlovic-Hobba won first prize in poetry and listening; and Vincent Stelzhammer won second prize in poetry. Thomas Johnston made it through the first round of the Concours D'Entrecasteaux due to his strong showing in the reading, listening and writing sections. Nicholas McVilly and Elliot Foote made the most of their language learning opportunities by participating in the College Language Program which enabled them to study first year units in French at UTAS concurrently with pre-tertiary French. Matthew Allanby and James Wheller participated very successfully in the High Achievers Program by studying second year French at UTAS.

For the first time this year Hutchins was represented at the Tasmanian Chinese Speech Competition. Our pre-tertiary class hosted some students from the Second High School in Beijing. They enjoyed practising their Chinese in a social context and had a good time with their Chinese peers.

## Speaking to entertain

Adjudicator Mr Devine congratulated Middle School students on the high standard of their entertaining performances at the Poetry and Prose Evening. Prizes were awarded to Stuart Carnaby for reciting 'The Pig' by Roald Dahl and Jonathon Clark-Hansen for reciting an extract from 'Bootleg' by Alex Shearer. Max McLaughlin did justice to the menagerie of creatures from A A Milne's 'Winnie the Pooh' and won the prize for best performance in consecutive years.

Senior School Speech and Performance was inspiring and entertaining this year. Timothy McQueen won the Intermediate Poetry Prize for reciting Peter Porter's 'Mort aux Chats' and Matt Young won the Senior Poetry Prize for his haunting performance of Philip Larkin's 'Aubade'.

Frank Burridge distinguished himself by winning the prize for the best speech in consecutive years when he delivered an insight into the choices, emotions and values woven into 'The Fabric of Life'. He commended to us the 'integrity', 'reliability' and 'compassion' of fabrics such as denim and wool. He even extolled the 'tolerance' of lycra. He warned us about 'whimsical' chiffons, 'cheap and accessible' polyesters, as well as the 'liar', acrylic. Appropriately, he concluded by giving us an eloquent perspective on a big topic:

*Every fabric of life is made up of the boundless possibilities of the warp of experience and the weft of emotions – the weave – and the cut and seams of the choices we make resulting in the final shape of your fabric – your life.*

## Writing

Winners in the Hutchins Poetry Competition were Matthew Behrens for *The Dark Storm*; Taylor Lidstone for *Love's Imprisonment*; and Benjamin Armstrong for *Under Black Bluff*, which was also Highly Commended by the judges of the Dorothea Mackellar Poetry Competition. Benjamin also

won the senior section of the Hutchins Short Story Competition. He used George Bush's term for Al Qaeda, 'The Evil Ones', as the title of his story to interrogate the American military presence in Afghanistan from the perspective of a young man living in the foothills of mountains in the north of the country.

The consistently strong enrolments in pre-tertiary English Writing classes

means that Hutchins students embrace the opportunity to develop themselves as writers throughout their time at school. Judging the speaking and writing competitions and prizes is a difficult, but very rewarding job, especially as it offers the teachers on adjudication panels and members of the audiences an insight into what *moves* our students. Hearing them tell their stories and give their feelings and expression is a privilege and

a delight. Alec Shea is this year's winner of the prize for Outstanding Literary Achievement. His poem, *Trapped Inside Her Camera* is an intuitively captured snapshot of life.

**Alison Farmer**  
**Head of English and Modern Languages**  
**and Teacher in Charge of Debating**

## Under Black Bluff

Under Black Bluff,  
 Where silent waterfalls of dying cloud, Plunge between  
 brooding crags that claw at dusk,  
 And dissolve into unyielding forest.  
 While the precarious tarn rests uneasily,  
 Taunted by a shifting wind that dances through scrub  
 And caresses my legs with a deceitful smile.

Under Black Bluff,  
 Where plants cling like beggars  
 And conspire with looming walls of green,  
 Whose disapproving eyes watch from every angle.  
 Where the sky, abandoned by both night and day,  
 Is haunted by a melancholy glow,  
 That fills the dizzy void expanding before me.

Under Black Bluff,  
 Where the rocky monarch reclines, distant and  
 indifferent;  
 Surveying his handsome estate,  
 The unnoticed intruder not worthy of his recognition.  
 For a moment, confident of its privacy,  
 This place transforms, into something  
 Never meant for a human gaze.

Benjamin Armstrong

## Trapped Inside Her Camera

I'm trapped inside her camera  
 in moments she had captured,  
 in the tableaux she had taken  
 before she left our scene.

Images stolen:  
 her most revered moments;  
 that were never entrusted  
 to her memory alone.

That camera was her safe of impressions,  
 where she kept our friends within sight.  
 But she was always a shadow the sun lay to  
 rest on the ground.

Her clock stopped early.  
 Cracks and faults in its design  
 let her time escape.

Now I step between these photos,  
 searching amidst our trapped friends.  
 Desperate for my memories  
 not of them but of her.

Any memory of her.

In this maze of ensnared faces,  
 in this labyrinth of two dimensional beauty  
 I will be forever searching,  
 although I know her empty silhouette  
 is all I will ever find.

Alec Shea

**Well if 2010 was our time for change in Burbury House 2011 was definitely our time of challenge.**

Burbury House boarders, parents and staff demonstrated incredible resilience throughout what could only be described as exceptional circumstances in 2011. Burbury House underwent a major, multi-million dollar refurbishment at the expense of a very generous Board and has been transformed into a state-of-the-art boarding accommodation facility. There is no doubt that our home was tired and due for some work. Burbury House still showed the graceful guise of a glorious, grandiose, bygone era and had weathered the storm of robust young men but it was definitely time for a major overhaul of the appearance, amenities and accommodation of this acclaimed abode.

The challenges were great as the Burbury House community bonded together during a testing time of trials and tribulations for some. Consider the challenge: fifty boarders housed in three alternative venues, one venue on campus and two off campus, residential staff sharing accommodation, amenities and other arrangements, extended school days, longer hours out of home, close sleeping arrangements, cold showers and early morning starts just to name a few. The students, staff and parents did an amazing job during this time and the School was very supportive throughout the whole process. In the end it was all worth it with our new facility being the envy of all other boarding fraternities around Tasmania.

So here is the year in review as seen from the eyes of a very tired but very proud Director of Boarding, tired from the task but proud of all the teamwork, tenacity and temperament of a terrific team of masters, residential staff and of course boarders. Firstly a toast to the Masters. Mr Adrian Finch made sure that he supplied plenty of fitness coaching and health and wellbeing advice to all of the boarding community. It was another outstanding year from Mr Finch in all areas displaying what we have found to expect from a man who prides himself on perfection in performance

and pontificates his prowess to all and sundry. The highlights of his year were a herculean performance in the Masters versus Boarders Basketball and Touch Football games and Friday night excursions to Mykonos along with Mr Hanek. We look forward to the arrival of another young Finch in the New Year as Adrian's lovely wife Carmen is expecting.

Everybody's favourite academic and intellectual Dr Peter Wilson continued to provide countless hours of tutoring for boarders in the Sciences and had us all in stitches with his razor sharp wit. The 'Doc' was ably supported by his beautiful wife Janie and their son Jacob both of whom contributed their own brands of humour to the house.

***our new facility being the envy of all other boarding fraternities around Tasmania***

Mr Matthew Casos was instrumental in Term 1 with the operation and organisation of weekend and holiday activities plus a number of running sessions but unfortunately returned to his home state of Queensland due to personal commitments. Likewise, after eighteen months of service to Burbury House Mr Matthew Hayward, his wife Katherine and their young son, Sebastian, also returned to their family home in Brisbane after Mr Hayward became seriously ill. Thankfully the Hayward family have come through this tough time and are also looking forward to living with their family.

We welcome Leighton Beer and Michael Egan, two young men who have proved themselves personally, physically and psychologically as caring and exceptional Residential Tutors.

**Matron worked very hard this year not only in her role as primary health carer and co-ordinator for the students but she also fulfilled an incredible supporting role in offering counsel and advice during difficult times for both staff and boarders alike.**

Adam led an incredible team of kitchen staff including Helen, Sue, Di, Carol, Sharon and Mrs Caroline Cross, all of whom contributed to ensuring that

we were fed a plethora of culinary delights. Our cleaning and laundry staff of Sharon, Sue and Annette made sure that we always had fresh environments no matter where we were staying and the maintenance crew made sure creature comforts such as hot water temperatures remained bearable. One of the maintenance crew, Mr Justin Carr even completed some duties for us as a Master when we needed extra staff; a 'one in all in' attitude that got us through.

Our three Gap students provided us with plenty of fun and entertainment. Brandon and his obsession with fishing, Davis and his stunning smile and Rerekorhu and his impromptu dance moves at various functions with Collegiate and Fahan certainly won us all over.

The students were excellent throughout the whole ordeal. We had a large contingent of new local junior boarders and their first boarding experience was like a school camp as they spent their first three weeks at The Lea. The Year 6 group of Edward Bowden, George Fergusson, Rupert Johnston, Thomas Parsons and Giorgio Radenti had an exceptional year as a group and bonded well over many games of table tennis, indoor cricket and basketball. Similarly the Year 7 brigade of Fenn Gardner, Lewis Freeman, Benjamin McShane, Jock Parsons and Yau Shing (Leo) Suen delighted us with their daredevil rides around Burbury House at breakneck speed on their bikes, setting new world records in power assisted attempts at the Burbury House Dash. The Year 8 students in William Burbury, Isaac Denholm-McCredie, Thomas Downie and Samuel Fergusson had a stellar year in their all-round performance and their dedication and commitment to a strong work ethic was evident in their extra-curricular pursuits, particularly with their penchant for Rowing. Chun Ho (Johnny) Ko joined this crew late in the year and should be a fully-fledged 'Burbury House Boarder' in 2012.

The Senior Boarders had a wonderful time in 2011. The Power of 9 students returned to us as young men stronger

## BURBURY HOUSE

in character, confidence and commitment after each of their respective challenges. Joseph Burbury, Jack Bignell, William Campbell, William Fisher, Alex Geappen, Hugh Johnston and Hong Yin (Wallace) Ling all demonstrated the potential they have as young men to lead Burbury House into the future with their heightened levels of maturity. The Year 10 men continued to excel in both their academic and extra-curricular pursuits and they flourished once we entered the new house. Hai Le Hoang, Ho Wai (Horace) Lee, Kyun Won (Richard) Kim, Ho Sum (Hits) Yeung and Wei Zhi Yong led the group with exceptional dedication towards their studies and Oscar Beattie, Ikhwan Sallih and Riley Winter contributed and

committed brilliant service to house duties. The Year 11 contingent of Stanley Black, William Fergusson, Cheuk Chun (Chester) For, Ning (Jason) Kong, Martius Lim, Xiao Yuan (Allen) Liu, Moritz Muffler, Taylor Sakaliuk, Man Hon (John) So, Chek Hui (Glenn) Tan and Jack Wang stepped up as a proven, popular posse to lead Burbury House into the 2012 academic and boarding year and all will become a formidable leadership team.

Last but not least we extend thanks to our Graduating Year 12 Group who were all incredibly positive, supportive and loyal throughout the challenges of 2011. Led by a very balanced, fair and caring Captain in James Chew the likes of Jack Fizelle (VC), Zhi Xiong (Mark) Loh

(VC), Akkrariksh (Pun) Krairiksh, Hyun Woo (Richard) Yang, Nitiphat (Matoom) Montrisaet, Viet Hoong (Brian) Nguyen and Hoi Man (Herman) Cheng showed levels of integrity, humanity, empathy well beyond their years of experience and they mentored, empowered and nurtured all of the younger boarders. These fine young gentlemen were inspirational in the way they kept our Burbury House spirit, culture and community together as one regardless of the circumstances. Thank you students – you had a fantastic final year.

# BUCKLAND HOUSE

## House Captain Report

The Hutchins house system provides a unique opportunity for boys to further enhance their education and develop from a child into a young man. The teenage years are turbulent but Bucks offers stability for those struggling and opportunities for those wanting the most out of their education. This situation is summarised by the house's motto: courage and compassion. Buckland gives compassion to boys who find school, sport or making friends a battle; while providing abundant opportunities for boys to demonstrate courage and become involved in the life of Bucks.

Boys are forced to interact with students from different age groups and many form a close bond with their mentor. This interaction allows everyone to grow, learn and form friends that may last a life time. The Bucks spirit has lived on in 2011 and there have been some outstanding performances that need to be mentioned.

Second in the Swimming Carnival was a very respectable effort. Alec Guerzoni and Rory Middleton were our two stand-out swimmers. Boys such as Stanley Black and Samuel Keating personified the Bucks spirit by simply giving it a go! This is the courage that makes Bucks great and is an essential foundation to have a functioning house.

House Chess, captained by Liam Palmer, was well organised and a great event. Samuel Smeele did a commanding job of captaining House Debating. It was good to see boys develop their public speaking ability; a skill which is essential for successful leadership. Cross Country was a great day with Zachariah Lieutier doing a superb job as captain. Jock Mure and Josh Williamson were two Year 9 stand outs. Gautier Pavlovic-Hobba put hours into captaining both Music and Drama. Their efforts, as are those from all involved, were greatly appreciated.

Shave for a Cure, the traditional Bucks fundraiser, was a great success. Thanks to all involved, especially the 23 who donated their hair! We raised \$2,700 for the Leukaemia Foundation in an hour.

Not a bad effort by my book! The benefits of our work will be received within the Hutchins community and those associated with leukaemia in the local community.

However, for me the highlight for my year as House Captain was our victory at the House Athletics. I can still remember doing my little victory dance in my red pyjamas! A big thank you to all involved, especially David O'May who was captain and was awarded an Individual Champion Medal. It was a truly unforgettable day.

For Rory Middleton and me, it has been 14 years of service to Bucks. Mr Servant, I think we're due, if not overdue, for some long service leave. Thanks Rory for all your efforts, you certainly have the respect of the student body. As to all the Year 12s, thanks for making my time at Bucks fun, rewarding and above all a privilege. Best wishes for your future endeavours. I'm looking forward to a reunion in 20 years' time to see where you're all at. To the Year 11s, please make the most of your time within Bucks next year; it goes very quickly. To the Year 9s and 10s, please grasp every opportunity that comes your way. Live by courage and compassion.

However, an almighty thanks must go to all six Mentors. Your willingness to just sit and talk is very much appreciated. On behalf of the boys, thank you. Mr Crofts, your dedication to the successful running of Bucks from behind the scenes is not well understood by all but it is essential. On behalf of the boys and mentors, thank you. Mr Servant, you have been a fantastic Head of House and the respect towards you from the student body is astonishing. It has been a great experience working with you. On behalf of all within Bucks, teachers and those from K to 12, thank you.

**Matthew Allanby**  
**House Captain**

## From the Head of House

A young graduate standing outside the university gates throws his hands in the air and with great enthusiasm and delight announces his arrival in the world with his new qualification.

An old man walking by stops and asks the young man what his qualification is?

"BA," answers the young man. Why?

"That's great, now you can learn the rest of the alphabet!"

For me it's a bit like that, finishing the year with all the enthusiasm, excitement and anxiety for the future and wondering how well equipped these young men are to meet the demands and responsibilities of the 'real' world.

Have we succeeded in our task or left them, ignorant and vulnerable, to the realities of life?

I believe that this year, Bucks young men are better prepared than many from the past. Their good sense, maturity and downright decency – regardless of their academic attainment – places them in an excellent position to make a meaningful contribution to society and in so doing reap the rewards of their efforts.

In his report, Matthew Allanby outlines the opportunities available to boys in Buckland. Matthew, Zachariah Lieutier, David Lord and the House Executive have been outstanding in taking advantage of these opportunities with commitment and dedication.

Finishing last in the Cock House Competition is a bitter pill to swallow as it is coated with the irony of outstanding leadership resulting in such a disappointing outcome.

Without detracting from Thorold's win or making excuses for our performances, I feel that we are well placed to learn more from failure than we would have from success.

The poet, Rudyard Kipling also understood this. In the first and last stanzas of the poem "IF", he offers the following wisdom:

*If you can meet with Triumph and Disaster  
and treat these two imposters just the same;  
Yours is the Earth and everything that's  
in it,  
And – which is more – you'll will be a man  
my son!*

The measure of success and failure is more about the relationships that have been created, the spirit of competition and the race well run than just the final result.

The contribution of the Mentors in fostering these young men through the good times and the bad cannot go unacknowledged, and to this end I would like to offer special thanks to Mr Ross Towns for his commitment and genuine concern for the welfare of the boys. Ross is leaving Bucks and we wish him, together with all the leavers, the very best for their future.

For those remaining, it is with genuine sorrow that we bid the leavers farewell, but with the untested qualities amongst our ranks, we look forward to a very interesting, challenging and exciting 2012.

We go forward with the 'Courage' to meet our challenges and the 'Compassion' to consider the feelings of others.

**Roy Servant**

# SCHOOL HOUSE

## House Captain Report

After a glorious Cock House victory in 2010, 2011 saw the house achieve exceptionally well yet again, but fall tantalisingly short of retaining the shield for a second year, placing second by only half a point! The commitment to participation and gutsy efforts put in by the huge majority of School House men throughout the year allowed us to continue our winning performances in a number of the individual Cock House events, and when placed up against seemingly superior opposition houses the fight was well and truly taken up. A fine example of this was our Year 9s for 2011 who lead the way in the pool and on the athletics track to win a countless number of events in favour of the blue team.

A great highlight of the 2011 Cock House was the Drama Evening, with an incredibly professional performance prepared and executed by the Drama team, lead by Year 11s Oliver Geale and Hamish Ikin, to an enormously appreciative crowd. The night showed the passion and expertise of all involved and was a truly great night for School House.

The 2011 Beattie Trophy was a great success for yet another year, and the memory of Sam Beattie was served well yet again with competitive sports and activities played in a friendly manner. Mrs Malarski again corralled her troops into an easy victory over the other Mentor groups, and she is no doubt hungry for the hat-trick in 2012.

The 2011 Executive must be acknowledged for much good work throughout the year. George Dargaville acted as a superb House Whip and my Deputy Lachlan Crowder deserves thanks for his efforts. Anton Roberts as Chapel Leader and also Samuel Besley as Cock House co-ordinator each contributed admirably throughout the year.

As is becoming tradition for School House, the Winter Clothing Appeal for the Salvation Army was again a large and successful undertaking for the Executive and house as a whole for

2011. The Junior School showed itself to again be the most generous towards our cause and contributed most to our total clothing count which was well over 700 individual pieces!

School House has been a great part of my life for the last 12 years, and to have been given the chance to lead it for my final year was a great honour. I would personally like to thank our excellent Head of House, Mr Chambers, for being relaxed in his approach to the house and making the year a most enjoyable one. Mr Nogajski our Administrator who works behind the scenes to fulfil the needs of all our boys also deserves many thanks. I also wish to thank Dr Wilson, my Mentor for 2011 for a splendid year and also all the School House Mentors for 2011 and the ones I have personally had throughout my Senior School House years. The School House method of rotating Mentor groups every year is in my opinion the best method for achieving total house spirit. This is because it allows every boy to mix with almost every other student of the house for at least one year of their senior life, and this shows in the friendly relationships most share with all the Mentors.

School House for 2012 will have every opportunity to carry on the general winning trend established in recent years. I encourage the Captain and the Executive for 2012 to ensure that the little things are taken care of and that every member of the Executive plays their part, as this will enable a smooth year and the best chance for success!

**Henry West**  
**House Captain**

# SCHOOL HOUSE

## Head of House Report

In looking back from the end of 2011 it is not hard to realise what a wonderful year it has been for School House. The Year 9s started their Power of 9 Program and were soon into stride. New Mentor groups were formed and before long everyone was into a productive routine.

As the year progressed many highlights started to appear. All the Cock House events (Swimming, Summer Sports Day, Winter Sports Day, Cross Country, Music, Chess, Debating, Athletics and Drama) were tackled with a sense of enjoyment and competition. Nothing more could have been asked from the boys, and we finished a very close and credible second in the final standings. Our Captain will outline some specific details in his report.

Other memorable moments for us this year included the K-12 Assembly (with the infamous singing of Alexander Keech in the grandly decorated Bill Toppin Room), the Winter Clothes Appeal and the strong performance of our boys academically. There were numerous state and national representatives in the house who all deserve congratulations as well.

Of course a year is not only defined by what we did, but rather how we did it. The attitude of School House students continues to amaze me and it is clear that they are passionate, talented, committed and disciplined. Looking out for one another and always being there for support are attributes that seem second nature now in the house. All students need to be commended for this.

All of this good work, however, has not happened by accident but rather under the expert leadership of the House Captain, Henry West. Henry has worked tirelessly all year in front of the house and behind the scenes, to deliver success in so many areas. He was ably supported by the Executive Team who lead by example and were always willing to offer ideas and help. I would personally like to thank Henry and his team for all their efforts in 2011. Great work, indeed.

Another vital part of the School House Team was undoubtedly the Mentors and House Administrator who worked tirelessly with me, the parents and the boys. Thank you all for going the extra yards in 2011 and giving School House students every possible opportunity through your strong pastoral care. Mr Luke, we wish you well in your journey next year.

As well as the inner School House Team, I would like to thank the Head of Senior School Mr Duncan Wartters for the support he has offered our house throughout the year. Mr Barrie Irons has also been a wonderful sounding board for the house and has always shown a keen interest to be involved.

Finally, a thank you to Mr Andrew Webber who will be leaving at the end of 2011. He has definitely left his mark on School House and many of the traditions he started as House Master still continue today. The presence and support he has had around the house has been unparalleled. From the house Mr Webber, we wish you well in your retirement.

Good luck to the Year 12 leavers for 2011 and I thoroughly enjoyed working with you throughout the year. May you always look back at your time in School House with good memories and you are always welcome back to say hello.

Good luck for the leaders and students of 2012 and let's make it a year to remember!

# STEPHENS HOUSE

## House Captain Report

I started my schooling career at the age of four at Hutchins as a kindergarten student. I remember my first year at Hutchins as being full of fun and excitement and was blessed to have two superb teachers in Mrs Reynolds and Mrs Bamford to welcome me and all the new students to the School in a very comforting way. My first few years at Hutchins was a journey that will be forever remembered, I remember on the first day of Prep when I received my uniform, I was so excited and thrilled to wear a shirt and blazer and most of all was so ecstatic to wear the yellow stripe on my Stephens tie. I felt very privileged to be part of a house like Stephens and from such a young age I had a desire to see my house do well.

We here today are all very privileged to be in such a wonderful house that has one of the richest histories in the School and over the years has been one of the most successful houses in the Cock House competition. I remember from such a young age attending the K-12 assemblies being addressed by some of the senior members of the house and getting involved with the older students. This involvement with older students I feel was a key in my development to become a leader, although in the ELC at such a young age leadership is not a thing you touch on. I always looked up to the big students of the house and always wanted to fill their shoes in the future.

Leadership wasn't something I really took seriously until I was in Year 6; being one of the senior students of the Junior School allows you to be a mentor to younger students and it gives you an outstanding opportunity to lead at such a young age. Other schools don't have the structure or support to develop students into leaders as we do at Hutchins; it's opportunities like becoming a Junior School Leader that allow us to develop into the fine men we are today. I encourage all students who are coming through the Junior School to get involved with leadership; you are

never too young to make a difference. I will share an example with you. When I was in Year 6 and was part of the Junior School Leaders we were given a challenge to design a school hat that incorporates house colours. After several design processes and ideas run by a few Junior School Leader meetings we came up with the hat that is still worn today. Some of you might not find this significant now but I can assure you when you are leading into your final years of school, seeing that you assisted in a change is an achievement that will forever be with you.

Not just in the Junior School but also right through the Middle and Senior Schools there are opportunities of leadership that work as a step ladder to develop us all into future leaders. I encourage all students of junior years to get involved with leadership opportunities now! I am so thankful that I did and I know fellow leaders are too. You don't want to leave this school with a feeling that you could have done more. You want to leave knowing that you did everything you could for the house, the School and everyone around you.

In the past few years in the Senior School Stephens has had some struggles and we as a house have performed poorly in sporting and academic events. This year we set a goal to get more involvement from the student body and this has certainly paid off. We started the year off strongly with the Swimming Carnival where we finished in first place. Success to some degree continued on through the year, where we were competitive in every competition. In the Cock House standings we finished in third place not far behind School in second and we felt a sense of achievement. We have now set up plans and goals that can be continued in future years and I know by working together, helping each other out and getting involved in every event, the Cock House Trophy will soon be sitting in Mr Mac's office.

We are all very lucky here today to be taught by some of the most fantastic

breeds success. Looking at this from a broader perspective I also believe that happiness, contentment, a sense of camaraderie and a willingness to participate are also inextricably linked to one another, and they too have a self-perpetuating quality. When you see others doing something positive it is so much easier to jump on the band wagon and keep the momentum going.

In the lead up to the Swimming Carnival, Year 12 members of the House Executive were consistent and unyielding in their delivery of rhetoric and encouragement to the house. The message was all about participation and a belief in the concept of strength in numbers. The notion of every single member of Stephens House being an integral part of a larger team played a massive role in our success at the Swimming Carnival. This victory also went a long way toward erasing any previous feelings of poor self worth when inevitable comparisons with other houses took place and did a great deal to buoy the confidence of each young man in Stephens.

But once again our success over the entire year was not measured against the rivalries of other houses, rather through the strength of the culture within our own house and to see this develop over the last few years is what makes me most proud of the house. To encapsulate this into a sentence, our year was typified by the willingness of students from all years to put their hand up and be involved in a broad range of house activities. Involvement, whether as an organiser or participant, whether in competitions for Cock House or Leading Light, whether in laughter or seriousness, whether to entertain or inform, in all shapes and sizes students looked to fill roles and take on tasks like never before. In a year filled with activity it is worth making mention of the following:

One notable change this year saw a very proactive group of Year 10 and 11s join our enthusiastic Year 12 Portfolio Leaders to significantly expand our House Executive; this resulted in the creation of a dynamic group of students intent on building upon the culture of the house.

Our House Night, 'Casino Royale', continues to grow and this year we

teachers you will ever meet. Funnily enough the majority of teachers with whom I have a strong relationship all come from Stephens and this shows the strength of the Stephens family. We have a great Head of House in Mr Mac who day in day out does his all to make sure that the house is as successful as it can be not just in the Cock House Competition but also in developing us into fine young men. This wouldn't be possible without the great support by the staff around him that are always doing their utmost for the house. I would formally like to thank Mr Mac for giving me the opportunity of captaining Stephens House to a great year; it has been the most amazing experience of my life. I also would like to thank the House Executive who have worked hard in meeting the goals we set at the start of the year and in particular the Vice-Captain Jackson Willows who from the start of the year has worked so hard in assisting me in what was a great year.

At Stephens House we pride ourselves on being a family. Together we can work in all aspects of schooling to thrive in many different fields. From such a young age I always had the pride of the Stephens lion in my heart and hope all of you students here today have that too! Remember, we are not a flower like Buckland, a sheep like School or a deer like Thorold – we are the mighty Stephens lion, the most powerful beast there is. Use that passion and pride in your coming years in Stephens and I promise you it will all pay off in success for the house and success as an individual, friendships will grow and goals will be met. Always wear the Stephens Lion next to your heart.

**Emmanuel Marios**  
House Captain

### From the Head of House

The power of positive thinking and a notion of self belief are somewhat self-perpetuating. In simple terms, success

# THOROLD HOUSE

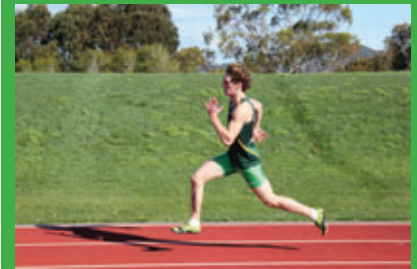

## House Captain Report

I would like to thank all the Thorold members for making it such a vibrant and enjoyable house to be a part of in 2011. One of the most outstanding attributes of our house is the phenomenal participation of all our members in everything, from interhouse sporting competitions, House Drama, Debating and Chess, to events such as the House Night, and even to our house charity, Lifeline.

This willingness to participate meant that we were never short of manpower in competitions and we had a very full and robust House Executive, both things contributing to a most successful year. Moreover, Thorold has students with a diverse range of interests and highly developed skills: another aspect of our success. This success was not only in interhouse competition, but in the growth of a sense of camaraderie in the house: warm salutations in the Thorold corridors; the assistance of a younger student in need; or the silent but strong supporting of the Chess team (something that I've noticed didn't seem to happen to the same extent in the recent past). These are examples of the manifestation of house spirit, which proudly, Thorold has had in abundance in 2011.

We got off to a slow start in the Cock House competition, beginning with a last place in the Swimming Carnival. After a swift recovery we went on a roll of winning, coming first in Summer Sports Day, Cross Country, Winter Sports Day, House Music and House Debating, the very latter being a success I am particularly gratified with, having been the Captain of unsuccessful House Debating teams for the previous two years.

These successes are a testament to the enthusiasm of the Thorold boys I'm proud to lead, but on top of that they are a testament to the influence of our Thorold Year 12 men. They have shown outstanding leadership through their character and their application throughout the year. Our Thorold Year 12s were most definitely doers, as is

displayed by our inaugural successful footy tipping competition, courtesy of Bradley Tilbury; the stunningly green photo display in the Trophy Room, with photos captured largely by Ryan Ward and mounted by Thomas Dobie; the feat of getting a fish and chip shop to deliver us a truckload of fish and chips (on April Fools' Day) – thanks to the humble George Vafakos and Matthew (Max) Waldron; and the enjoyable House Night with Reiby and Monty through the collective efforts of Isaac Woo, William Polglase, Richard Lovell and the Collegiate girls.

Another example which I cannot help but cite is the quietly efficient way in which Tobias Tenbenschel went about producing our new and rather impressive flagpoles and the Thorold Year 12 Leavers' singlets. James Thomas must also be acknowledged for his work which I know is particularly special to some boys – that is the ELC Buddies Program. Although breaking the trend of being a Year 12 on this list, Joshua Symonds, Year 11, showed great initiative with charity, introducing Lifeline as our chosen benefactee and organising several inclusive fund and awareness-raising events. Thomas Whitton was another who embodied the eagerness to participate and help.

I especially thank those who spoke in front of the house at some point during the year, particularly those who had the effect of raising house spirit, as in the case of our excellent Whip, George Gavalas, among others. I am sure your words were clung to just as we used to listen intently to the words of older role models two or three years ago.

Sometimes under-acknowledged by students is the help that our Mentors have given us over the years. Thanks go to all the Thorold Mentors for your generous guidance and support.

I believe the success of Thorold – both in spirit and competition – would not be as great if it weren't for our selfless Head of House. Mr McLeod has the priceless ability to bring out the best in people and this grouped brilliantly with his nonchalant speaking style and warm personality has made Mr McLeod in my eyes the best Head of House we could have had.

The year has been a challenging strain on both time and energy, but I have no doubts about whether the juice was worth the squeeze. The experience and the sheer enjoyment of it has been so worthwhile. My only hope is that the next year group has as positive an experience as we have had, and that Thorold stays strong in spirit and success.

**Frank Burridge**  
**House Captain**

## Head of House Report

Gaining victories in both the Cock House Shield (co-curricular competition) and the Gumley Shield (academics) in the same year is a feat well worth celebrating. It is acknowledgment of an enthusiastic, talented, committed student body who are being well led by both student leaders and by House Mentors. It signals a healthy house. It ought not be an unusual occurrence. Hutchins is a school that promotes a close connection between young men's academic performance and the importance of a healthy involvement in a wide range of co-curricular, service and social activities. It is no surprise to me that Thorold House is the highest achieving house academically in the same year that it has won the House Competition. Co-curricular engagement should be feeding academic engagement.

These achievements rely on more than just potential and performance; they also rely heavily on participation and organisation. The student leadership throughout the year has been excellent. A highlight of the 2011 House Executive was the sheer number of competent Year 12s who put their hands up to run portfolios and who achieved all their aims for the year. They were a great example to next year's committee. I congratulate Frank Burridge on his superb performance as the Executive Chairman and Bradley Tilbury as Secretary. Their leadership of the house this year has been hugely successful. It was excellent to see Year 11 students highly involved in the Executive and in particular to note the work of Joshua Symonds in collecting 700 books and raising \$700 for Lifeline.

The Stag Shield is an innovation that recognises the efforts of the House Mentor Groups in their challenges and competitions throughout the year. New Mentor to Thorold, Mr Tony Greve, saw a need and he commissioned Thorold old boy, Simon Ancher, to construct the trophy. The shield is a modern artistic representation of our traditional house emblem, the stag. In a way it is

something that symbolises our educative process at Hutchins. While we look to the future, we strive to find a place for the traditions and symbols of the past. It reminds us of where we have come from and how we came to be here.

The Thorold House Mentors remain the rock upon which the house success is built. We are indeed fortunate to have such a talented group of Mentors, from a range of faculties, who bring a kaleidoscope of expertise in a vast array of areas. One thing Thorold Mentors, Mr Michael Conacher, Mrs Alison Farmer, Mr Adrian Finch, Mr Tony Greve, Mrs Jane Heazlewood, Mr Kent Moore and Mr James Seddon have in common is a dedication to the welfare of the boys in their care. The house, the students and I are indeed very fortunate to have such a professional and compassionate team. After all, the wins in the Cock House Trophy and the Gumley Shield are only

indicators, not determinants, of a healthy house with happy participants.

On their last day at Hutchins the Thorold Year 12s engaged in tree planting with Thorold members from the ELC. Planting trees with the youngest from Hutchins gave the Year 12s time to both reflect on their past and anticipate the promise of their future. The ELC boys, Year 12 students and the trees were all very much at the beginning of new lives. From the perspective of past, present and future it was a worthy event. I wish the Year 12 Thorold Leavers all the very best in the coming years and remind them of Robert Louis Stevenson's words:

'Don't judge each day by the harvest you reap but by the seeds that you plant.'

**James McLeod**

## Co-Curricular

The Hutchins School Co-Curricular Program in 2011 has been extremely successful. From the sports arenas, drama studios, music halls, and debating and public speaking competitions, young men at Hutchins have travelled a path of self expression, gaining lifetime experiences. Tours to Sydney, Perth, Adelaide, Brisbane, and Melbourne and countless intrastate trips have given our students an opportunity to the best they can be. At Hutchins we ask students to: Get Involved – Do Your best – Be Yourself. Students who take responsibility and ownership to this creed are prepared to organise their time well and are self managing. These qualities are transferred to academic goals. Students with a broad involvement are also those who in the long term demonstrate greater service commitment to their communities.

Notable performances throughout 2011 were:

### Athletics

- Junior Boys, College Boys and Aggregate Boys Champions at SSATIS. State Champions in Junior, Intermediate and Senior Athletics Knockouts. National Champions in the Intermediate Section at the Australian Athletics Knockouts in Brisbane

### Australian Rules Football

- SATIS state preliminary finalist First XVIII
- SATIS state preliminary finalist Second XVIII

### Awards Assembly

- Six Honour Badge recipients

### Basketball

- First Basketball team southern finalists

### Cross Country

- Junior, Senior and Aggregate Boys Champions

### Cycling

- Continues to develop under the coaching of Mr Michael Thorne and Mr Tim Grabovsky

### Dance Troupe

- State dance eisteddfods and silver medal in the Sydney Dance Eisteddfod

### Drama

- Drama productions

### Debating

- Year 11/12 Champions

### Hockey

- First XI Southern Champions

### Music

- Success in the Clarence and Hobart Music Eisteddfods. The Hutchins Haircutters a stand out

### Rowing

- Head of River, State All Schools, State Championship success in all age groups.
- Tobias Tenbenschel – Bronze medallist U19 Single Scull
- Sam Heron – Gold Medallist and National Champion U19 Single Scull
- The Hutchins School First VIII: Gold Medallists and National Champions U19 Men's Eight and Silver Medallist in the School Boys Championship of Australia (a very close second to the Shore School)

### Rugby

- U14 champions and U18, First XV state finalists

### Sailing

- State Champions – Represented Hutchins at the Nationals in Perth

### Soccer

- First XI SSATIS Champions and SATIS finalist
- Soccer Second XI SSATIS Premiers

### Sport Shooting

- State Invitational winners back to back with outstanding performances
- Christopher Jenkins crowned Australian Champion

### Swimming

- SSATIS and SATIS College Champions and Boys Aggregate Champions

### Water Polo

- Southern Schools Champions

Thanks must go to our coaches, managers and assistants of groups in 2011. We have over 100 outside coaches and supporters and without the assistance of these tremendous people our co-curricular programs could not go ahead. The strength and spirit of the Co-Curricular Program at The Hutchins School is our teaching staff. Their dedicated, committed effort to our programs is to be commended.

### Wayne Brown

Director of Co-Curricular and Sport

## Athletics

The Athletics season for Hutchins started off with huge success. This was apparent in the Southern SATIS in early October, with the School having a clean sweep, taking out the Boys Junior and Senior division, along with the Aggregate Shield. There were many outstanding performances across all age groups. In the very first race of the meet, Charles Haward placed first and Henry West third in the Open 3000 metres. This set the tone for the rest of the day. The calibre of the performances set by the junior age groups showcased incredible potential for Hutchins athletics.

Russel Taib in the U13 boys set the track alight in both the 100m and 200m with two very convincing wins. Caleb Berriman, Thomas Sonneveld, Patrick Lickiss and James Sonneveld secured the win in the U14 4x100m relay. In U15, the two power houses – Jesse Usoalii and Thomas Farmer – both had wins in the 100m/200m events along with Benjamin Robinson in the 1500m.

In the senior age groups, some of the highlight performances went to: Edward Burrows-Cheng in the 100m Hurdles, Matt Young in the high jump in the U16 age group and Rory Middleton in the Open Boys Shot Put.

The State Independent Schools Carnival took place at the Domain Athletics Centre a week later. A saturated track did not affect acceptable performances. The boys U15 team continued to impress,

including their two second win in the 4x100m (Hamish Reeve, Nicholas Graver, Thomas Farmer and Jesse Usoalii). Once again, Russel Taib was the stand out performer, by winning all of his sprinting events (100m/200m/4x100m relay).

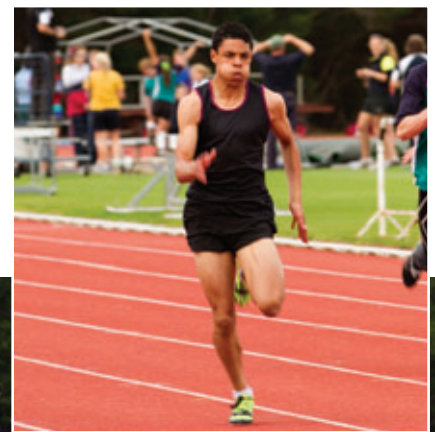

In the State School Knockouts Hutchins excelled, with all age groups performing exceptionally well. They placed first, providing the School with the opportunity to compete in the National Schools Knockout Final, held in Brisbane.

This was the first year that all three age groups represented Hutchins at a national knockout. Even though conditions did not accommodate the athletes, many performances were again memorable. Charles Haward's final run in the 1500m for Hutchins left him with a personal best wearing magenta and black for the last time. George Gavalas stormed down the track in the 100m, Thomas Whitton endured the pain in the 400m and climbed up the places in the final 100m to fourth and Alec Simpson cleared 180cm in the high jump. All relays showed great teamwork, with the Junior 4x200m Relay team placing first with the prodigy Russel Taib anchoring the team to victory. The senior age group in the Medley Relay placed a very comfortable third with the anchor leg being Ross Welling. In the intermediate boys, a good lasting effort by Hutchins 400m runner Brendan Hay cleared a path by placing his team in second place. The relay secured the national knockouts title for the Intermediate Boys team. Even

though none of the intermediate athletes placed first in their events, it showed that consistency was the key.

These exceptional performances across all age groups would not have been possible without the teachers' knowledge and commitment. Special thanks to Mr Adrian Finch and Mr Michael Conacher for their continued dedication and commitment to Hutchins Athletics. The Hutchins teams also extend their thanks to Mr Wayne Brown. On a personal note, I would like to thank the teachers and all the athletes in the Hutchins team for being so co-operative and supportive.

**Matthew (Max) Waldron**  
**Captain of Athletics**

### First and Second XVIII Australian Rules Football

To coin a cliché the season of 2011 was always going to be a 'rebuilding phase' for the Hutchins First and Second XVIII. After two highly successful previous years where we were the reigning state premiers in both divisions, the reality was that 2011 was going to be tougher. Sixteen of our 2010 First XVIII premiership players had moved on and over half of our 2010 Second XVIII had done the same. This left us with a core group of highly dedicated, committed and focussed young men. If our measure of success this year was in maintaining and nurturing the passionate culture of Hutchins pride, then these young men certainly made the grade. Particular mention must be made early to the leadership group of Bradley Tilbury (Captain), George Gavalas and Alexander Hay (Co Vice-Captains) who were instrumental in encouraging many of our younger, less experienced players .

Our other goals this year were to be competitive through supreme fitness and strength where we may have been outdone on size and experience. We certainly achieved the high levels of fitness and strength required and we still managed to play above our size and experience. We underwent a rigorous pre-season training through sprints, fartlek and endurance running in and amongst our skills and drills. The core group of more experienced players also engaged in additional weights and running sessions with Coach Mr Josh Hanek.

With lots of 13 point margins throughout the season, for those of us who are superstitious this was an ominous sign for our luck. Our first game of the season was a trip to Launceston to play St Patrick's College and although we were fully prepared in terms of our fitness and strength we were underprepared for the final result. St Patrick's College smashed us by 129 points and were far superior on the day. Similarly in the Seconds we had a bench of one and a half dozen first time players. We were a group of young and inexperienced players playing above their potential. It was all about restoring pride

and being competitive and that is exactly what we did for the rest of the season.

Another drubbing of 50 points a week later by Scotch Oakburn College was another telling sign that we were well below par. Yet the Seconds recorded their first win of the season. The following week we had numbers and players back to full strength and we turned the season around and showed the potential that we have to come through over the next few years. The Hutchins First XVIII beat Launceston Church Grammar School by 70 points and the Second XVIII won 22-21-153 to 1-3-9.

A week later we played a newcomer to the competition in the Launceston Football Rookie Colts Team at the WMO running out winners by 53 points while the Magoos had a midweek game under lights at Brighton versus St Patrick's College Thirds team where we went down fighting by only 30 points. This was followed by a return away game against Scotch Oakburn College where the First XVIII closed the gap between the two teams by a half. The Seconds recorded their second win to post a solidly improved 34 point win.

In the next round we erased any memories of our start to the season when we again played St Patrick's College. We lost by just 11 points. The Seconds played a similar role in also going down narrowly by 13 points. The next week in Launceston against Launceston Church Grammar School the First XVIII dispatched the opposition by 13 points and the Second XVIII came home in a canter by 56 points. Following this the First XVIII lost narrowly to a combination of Launceston Football Club Rookie Colts and Reserves Players by 13 points and a depleted Second XVIII of only 17 players went down to St Patrick's College Thirds by 130 points. Regardless of the two last results both the First and Second XVIII Hutchins Football Teams had still qualified for the finals.

One of Ron Barassi's favourite quotes is 'Luck is what you have left over after you give 100%'. In the semi-final we played our best footy of the year and gave 100% but unfortunately the luck did not run our way all day. We fought out a gallant

battle with Scotch Oakburn College to go down narrowly by 28 points. The Seconds saw a similar luckless result whereby they were 9 points down at three quarter time only to run out of legs and have St Patrick's College win by 42 points. Although we were disappointed in both grades with the result no one could question our hardness or our heart.

Many thanks go to our Seconds Coach Mike Hunnibell, Assistant Coaches Adrian Finch and Chris Rae, our dedicated Trainer Ross Nichols, Midfield Advisor Stephen Hay, Match Day Managers Wayne Brown, Mike Conacher and Paul Heerey, Runner Dan Luck and of course the Mums – who tirelessly toiled in the Pavilion to ensure we were well looked after – Katina Gavalas, Ray Hay and Caroline McCreary. Thank you all for a great season and remember the greatest pride you will play with is the pride of your peers particularly in the Pride of Hutchins Lions.

**Josh Hanek**  
First XVIII Coach

## Badminton

The Hutchins Badminton teams have experienced another year of exceptional achievements. Hutchins entered six teams from Years 7 to 12 in the roster season, all of which did extremely well in their relevant divisions. The Hutchins teams were so successful we secured a place in the finals for every division in the competition. At the Awards Assembly, the Year 10 A team was awarded the Most Successful Team, Zhi Xiong (Mark) Loh (Year 12) was awarded a Cap, Allen Chen (Year 12) and Samuel Johnston (Year 11) were awarded Colours and Junwoo (Brian) Park (Year 10) and Alexander Pace (Year 7) were awarded Merits.

Hutchins was also outstandingly successful in the Southern Tasmanian Schools Championships. In Year 7, Theo Kessler won the Singles and the Mixed Doubles. In Year 9, Luca Buissink won the Singles, the Doubles and the Mixed Doubles and Elijah Elford won the Doubles. In Year 10, Hoi Yuen (Fuhrmen) Lee won the Singles and the Mixed Doubles and Hugh Johnson won the Singles Plate. In the College Division Zhi Xiong (Mark) Loh (Year 12) won the Singles Plate and the Doubles and Chek Hui (Glenn) Tan (Year 11) won the Mixed Doubles. Theo, Luca and Fuhrmen were awarded the Most Successful Player of the Tournament in their respective age groups.

We are grateful for the help and support of the staff involved over the season: Mr Chris Berndt, who coached Years 7 and 8, Mr Cameron Hudson, who coached Years 9 and 10, and Ms Jodie Schafferius, Teacher-in-Charge. It has been a pleasure for us to captain the Hutchins Badminton team in 2011 amidst such achievements and we hope this success will continue well into the future.

**Allen Chen and James Chew**  
Co-captains of Badminton

## Basketball

The 2011 Basketball year has been a hard fought season. With just three teams entered in this year's roster, both Guilford Young College and The

Friends' School proved to be strong opponents. Many players played above their age group, adapting to the level of competition and proving to be vital and efficient players for the team.

Throughout the season there were many good individual performances with Daniel Larrett, Rory Middleton and George Gavalas all playing well against very tough opposition.

The success of Basketball this year was with our Year 7 team coached by Jenny Burgess winning the SSATIS competition.

Many thanks go to all our coaches throughout the season and to Mrs Malarski and Mr Sayers for all their administration and support for Basketball at Hutchins.

**James Chew**  
Captain of Basketball

## Cricket

### Cricket First X1

We entered the season with a young group and this showed in some of our performances. Losing Sean Willis to injury for the whole season had a major impact on our ability to set and chase scores.

Strong performances came from our senior group including Declan West, Jack Luck and Zachariah Lieutier. Young players to make an impression were James Green and Henry Garrett who performed well with the ball when called on.

Our standout performer was Harry Nichols who regularly contributed with the bat and was a handy change bowler.

### State Representatives

Sean Willis  
Harry Nichols  
Lachlan Fraser  
Jordan Ross

### Boot Game

Hutchins hosted Peninsula Grammar School in the annual Boot game. In a hard fought and low scoring match we failed to chase a fairly small total. Good performances came from Tom Green and Jack Luck.

### Season

Despite numerous close games Hutchins finished 4th. Bowling and fielding were fantastic and despite some terrific individual efforts with the bat we were not able to put team scores together. Congratulations to Launceston Church Grammar School who won a hard fought final against St Patrick's College.

### Awards

Batting: Harry Nichols  
Bowling: Zachariah Lieutier  
Richardson Trophy (best player):  
Harry Nichols

### The Middleton Family

The season also saw the end of the fabulous relationship the Middleton family has had with the Hutchins First X1.

Year 10 Cricket team

Thanks to Ian, Jenny, Dougal and Rory. In a period spanning six years they have been players, scorers, travellers and caterers. Thanks must go particularly to Jenny for her work to make sure the standards of Hutchins lunches were maintained over that time. What an effort!

**Declan West**  
**Captain of First XI**

### St Virgil's College vs Hutchins

On 13 December, Hutchins and St Virgil's College met to battle out the traditional *Di Venuto Saunders Shield*. Hutchins went into bat with a strong line-up facing a well-balanced St Virgil's side. We lost a couple of wickets early but Peter Eastment stood up and was the rock of our innings which importantly allowed others to bat off him and make use of the conditions. A 54-run partnership between Richard (Zac) Bury and Peter Eastment was the highlight of the innings with Richard (Zac) Bury posting a well-deserved half century off 67 balls. We ticked the strike over well and found ourselves in a good position at 2/86 off 25 overs halfway into our innings. Hutchins then steadily lost wickets until a great partnership of 38 between Brendan Hay and Liam Johnston helped us post a competitive total of 192.

Hutchins got off to a great start with two crucial early run outs to put St Virgil's on the back foot. This triggered a great bowling performance all round, with James Green the pick of the bowlers with 2/24 off 10 overs. We kept our pressure on which resulted in two other wickets and they quickly found themselves at 4/55. To St Virgil's credit, they regained momentum with some big hitting that kept them in the game and us on our toes. The tension built as their lower order kept coming at us hard, but proudly we stood strong and came out victorious in a well fought-out win. We bowled St Virgil's out for 145 after 40 overs and retained the *Di Venuto Saunders Shield* for the second year in a row.

**Richard (Zac) Bury, Captain**  
**Justin Bowman-Shaw, Coach**

### Cross Country

The Hutchins School Cross Country Team competed in the SSATIS Cross Country at Pontville on Tuesday 2 August. A large team of students from Years 7-12 competed admirably in fantastic race conditions. Notable individual performances were:

Open Champion: Charles Haward  
 U15 Champion: Benjamin Robinson  
 U15 Second Place: Jock Mure  
 U13 Third Place: Nat Franklin

On the day Hutchins collected the U13 and U14 Pennants, Junior Boys Shield and the Aggregate Boys' Shield for Champion Boys' School.

Thanks to Henry West and Charles Haward for their tremendous leadership as Co-captains of Cross Country. Thank you to Mr Conacher and Mr Prior for their assistance and organisation.

**Wayne Brown**  
**Director of Co-Curricular and Sport**

Open Cross Country team

Co-captains Charles Haward and Henry West with U15 Champion Benjamin Robinson

## Cycling

The Hutchins Cycling Program offers students an opportunity to develop their skills on the bike and engage in competition within the disciplines of road and track cycling as well as mountain biking. In 2011, the Cycling Program successfully brought new students into the sport while furthering the success of those who were prepared to enter the fray of competition.

During the gruelling Kellevie eight hour endurance MTB race, competitors and spectators alike bore witness to the steely resolve of Year 10s, Connor Dobie, Kaelan Durbin, William Stephenson and William White. The boys' teams raced against 300 other competitors on a treacherous and often morale-destroying course. Battling mechanical and physical adversity, all Hutchins riders completed the eight hours. Events such as this often take weeks to recover from, so the boys deserve full respect for preparing and participating!

A crowd of 5000 spectators gathered in Launceston for the Stan Seijka Classic Criterium. Criterium racing is a spectacular, fast paced and often dangerous form of road racing that is typically held on a closed-loop circuit on city streets. In this particular edition, cyclists and spectators encountered torrential downpours throughout the

event. In a brave display of riding, Hutchins Year 9 student Gerald Evans marshalled his bike handling skills and rapidly developing power to win the hotly contested U17 category race. Typically, the race was somewhat marred by a high speed crash brought on by desperation towards the end of the race: 'It really started to bunch up on the second-to-last corner, I went wide and there was a pile-up behind me,' said Gerald at the finish, after putting several bike lengths into his main rivals who had also managed to thread their way through the pile of bikes and bodies to stay upright.

Gerald entered the race during the base phase of his training, and therefore had to approach the race accordingly. Gerald's consistent training in treacherous weather provided him with bike handling skills that gave him confidence on race day. Gerald combined these attributes to take the win. A member of the Cycling Australia, Tasmanian Development Program, Gerald will be competing in regional and national track and road cycling events in 2012.

In their last week of school, a selection of the new generation of Hutchins

cyclists, Year 7s Matthew Behrens, Angus Hine and Hamish Taylor, tackled the olympic format cross country mountain biking course held at the Tolosa MTB park. Racing upon a course that has been described as among the most challenging in the country, it having challenged olympic and national representatives, the boys were successful in completing their specified race distances in what was their first ever mountain bike race.

With enthusiasm and commitment such as this, the Hutchins Cycling Program is showing promise for 2012.

**Michael Thorne, Cycling Coach**  
**Timothy Grabovzsky, Cycling Coach**

## Hockey

Hutchins Senior Hockey had an extremely successful season in 2011, with two premierships from its three most senior teams. One of these was the much sought-after Southern All Schools Premiership which had not been won by Hutchins for the last three years.

### State representation

#### U18

Rory Middleton, James Thomas, Jackson Willows, Samuel Keating, Charles Haward, Denver James

#### U16

Oliver Lane

#### U15

Henry Forbes-Smith

#### U13

Luke Roberts

### First XI

In 2011, the Firsts team led by Co-captains James Thomas and Rory Middleton, under the watchful eye of coaches Mr McLeod and Mr Addison, enjoyed a successful year that had both its ups and downs. The team passed through the round robin season undefeated, with fairly comfortable wins over Elizabeth College and Guilford Young College, and overcame the somewhat tougher competition of the 2010 premiers, The Friends' School.

The Southern Independent Schools Final saw Hutchins once again come up against rivals The Friends' School with the winner to take on Scotch Oakburn College in the state final. The game

was hotly contested, with the first half going to Friends' as Hutchins failed to provide the spark that had kept the team undefeated throughout the regular season. The score at half-time was 2-0, with gallant defensive efforts from full backs Thomas Whitton and Sam Hunnibell, and goalie Hamish Killalea, having kept Hutchins in the game. Following a fiery, much needed half-time speech from the coaches, Hutchins wrestled back control as Rory Middleton wove along the baseline, setting up a goal from Isaac Woo to get them back into the game. The last ten minutes were played at a frantic pace, but Hutchins were not able to score the equaliser and they suffered their first loss of the 2011 season.

This loss, however, made the Hutchins Firsts even hungrier for the Southern All Schools premiership to be contested the following week against the same opposition. The game started as the other one had left off, Friends' buoyed by their state victory and Hutchins still fuming from the previous week's defeat. The Hutchins forward line started to come to life five minutes into the game with great passing and team work from Vice-Captain Charles Haward, Denver James and German import, Jan Happe, as they began to wrestle control of the game. It was Jan Happe who finally broke the deadlock and gave Hutchins an early 1-nil advantage. It was at this point that Hutchins took their teamwork to another level and put 4 more goals past the Friends' keeper in the next 15 minutes. This was set up through pin-point passing from halfbacks Lachlan Crowder, Ross Welling and young

gun Henry Forbes-Smith. The tactical movements of James Thomas and Rory Middleton between midfield and attack also proved to be a difference in the game, along with the use of fresh legs up forward to provide support. Hutchins went into half-time with a 5-0 advantage and the game was all but over. The final score was 5-1, capping off a fairly successful season for the Firsts team.

**James Thomas and Rory Middleton  
Co-Captains First XI**

**James McLeod and Ian Addison  
Coaches First XI**

**Second XI**

As is often the case, the Hutchins Seconds lost some of its core players who deserved their step-up into the Firsts. Fortunately several strong players such as Douglas Austin, Tristan Cleaver and Jordan Martin remained. There was also an influx of new blood with the majority of players coming into Year 9, as well as Samuel Williamson in Year 11.

The Seconds had an excellent season of Hockey, the key to their success being 'consistency'. The boys didn't lose a game, although some tight tussles were fought out with St Virgil's College, whom they beat once, and drew with twice. Exciting players to watch in future are William Terry, Jackson Turner, Lachlan Fraser (our Phar Lap) and the Chilcott twins, Alistair and Cameron. Douglas Austin was a solid defender throughout, being able to step into the fullback position from his favoured wing half. Tristan Cleaver (The Flash) continued to inspire all with his speed and agility. By far the biggest improver

was Jordan Martin, the goalie, who made a huge impact on the goal difference. His courage and eagle eye were awe-inspiring.

The boys went on to win their grand final in nerve-wracking circumstances (for the coach anyway). At one stage they were 3-2 up to St Virgil's College who came home strongly to even the score, but the boys found composure, digging deep to hold out any more attacks, and came away with a well deserved flag.

**Anthony Hyland  
Coach**

**Hutchins 3**

This team, playing in the Secondary Division 4 roster, was successful in terms of improvement over the season as well as in the effective blending of boys from each of the three year groups. Team work developed nicely over the abbreviated season, culminating in a final roster match win over The Friends' School. This was a pulsating game which was not decided until the final minutes when Hutchins struck the winning goal for a tense 3-2 win. The fighting spirit of the Magenta and Black shone through as the team had to fight back from 1-2 to register this success. While all members of the squad contributed to the team's improvement, special mention should be made of Charles Lane (Captain) and Vice-Captains Sebastian Whithers, Angus Woodcock and Thomas Maughan. Congratulations to Luke Roberts for his selection in the state U13 team.

**Ian Addison, Coach  
James McLeod, Teacher in Charge  
of Hockey**

Rory Middleton breaking away

Sam Hunnibell, Hamish Killalea and James Thomas (obscured) hold the line while Thomas Whitton and Charles Haward sprint to the contest

## Rowing

The Hutchins Rowing Club in 2010/11 has arguably had one of its best seasons on a state and national level. This success was not only measured on the water but through the way the boys conducted themselves off the water and with how they interacted with their peers and with rowers from other age groups.

### U13

The influx of new faces saw a large number of U13 boys showing great enthusiasm to get out onto the water. The U13 boys showed great future potential demonstrated by their success in the Quad Sculls at the Tasmanian School Championships, this success is the foundation of the club's future success.

### U14

With the majority of the group returning from the previous year, the boys further developed their skills. Under the

guidance of Nigel Burridge it was clear that they were in for an exceptional year. Their talent was clear for all to see when they finished 1st, 2nd and 3rd in the Quad Sculls at the Head of the River. This age group looks set to boat a good crew in the U15s next year.

### U15

One of the most competitive age groups in the school boy rowing, St Virgil's College was a strong competitor pipping Hutchins in the Head of the River Quad Scull final. However the boys showed their resilience taking out some of the smaller classes of boats. This U15 age group is a strong group of boys who will be competitive next year as they develop their sweeping skills in the bigger class of boats.

### U16

With an enthusiastic group of rowers, the U16s showed great character in many of their races against the very strong Friends' crew. The U16s are talented

young men who have developed their sweeping skill throughout the season. Many of the boys will be pushing for selection into the First XVIII next season.

### Open Squad

The Open Squad in 2010/11 saw a large number vying for eight spots in this year's First VIII. All boys showed their mental toughness and resilience after the sudden loss of the Senior Coach, Roger Drummond. Roger's aspirations and enthusiasm for the sport lived on through the boys' performances throughout the remainder of the season. The coaching role was taken over by John Driessen who is well regarded at an international level. At the national championships held in Adelaide, Hutchins won a total of three gold, two silver and a bronze. This was the highest medal tally of any school. The Hutchins First VIII went back-to-back taking out the U19 Men's Eight and 2nd in the prestigious Schoolboys Eight race. Sam Heron won the Men's U19 Single Scull and Nicholas Edwards won gold and silver coxing the Tasmanian Lightweight Eight and Men's Senior Coxed Four. At the Head of the River the First VIII took out the major race of the day, finishing ahead of Scotch Oakburn College by a comfortable three lengths, extending the Hutchins reign of the Golden Fleece Cup another year. The depth of this age group was shown with six boys from the Second VIII travelling to the nationals, finishing a close fourth in the U19 Coxed Four and being competitive in a number of other events.

The Hutchins School Boat Club really dominated in both the state and national competitions. With the success achieved throughout all the age groups it has provided the proof necessary for Hutchins to be seen as the most successful school in rowing in the country. It is a real credit to all the coaches, supporters, parents and of course the boys for the effort and early hours endured in order to be the successful club that we have become. With strong youth coming through the underage it is providing a strong foundation for success in the years to come.

**Sam Hunnibell**  
**Captain of Boats**

## Rugby

### U18

We did not have a flying start to the season; this resulted in our school struggling to be placed on the leader board against the other clubs. Early in the season it was a challenge to field a full twenty two man squad. Through some hard-fought matches Hutchins remained in contention for the premiership. With our small numbers on the pitch there was little or no rest for the starting teams. All athletes who played the first half of the season can be commended for their efforts in holding out the opposition as we moved into the second half of the season. It was in the second half of the season where things became interesting...

Australian Rules Football and Rugby are often considered two incompatible sports, but the uptake of Rugby by some of the footy boys allowed the First XV season to progress even further towards the premiership. Noted arrivals were Emmanuel Marios and Alexander Hay.

We welcomed back Timothy Kadziolka and Christopher Drummond. George Dargaville was able to fit in perfectly with the back line.

We must also remember the efforts from the boys who had played all year. Jack Fizelle proved to be a tireless Trojan – launching himself into every game with spirit and courage, an asset indeed- and a vice that was easy to rely on.

To the boys who played the 2011 season with the prime objective of making the grand final, your efforts and commitment are to be congratulated. The final score did not reflect the calibre of those Hutchins boys who took to the pitch.

*Sandy Woodcock shrugs off old boy Lachlan Greve in the U18 grand final*

A hard fought game was the order of the day and every player committed to that 80 minutes. A premiership was not to be ours this year – but gentlemen of the First XV – you should be proud.

### Sebastian Lopa Captain of Rugby

### U16

The season for U16s was a challenging one as they come away with only one win for the entire season over Taroona. However, we never went down without a fight and tries in every game came from the likes of Huw Green, Shaun McMillan, Thomas Farmer, and Jesse Usoalii. Other tries throughout the season came from Oliver Mathot-Dewis, Asher Scobie, and Riley Winter. Although throughout the season we never had a full team we battled through with the numbers we had, and managed to make the semi-finals. All credit has to go to our coach Luke Wilson, for putting his faith in us.

This year the Hutchins U16 team was pleased to have Huw Green, Shaun McMillan, and Caleb Fife represent the state team heading over to St Ignatius College Riverview in Sydney, for the 2011 U16 Australian Rugby National Championships.

### Huw Green Captain

### U14

The Hutchins U14 Rugby side this year performed extremely well, being undefeated all year.

Around the middle of the season we had a trip to Sydney. Unfortunately it rained heavily but we still made the most of it and enjoyed ourselves.

*Lineout against Launceston*

On the whole we had an astounding line up in the U14s. The true Hutchins team spirit was evident and we can't wait to play again next year. Thanks to Rev Gray, Korhu and Eugene for coaching us through the year.

### Daniel Himson Captain

### Award Winners

**U14:** Best Forward: Daniel Himson; Best Back: Liam Fitzgerald; Lion Heart Award for courage on the field: Neville Bates; Most Improved: James Schmidt; Players' Player: Jack Reid; The Webber Award for First XV Best and Fairest: Hamish Fife; The Hook Trophy for Best Middle School Rugby Player: Daniel Himson

**U16:** Best Forward: Huw Green; Best Back: Shaun McMillan; Lion Heart Award for courage on the field: Oscar Beattie; Most Improved: Caleb Fife; Players' Player: Riley Winter; The Pak Wilson Memorial Cup for U16 Best and Fairest: Thomas Farmer

**U18:** Best Forward: Jonathan Olivier; Best Back: Oliver Morris; The Captain's Award: Sebastian Lopa; Most Improved: Harrison Pascoe; Players' Player: Sandy Woodcock; Best and Fairest: Jack Fizelle; Damien Arnold Memorial Shield for Rugby Best Clubman: Thomas Johnston

### State Representatives

**U15:** Neville Bates, Hamish Fife, Liam Fitzgerald, Daniel Himson, Ned Howe, Oskah Marshall, Harrison Paine, Jack Reid, Russel Taib, Asher Scobie. **U16:** Shaun McMillan, Caleb Fife, Huw Green. **U18:** Sebastian Lopa.

*U14 lineout against Shore*

## Sailing

The year was yet another exciting year for the Hutchins sailing group.

### Summer school roster

Most of our students partake in individual fleet sailing on a continual basis in various classes, so it is always good to see them take to the water and combine into the first term summer roster of teams racing. This year was no different with three teams being represented by Magenta, Black and Gold.

Having lost three experienced helms at the end of 2010, 2011 was always going to be a year of development. However, with the depth of sailing talent which Hutchins continues to foster, new combinations of skippers and crews emerged. These were tested and refined as the roster progressed.

### House Sailing

Once again Bucks showed its strength and depth of talent by winning House Sailing, making it four years in a row; second was Thorold, third Stephens and fourth was School. Of particular note this year was the appearance of sailors of very limited experience and a number of house heads who were very impressed by the standard of racing. Always, it was a great day on the water and on shore. Thank you Murray Jones and Andrew Webber.

### Yardstick Regatta, Port Dalrymple

A team of just ten sailors consisting of a variety of classes including Sabots, Lasers and a 420 had two days of fleet racing up North. Alec Bailey and Lewis Noye won the top boat in the 420 class. Although other classes did not have outright wins, they showed plenty of determination.

Alec Bailey became this year's recipient for the Neil Thomas Scholarship for Sailing. This has assisted Alec in competing in the Schools Team Racing Championships in Perth, to compete at the 420 European Championships in Belgium in July (placing 25th from 105 competitors) and to prepare for the 420 National Championships in Brisbane from December 2011 – January 2012. Thank you to Neil Thomas for his ongoing and generous support.

### Tasmanian Schools Teams Racing Championships, Port Cygnet

For the first time ever the Tasmanian Schools Teams Racing Championships were staged at the idyllic setting of Port Cygnet, headquarters being the newly refurbished Port Cygnet Sailing Club. Hutchins were represented by two teams – Magenta: Jack McCullum, James Padget, Alec Bailey, Charles Connor, Lewis Noye, Christopher Boulton, Toby Burnell – the eventual winners – and Black: Oliver Burnell, William Connor,

Jock Calvert, Damian Messner, Nelson Brown, Josh Brown, Michael Boulton and Michael Young – overall fifth.

Conditions on the two days of sailing were light and variable, with not much to do but be on the ready out on the water and/or on the changeover boats, only coming on shore for lunch.

By winning the state championships, Hutchins earned the right to represent Tasmania at the national championships which were held in Perth. This was the 19th consecutive time that Hutchins had represented Tasmania.

### Australian Schools Teams Racing Championships, South of Perth Yacht Club

In total, there were 14 teams from across Australia. Over the four days of racing, 28 rounds were completed; in a total of 196 races. The wind blew consistently between 10-15 knots.

Three fleets, were used continuously – one fleet racing, another involved in pre-start and the third making its way onto the course after changeover. So after three days of racing, and if only we had won three instead of two races on the Sunday, Hutchins would have made the semi-finals. At the end, Hutchins finished a commendable sixth. The competition was so close that there was very little separating the top eight teams.

Our sailors put in a great team effort, never losing sight of their goals. Much thanks to all the students and especially Jack as team captain in his final year at Hutchins. Praise and thanks to their coach Murray Jones, who continues to guide Hutchins' sailors to strive for optimum achievements.

### International representation

Nelson Brown, Henry Goodfellow and Hugh Jones travelled over to the USA in their respective classes.

Our three retiring skippers from 2010 represented Australia in the 2011 World Team Racing Championships in Ireland where they finished sixth.

Can Hutchins make it twenty years in a row to represent Tasmania at the Nationals?

**Tony Greve**  
Team Manager

Hutchins 1,2,3 Nationals 2011

Jack and Jimmy Nationals 2011

## Soccer

### First XI Soccer Season

The season began very early in March and with an attendance of 40 or more players at most training sessions, competition for spots in the squad was very fierce. After a few weeks a squad was developed that had an excellent combination of experience, quality, youth and enthusiasm. The squad was captained by Henry Jones, who motivated those around him and lead by example on the field. The experienced players, such as Richard Lovell, Bruno Almeida, George Williams, Elliot Foote, Callum Mitchell, and George Vafakos provided us with excellent structure and drive throughout the year. After a very consistent season, we met The Friends' School in the southern final. After convincingly winning the intense southern derby against Friends', we travelled north for the state final against St Patrick's College. We battled hard all day, but were over-run by a rampant St Pat's First XI. Pride was partially restored by a consolation goal that came from an unlikely source – Richard Lovell. An excellent 'silverware winning' season from all involved, and I look forward to seeing the young talent from 2011 back again in 2012.

**Shae Hickey**  
First XI Coach

### Second XI Soccer

The 2011 season was a little different from previous years. With no other schools entering sides in the seconds roster, our teams faced the challenge of being included in a combined firsts and seconds roster. Despite this, the squad took on the challenge and trained hard throughout the season to make sure they were competitive.

Initially we fielded two teams in the competition, but were forced to withdraw one team due to player numbers becoming an issue. The combined team developed an attacking style of play that enabled them to push their opponents and take each game on with enthusiasm. In the face of strong opposition throughout every game of the season, the seconds team remained committed to playing their best and enjoying the spirit of the game. Some outstanding performances in goal by James Norris and Tom Beadle were highlights of the season and did much to keep the team in each game.

Despite the rigours and challenges of playing firsts teams, the boys represented themselves and the School admirably. Thanks must go to the coach, Robert Beadle, whose commitment and planning, both at training and matches, helped the team successfully manage a challenging, but rewarding season.

**Anthony Apted**  
Seconds Coach

### Year 8 Black

The Hutchins Black team had an excellent season. With skilful coaching by Mr Hansen and Mr Geason the team finished on top of the ladder, ahead of Hutchins Magenta on goal difference.

The season culminated in appearing in the grand final against Hutchins Magenta but with a number of key players missing through illness we were beaten 5-1.

Despite losing the final it was a great year for both Year 8 Hutchins teams and it is hoped that the majority of all players don their boots for the 2012 season. Finally thank you to Nick Hansen and Greg Geason for all their work over the season.

**Zachary Vassallo**

### Year 8 Magenta

Hutchins Magenta started the season with a flying start beating Hutchins Black in the opening fixture. Our season lost momentum but thankfully we picked up. Our place in the grand final against Hutchins Black was confirmed when we defeated MacKillop Catholic College 4-1 and we went on to defeat a weakened Black team 5-1.

Thank you to Haidar Mohammed for all his work during the season; he really showed his worth in the final league victory of the season against MacKillop Catholic College as did Patrick Lickiss whose goal scoring feats helped us achieve our status as champions.

**James Crean**

### Year 7 Black

After an encouraging tournament win in the Southern Schools Futsal Tournament in March the 2011 season promised to be a great one. Sadly this was not the case. The season started slowly with defeats but thankfully a victory over St Virgil's Yellow meant that things began to improve slightly. Our final game of the season resulted in another loss to MacKillop College.

Although the season proved to be a tough one the team enjoyed each fixture and did not dwell on our defeats. The top goal scorer was Rainjan Blakers who slotted 5 goals after some great work on the wings. Our final league position was fifth which probably reflected our ability but not the fun we had.

Finally, I would like to thank Mr Eaves and Mr Leonard for coaching and Stephen Carnaby for managing the team.

**Stuart Carnaby**

The winning SSATIS First XI team

Year 8 Black

## Sport Shooting

Our Sport Shooters have enjoyed another successful year under the encouragement and guidance of our Senior Coach Mr Ray Williams. Ray's commitment and professionalism which he brings to the sport is exceptional and provides our boys with a supportive environment to enjoy success. The Derwent Valley Field and Game Club continue to provide wonderful support and leadership/coaching of our boys and I thank them for their continued support.

Again in 2011 we defeated Launceston Church Grammar School in our Invitational Sporting Clays shoot which we hosted at Derwent Valley Field and Game in May. High Gun was won by Christopher Jenkins with 57 from 75 sporting clays. Our top five scorers where: Christopher Jenkins 57/75, Thomas King 54/75, Fletcher Caldwell 51/75, Anton Roberts 50/75 and Andre Postma 49/75.

The Interschool Competition held at the Tasmanian Gun Club, Evandale saw us victorious once again winning the John Lord Shield for the third year in a row.

*Invitational team  
Ray Williams, Oscar Beattie, Anton Roberts, Benjamin Jones, Andre Postma, Benjamin McShane, Fletcher Caldwell, Christopher Jenkins, Jock Parsons, Daniel Feeger, Ryan McMann, Alec Shea, Jack Field, Thomas King, Angus Pitt.*

*Interschool team  
Rear: Angus Pitt, Anton Roberts (Captain) Christopher Jenkins, Thomas King, Ryan McMann, Ray Williams Front: Benjamin McShane, Jack Field*

A wonderful performance from the team with our top three shooters being: Anton Roberts (Captain), Christopher Jenkins, High Gun with 71/75 and Angus Pitt with a combined team score of 198/225 defeating Launceston Church Grammar School 186/225.

We have had some new boys from Middle School start this year, with real promise being shown from Jock Parsons, Benjamin McShane and Jack Field. Jack won the C grade Skeet event at the recent Interschool Competition and Benjamin McShane won the Encouragement Award at the Hutchins Invitational. I thank Anton Roberts as Team Captain and for assisting me throughout the year.

At Wagga Wagga during May Christopher Jenkins competed in the ACTA Australian Skeet Shooting Championships. Christopher was very successful and he is now the new Australian Junior and overall handicap Skeet Champion. On behalf of the Hutchins Sport Shooting Team we congratulate Christopher and look forward to his further success. Both Christopher Jenkins and Thomas King will travel to Wagga again in 2012 to compete in the Tasmanian Junior team in the ACTA Nationals.

**Kent Moore**  
**Teacher in Charge**

## Surfing

This year the Hutchins Surfing team have had a number of successes. After losing a few members to other sports and having a number of surfers pulled in other directions, the attraction of the surf has finally seen a resurgence. With a number of strong athletes in the team who are focussing more energy in their surfing, the future looks bright for surfing at Hutchins.

We entered a largish team in the Tasmanian Schools Surfing Association Championships held at Clifton Beach. The College boys finished strongly in a very competitive field. The High school boys managed to get through the early rounds but the final spots were elusive. This competition gets larger each year and it is very difficult to get through the many heats, especially in the High School Divisions.

The West Coast Classic is the premier big-wave competition and year after year it provides quality waves. Alex Mirowski led the team on this annual pilgrimage to Mt Cameron Farm.

Day one of the WCC was held in excellent 1.5 to 2m off shore conditions. William Polglase and Nicholas Studley performed well in challenging conditions both advancing to round two. William advanced to the quarter finals. Cadets were held at Kelpies just south of Lighthouse Beach. There was some great surfing

from all surfers as quality waves poured through all day. Day two saw extremely challenging conditions develop and resulted in a change in venue to Nettley Beach. We enjoyed time developing the skills in large and challenging conditions. Dustin Watson was a stand out for his continued improvement.

Other strong improvers have been Cameron Brumby and Nelson Brown. Oscar Wyatt is also getting some great waves lately. I hope everyone gets a chance to hone their skills over the summer break and enjoy the beautiful beaches we have here in Tasmania. Safe surfing!

**Ken Kingston**  
Teacher in Charge

## Swimming

Thousands of training hours are undertaken every year by the state and national qualifying swimmers in local clubs, doing up to nine training sessions per week. They combine this sporting excellence, well organised school day and homework time with tonnes of school spirit to come together as the School team every February-March Swimming Carnival time. Hugh Nichols as Vice-captain was awarded the Most Improved Swimmer in Senior School and Lachlan Brumby was awarded the Most Improved Swimmer in Middle School.

Stephens House was victorious at the Senior School Swimming Carnival held at the Clarence Pool. The Middle School Swimming Carnival was held at the Hobart Aquatic Centre and Stephens House won again, making it two years in a row. Tremendous participation and house spirit were shown by all students at both events.

The Southern SATIS Carnival was held on 9 March at the Hobart Aquatic Centre and the SATIS Carnival in Launceston at the LCGS Pool on 29 March. Hutchins was led by Rory Middleton, our Captain of Swimming. At Launceston, Alec Guerzoni (Year 10) again dominated his U16 age group and also broke the SATIS U16 Backstroke record. Overall in placegetters, Hutchins notably came second in the Junior Boys, and second in the Aggregate Boys Trophy.

At the end of each year, we bid farewell to senior competitive swimmers who have long coached and trained younger swimmers, but in 2011 we also bid farewell and say best wishes to national swimmer and seasoned SATIS record breaker, Alec Guerzoni.

**U13:** Angus Lane, David Geary, Oskah Marshall, Nat Franklin and Michael Boulton

**U14:** Andrew Hudson, Christopher Boulton, James Schmidt, Lachlan Brumby, Jordan Foster and Henry Johnstone

**U15:** Rajat Rao, Jock Stalker, Benjamin Robinson, Oliver Jones and Anthony Krueger

**U16:** Alec Guerzoni, Cameron Brumby, Edward Burrows-Cheng, Thomas Avery and Maxim Devine

**Open:** Rory Middleton, Alexander Hay, Hugh Nichols, Andre Potsma and Bruno Almeida

**Alec Guerzoni, Wayne Brown, Hugh Nichols and Rory Middleton**

*The Hutchins Open Swimming team*

*Hugh Nichols, Vice-Captain and Rory Middleton, Captain of Swimming*

*Alec Guerzoni and Mr Wayne Brown at the SATIS Swimming Carnival*

*The Hutchins Swimming team*

## Tennis

### The Open Squad

The Open Squad, comprising 13 students from the first and two seconds teams, continued this year in a similar fashion to previous years. Training was held on a Tuesday afternoon with Mr Brad Trost and on Thursday morning with Mr Ray Harrison. Turn out to training was good despite the depleting light in the morning trainings. Games were played on Friday afternoons at various venues around Hobart. As demonstrated, there are numerous opportunities for students to develop their tennis skills and implement them into match play. Thanks must go to Mr Harrison and Mr Trost for giving us their time and poignant and personal advice as to how we could improve our game. Last but certainly not least, a huge thank you to Mr Crofts for his organisation and overseeing of Tennis at Hutchins. On behalf of all the students involved, thank you.

### Firsts

The Hutchins Firsts consisted of John (Jack) McMeniman, James Briant, Nicholas McVilly and Connor Jimmieson. Over the season Hutchins won three matches and lost two. With wet weather affecting other games, Hutchins scraped into the Southern Final against The Friends' School. However Friends', as in the roster game, proved too strong, Hutchins going down 6 rubbers to nil. The best performance was from Connor at line 4, losing a tight set 6-7.

### Seconds

Hutchins entered two teams in the SSATIS seconds roster. Both teams performed well and consisted of students from varying age groups from Years 7 to 12. Hutchins Black (2As) consisted of Mackenzie Clutterbuck, Mitchell Dance, Harrison Briant and Jesse Russell while Hutchins Magenta (2Bs) was made up of Matthew Allanby, Patrick Noonan, Samuel Newton, Benjamin Watkins and Jeremy Goddard. Both teams were strong in comparison to the other teams entered and met at the SSATIS final. The game was played

after school at Hutchins. Hutchins Black proved too strong, winning 4 rubbers to 2. Mackenzie and Mitchell set up the win with a sound game of doubles in the first rubber.

### Tennis Championship

Thirty-six students from Years 9-12 played in the Senior School Tennis Championship in Term 1. It was a knock-out competition with students playing first to five games and short-deuce. The final was between Mackenzie Clutterbuck and James Briant and it was a fantastic game to watch, with James winning 6-4. The Middle School Tennis champion was Harrison Briant who defeated James Crean in the final.

### Term 3 Twilight Pennant

Seven Hutchins teams entered the Friday evening competition across three divisions. Division 1 premiers were the Hutchins team of Connor Jimmieson, Harrison Briant, Benjamin Watkins, Jeremy Goddard, and Tarshi Hull. The final was washed out but their team was well ahead on the ladder.

The Year 8 team of Henry Johnstone, Zachary Vassallo, James Crean, William Smee, Riley Clutterbuck and William

Geason were Division 2 premiers. The Hutchins Year 7 team of Braidon Brooks, Eden Johnson, Alex Hickie, Alexander Pace, Theo Kessler and Declan Stevenson were the Division 3 premiers.

### Matthew Allanby Captain of Tennis

*Division 2 Tennis premiers*

*Hutchins Open Tennis Squad*

### Water Polo

Hutchins Water Polo had another fantastic year across all age groups with finals showings from the Year 9-10 team and finals victory in the Opens. The talent of Hutchins Water Polo players was displayed by the number of boys who achieved awards and their participation in the State Water Polo Competition.

The Year 7-8 Hutchins team showed good talent with a few members even making the State Water Polo Squad for their age group. Both teams had solid seasons after strong performances from Lachlan Paul, Benjamin Johnston, Henry Johnstone, Andrew Hudson, Lachlan Brumby and William Hay and coaching by Cameron Brumby. A special thanks to Mrs Smithies for looking after the boys.

The Year 9-10s also had a strong season. The two Year 9-10 Hutchins teams did well with one making the semi-final and the other coming close. This is an outstanding result with Hutchins looking to have a strong future under strong players such as Cameron Brumby, George White, William Sander, Sebastian Lopa and Edward Burrows-Cheng.

The Hutchins Firsts had a very strong start to the season winning the first four games. Unfortunately the team hit a bad patch of form with Andre Postma and Dylan Rowbottom suffering injuries resulting in the team only being able to win one of the last five games. Leading into the finals a lot of questions were asked about whether Hutchins was going to make the grand final for the first time in Hutchins Water Polo history. In the semi-final the team lifted to the occasion and were able to pull together our best game for the year, thanks to a best on field performance by Maxim Heerey. This resulted in the opportunity to play in the grand final against The Friends' School. In the first half it was very tight with Friends' going into the break with a one goal lead from a very good shot on the last second of the half. In the second half the boys came out firing with the team able to keep Friends' goal-less thanks to solid defence by William Polglase, Andre Postma and Dylan Rowbottom. With two

minutes remaining in the second half the scores were level but with a great play by the boys we were able to get Fletcher Caldwell into an open space and he made the Friends' defence pay by hitting a top corner shot to get us the lead. We were able to defend one last attack by Friends' which gave us the game, the final score being 4-3. Standout performances for the year were Andre

Postma, William Polglase and Fletcher Caldwell. Special thanks must go to Nathaniel Symons, Scott Wilson and Leighton Beer for giving up their time and experience to coach us for the year. Special thanks also to Mr McNamara for once again giving up his time in being team manager.

Thomas Young  
The Hutchins Junior School

The Alan Field Payne Scholarship  
Hugh Johnson  
The Hutchins School

The Hutchins School Scholarship  
Harshvardhan Makharia  
Scots College, Sydney

## The Graduation Roll 2011

Graduating with High Distinction  
Matthew Allanby  
Samuel Besley  
Daniel Bligh  
Andre Botha  
Frank Burridge  
Daniel Carr  
Allen Chen  
Thomas Dobie  
George Duckett  
Andrew Flett  
James Francis-Smith  
Charles Haward  
Eric Heinonen  
Gareth Hughes  
Zachariah Lieutier  
David Lord  
Emmanuel Marios  
Rory Middleton  
Nanak Narulla  
Constantine Patiniotis  
William Polglase  
Anton Roberts  
Callum Sinclair-Gibson  
David Titchen

George Vafakos  
Keiron Vavra  
Harrison Virs  
Ryan Ward  
Henry West  
Thomas Whitton  
Jackson Willows  
Isaac Woo  
William Wurf

Graduating with Distinction  
Bruno Almeida  
James Chew  
Alexander Kenworthy-Neale  
Sebastian Lopa  
Daniel McQuillan  
Wilson Mure  
Oliver Nelson  
Richard Sayers  
Bradley Tilbury
